WAGNER PARK FLOWERS

WAGNER PARK NURSERIES SIDNEY, OHIO

Jubilee Anniversary—Quarter Century

WENTY-FIVE YEARS OF MAKING FRIENDS! We're proud of our record. And we point to what we have done as assurance to our customers that we are going to continue in "well doing." For a quarter of a century we have been proving to flower lovers all over the Nation that Wagner plants are desirable—that they do give splendid results.

And, as a fitting celebration of our anniversary, we are making several changes in our offerings. We are guaranteeing safe delivery and full satisfaction, and agree to resupply many plants and flowers that fail to grow.

Too, we are paying the delivery cost on many things.

These new features of our distributing service will make Wagner Plants and Plantings even more preferable and desirable than ever before.

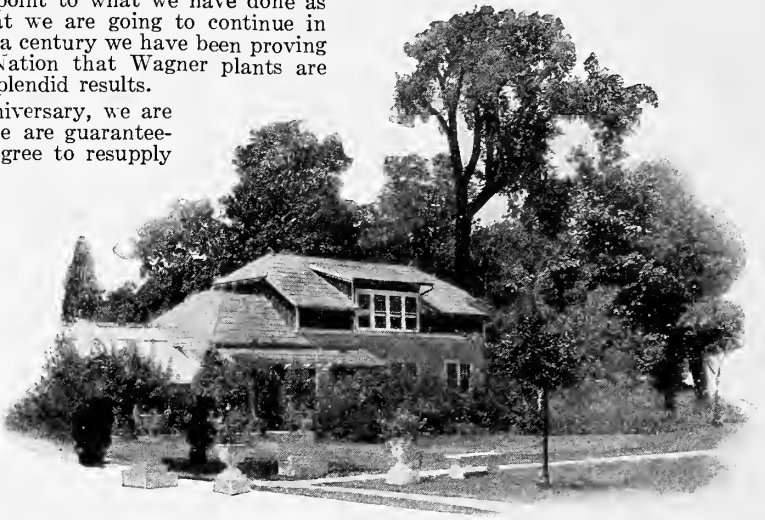

You'll find what you want in this catalog. It stands for the finest and most successful flowers and shrubs that have been developed. Let us have your orders early, so we can be sure of giving you prompt service and delivery at proper planting time.

THE WAGNER PARK NURSERY CO.
Sidney, Ohio, U. S. A.

FREE Delivery Service and Guarantee

JUBILEE FREE DELIVERY SERVICE. WE DELIVER FREE to any post office address in the U. S., all varieties of sizes marked and priced prepaid in this catalog. Whether you live in New York or California we guarantee safe arrival of our plants.

JUBILEE GUARANTEE. We guarantee safe arrival of all shipments of stock sent by Express or Parcel Post. We **AGREE TO RESUPPLY** any plants or trees which fail to grow within one year, from causes other than abuse or neglect, up to sizes valued at \$5.00 each. Specimens at higher (than \$5.00) values will be resupplied at one-half original price paid. **TWO RESTRICTIONS.** First, that should any

Office at Wagner Park Nurseries

shipment arrive in bad order we be notified immediately of such conditions. Second, that the full amount of original order has been paid before any replacements are made. Large sizes are expensive to handle owing to high labor costs and investment covering development, etc. We further guarantee that stock supplied shall be true to name and up to grade and quality ordered as per offerings in this catalog. We take all possible care, and it should be plain to everyone who gives the matter the slightest thought that it is to our best interest to send out only such stock as will not only grow, but prove true to name and produce satisfactory results. Any errors we may make are cheerfully rectified.

INFORMATION AND SUGGESTIONS

IMPORTANT—READ CAREFULLY

WHEN TO ORDER. As soon as this catalogue reaches you, send in your complete order with definite shipping instructions which we will follow as closely as possible. It is almost impossible during the rush of the planting season to fill an order on short notice without an injustice to others who have their orders previously hooked. We practice filling orders in rotation as received, in accordance however, with locality and suitable planting season. In making up your order please give the price or size to avoid delays and errors.

PARCEL POST. When found practical we ship by parcel post and deliver free all items listed "Prepaid" in this catalogue. The roots are wrapped in damp packing material so will carry to most distant states in good condition unless delayed or left exposed in transit, which seldom occurs. In ordering plants by mail please bear in mind that parcels are limited as to size and weight, and large sizes cannot always be sent by mail. Occasionally we find it necessary to express some orders that are wanted by parcel post or send by parcel post some wanted by express, but such change is made for good reasons, such as a saving to our customers in transportation cost, or because size of package will not warrant it. We must prepay all parcel post shipments so if anything is due us, we will send notice of the amount.

PLANTS BY EXPRESS. This is a most satisfactory method of transportation, as it enables us to give good values in the form of fine large stock and shipments usually receives good care in transit. We do not prepay express shipments, but send some extra plants to help defray charges. We can send larger plants, and if goods are miscarried they are more easily traced, and if damaged in transit it is easier to adjust any such damage as may have occurred. In case of any damaged stock notify us promptly, also notify the express agent immediately of the damage, as they, as carriers, are liable for any damage done while in transit. Let them also make notation of damage on your express receipt or bill so that no controversies arise later with claim department. We send you notice of shipment as soon as forwarded.

FREIGHT SHIPMENTS. This method of shipment is advised only with heavy and bulky stock. Our direct lines North, East, South and West, give us advantages over those who have only one railroad. In case of any damage to shipment while in transit handle as explained for express shipments.

CARE OF STOCK ON ARRIVAL. Promptly on arrival the trees or plants should be unpacked and planted, or else the roots should be protected from sun or air by covering with moist earth. If the ground is frozen outside, or the packing material in the cases frozen, store the original package in a cool, moist cellar or other place until the conditions are favorable for handling and planting. Care should be taken in choosing soil and environment to the end that success may reasonably follow your labors in planting.

PACKING. Every care is exercised in the packing of our stock for shipment. "Quality and Good Value First" is our policy, and we take every precaution to pack each shipment so that under the usual mail and express conditions, the stock will reach its destination in the same excellent condition as when packed.

PRICES. Unless otherwise noted are F. O. B. Nurseries, and includes boxing, haling or crated and delivered at transportation office in good condition. We make no extra charge for packing and we use the best packing materials obtainable.

SPECIAL NOTE. Write your name and shipping address plainly on the sheet containing your order to avoid mistakes and delays. Use separate sheet for your order if possible, and in every case give size or price of the article wanted. Often orders are received without any address which always causes much annoyance, delay and dissatisfaction.

ORDERS LESS THAN \$1.00 total should have 10c extra to help defray costs of handling, etc.

REMITTANCES. Remittances should be made by Postoffice Money Order, Registered Letter, Bank Draft, or Express Money Order. Our terms are cash, and remittance should accompany order unless satisfactory references are given. Send remittance with order to avoid delays. We assure you satisfaction.

We are members of the American Association of Nurserymen. Each shipment bears a certificate of inspection of our stock granted by Federal or State authorities.

Should you change your address we would esteem it a favor if you will notify us so we can forward catalogs as issued with regularity. Should you happen to receive two catalogs of same kind, please hand one to a friend who would be interested.

Wagner Roses

*Are Guaranteed to Grow
and Give Satisfaction*

The Rose is today as in years past, most dominant among flowers with the human race everywhere. Recognizing this appeal and demand, we have developed the rose as one of our leading specialties, our stock is of exceptional quality and of the best tried and true varieties. All Wagner Roses are grown under most favorable conditions, are full of vitality and are sure to please and give full satisfaction. One may use roses profitably anywhere, often in very restricted space, a necessity to every well planted grounds.

SPECIAL NOTE—PLEASE READ

We offer of most varieties only two sizes. Those listed in first size as one year are healthy, vigorous, well rooted plants propagated during the spring and early summer of last year, are unusually large and thrifty and will under ordinary conditions produce a surprising growth and display of bloom this year, especially the everblooming varieties, more than doubly compensating for the outlay.

Our two-year-old size are bushy plants with an abundant supply of roots. We refer by this to plants of age, vigor and sturdiness of growth to satisfy the most discriminate "Rose Lover." We have spared no expense or effort in their production which assures quick results and effects

Unsolicited Report of What "Wagner Own Root Roses" Will Do for You

Galesburg, Ill., Sept. 9.

The Wagner Park Nursery Co.,
Sidney, Ohio.

Gentlemen:

Last April I wrote you and made an awful kick on the roses I had just received from you because they seemed small.

Please let me withdraw that kick as I have had a continual round of blossoms from the first week they were planted to the present time and they are still going.

Everyone of your plants have had from five to thirty roses on them and some wonderful roses at that.

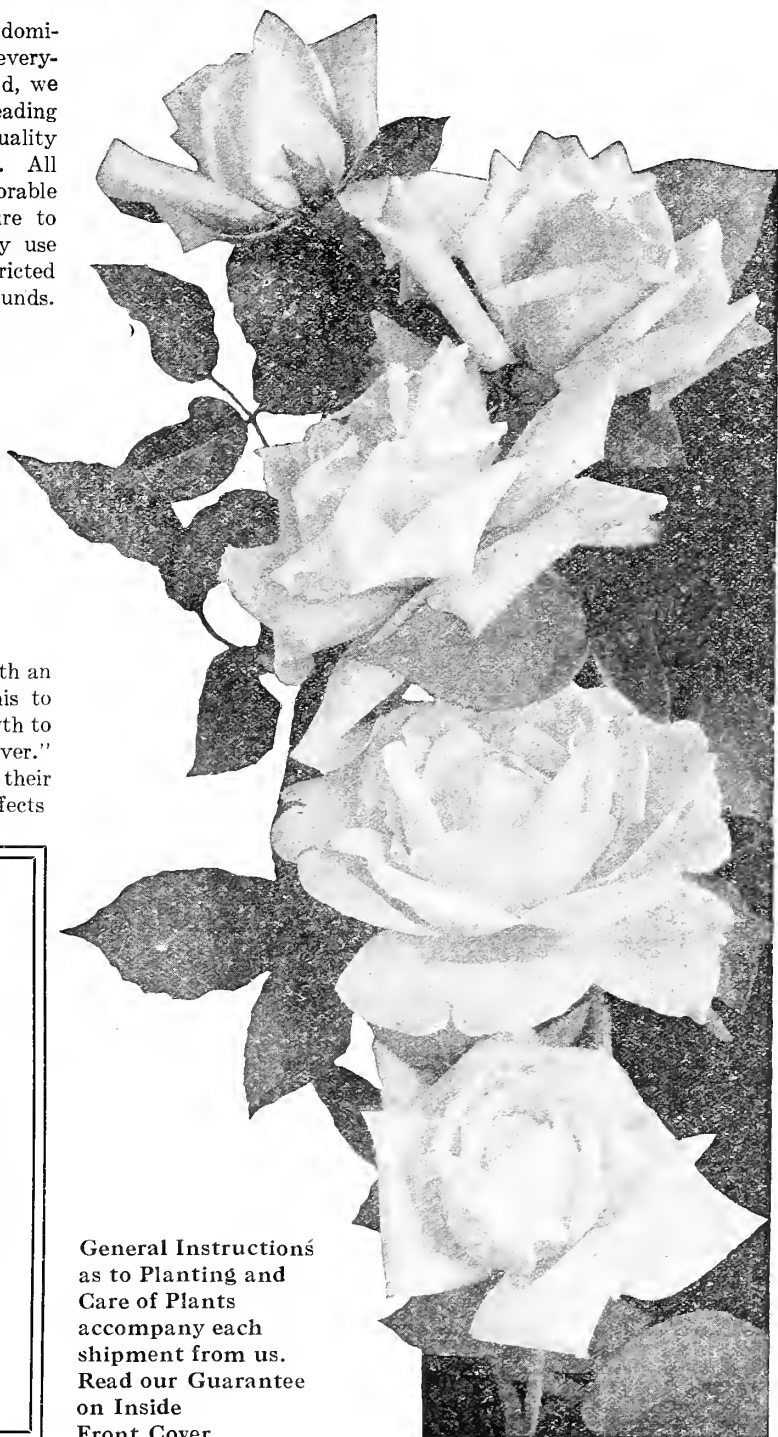

I might add that those nice large bushes I spoke of that I received from the other company has not had a single blossom on them.

Please keep me on your mailing list as I will want more of the Wagner Park flowers.

Yours very truly,

H. M. SWIGART.

P. S. The Mallow I received is a wonder.

Wagner Park Flowers

ROSES Grown on Own Roots **ROSES** Winter Rested Not Forced **ROSES** Guaranteed True to Name

Wagner Roses are classed and offered in such a manner as our years of experience has proven their worthiness and hardiness. Full reliance with our Guarantee, we hope is worthy of your consideration when ordering.

SUGGESTIONS FOR SUCCESSFUL ROSE CULTURE

SOIL—Any good garden soil will answer, but they thrive best in a soil consisting of considerable clay. If the soil is poor make a strenuous effort to improve it by incorporating well rotted manure if obtainable or a commercial fertilizer. We recommend our "Plant Marvel" offered on page 46. Use common sense in preparing the soil, as there is no need of excessive labor or expense. Many fine roses have been produced with only a moderate amount of preparation as might be given a crop of beans, cabbage, potatoes, etc. In planting your roses or any kind of plants be sure the soil is firmly pressed around and over the roots. Loose soil will not hold moisture and allows air spaces which might result in injury or check their growth. Water freely after planting to help settle the soil closely around the roots. A light mulch of straw around plants is beneficial if weather is hot and dry. Stir the soil frequently but not deep, or the roots will be disturbed. The stirring of the top soil brings moisture to the top of the ground, supplying it directly to the plants, especially when roots are not yet active or established.

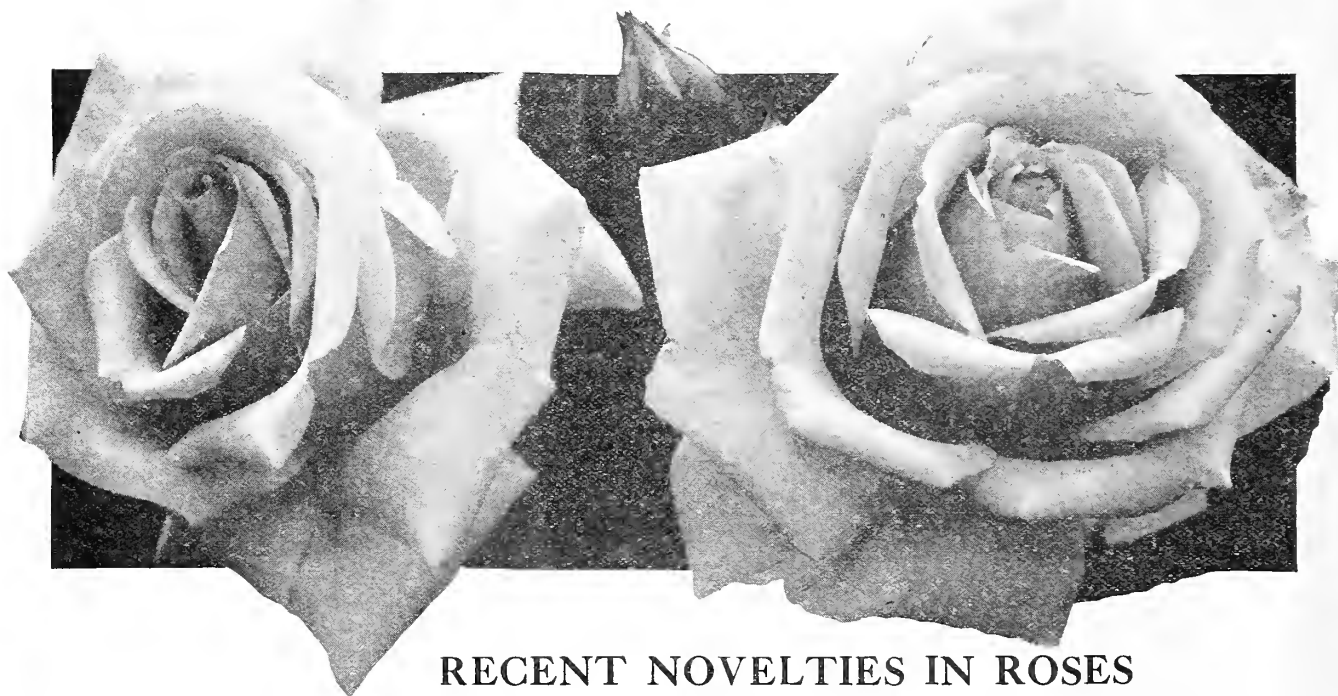

FERTILIZER—For a good crop of perfect roses considerable fertilizer should be used, which should consist of well decomposed manure, and cow manure is preferable. Allow no manure to come in direct contact with the roots when planting as this will result in injury by heating or otherwise affecting the roots. Use good top soil or loam next to roots for the best results, and pack this firmly, leaving no air spaces.

PRUNING—Pruning is advisable when first planted, and cut off

two-thirds of branches early every spring. Keep all dead wood cut out at all times and especially in spring when plants are starting new growth.

ENEMIES—When grown under favorable conditions, roses are not apt to be attacked by insect pests or other troubles as is the case if half starved and otherwise neglected. Our own experience shows that a weekly application of Bordeaux Arsenate of Lead Mixture, at the rate of eight ounces to five gallons of water, applied with a whisk broom, or any sprayer that will reach the under side of the foliage, beginning at the time that the plants have developed into active growth, and continued throughout the season, will keep them free of almost all insect pests, as well as fungus diseases, but if in spite of this spraying, mildew should affect the foliage, use Sulphide of Potassium at the rate of one-half ounce to one gallon of water. This is sometimes effective where the Bordeaux Mixture fails. It may be necessary to supplement this treatment with several applications of any tobacco solution, or tobacco dust, for greenfly or aphids, which may appear during the growing season.

WINTER PROTECTION—Do not cover your plants too soon; a nip of frost will not hurt them, but will help ripen and mature them. Such material as leaves, hay, straw or cedar boughs, corn fodder, etc., will afford excellent protection. In the spring, wait until the weather is settled before uncovering and do so gradually. To uncover all at one time would be exposing the covered plant to a severe and sudden change, frequently causing much damage and oftentimes killing the plant entirely.

RECENT NOVELTIES IN ROSES

COLUMBIA. A splendid, large, fully double Rose of very lasting qualities. It is a strong grower, almost thornless, with brilliant rose-pink flowers, sometimes lighter pink. A great prize-winner. It blooms freely and produces perfect blooms all season. First size, 1-year plants, 25c each; 5 for \$1.00 or 12 for \$2.00, PREPAID. Large, 2-year old plants, 90c each; 4 for \$3.00.

IDEAL. A striking new baby Rambler of the usual type as to shape, size and other class characteristics; but notable in its phenomenal quantity of bloom, and in the richness of its color. Its distinctive color shade being a rich garnet. First size, 1-year plants, 50c each; 5 for \$2.00 or 12 for \$4.00, PREPAID. Large, 2-year old plants, \$1.00 each; 5 for \$4.00.

ROSA HUGONIS. A remarkable and very valuable Rose brought from China. It is of shrub-like habit and naturally forms symmetrical bushes attaining a height of about 6 feet. Very valuable for planting in shrubby borders. Its delicate single yellow flowers are produced in long arching sprays in May. Perfectly hardy. Extra large, 2-year old plants, only \$1.50 each.

LOS ANGELES. A Rose of unusual beauty of coloring, being a luminous, flame-pink toned with coral and shaded with translucent gold at the base of the petals. The flowers are perfect in form and borne erect on strong, branching stems. Growth is vigorous. 1-year size, 40c each; 3 for \$1.00, PREPAID. Large, 2-year size, \$1.00 each.

MME. BUTTERFLY. Color is a harmony of pink, apricot, and gold. The flowers resemble Ophelia in form. This Rose is largely grown for cut-flowers and keeps well when cut. Fine for bedding, for if kept well cultivated and in good growing condition it will produce flowers almost continuously all summer and until frost. First size, 1-year plants, 25c each; 5 for \$1.00 or 12 for \$2.00, PREPAID. Large, 2-year old plants, 90c each; 4 for \$3.00.

Wagner Park Flowers

Ten Best Hardy Everblooming Roses FOR GENERAL PLANTING

From our years of experience we have selected the ten following varieties as best for general planting. Due consideration being given to hardiness, habit of growth, color, and freedom of bloom. In this list of ten kinds you will find the choicest of each of the different shades of color and only those of real merit. All possess the hardiness of the Hybrid Perpetual or June Rose and also the everblooming qualities, from this list of ten varieties. We have selected them especially for those of our clients who are not familiar with the large variety now offered. They are all popular kinds and sure to give satisfaction. Our efforts in selecting and suggesting these ten best varieties for general planting were well rewarded by the satisfaction our clients expressed through the results they obtained from the plantings ordered of us. Under ordinary conditions the one-year size will doubly repay you even the first year for the outlay.

GRUSS AN TEPLITZ. (Crimson Hermosa.) This grand Rose has proven one of the best and most valuable hardy crimson everblooming Roses for garden planting ever introduced. The color is dark, rich crimson, passing to velvety, fiery red, the very brightest colored Rose we know. Flowers large, full, and sweet; blooms constantly, throwing up fresh buds and flowers the whole growing season.

HERMOSA. A remarkable Rose, having the strength and style of the Hybrid Perpetual and the free-flowering qualities of the Tea. It would be a waste of words to write a lengthy description of Hermosa. The color is a most pleasing shade of pink, very fragrant. A grand Rose for bedding or pot culture.

JONKHEER J. L. MOCK. Like the rest of the Rose-growing world we are enthusiastic in praise of this famous Rose. The color is carmine on the outside, which contrasts beautifully with the lovely imperial pink of the inside of the flower as the petals unfold and curl, and the exquisite blooms are produced freely on stiff, erect stems. The flowers are very large, perfectly formed and highly perfumed.

KAISERIN AUGUSTA VICTORIA. An unsurpassed Rose of great beauty. This exquisite variety still retains its place as the foremost and best white Rose for general planting. It is perfectly hardy in all localities and produces continuously throughout the season glorious, fully double flowers with a delicious Magnolia-like fragrance. Color is a most delicate, creamy white.

LA FRANCE. This is probably the most popular Rose in cultivation. Both buds and flowers are of lovely form and grand size, exceedingly sweet; color peach-blossom pink, elegantly clouded with rosy flesh. Begins to bloom while very small, and continues blooming until stopped by freezing weather.

MAD. ABEL CHATENAY. This is a wonderful strong, healthy growing variety, with rich, bright foliage. A grand bedding Rose, as it is a profuse and continuous bloomer; flowers of good size, double, with slightly recurved petals; elegant buds; color rosy-carmine, shaded salmon.

MADAM CAROLINE TESTOUT. Probably no Rose stands higher in public estimation today. It is a wonderful Rose. The petals are large and of elegant form. Both flowers and buds are extra large; color is brilliant satiny rose, deepening in center to clear red. It is of excellent substance, keeps its color well and its splendid, large, globular flowers impress everyone with a sense of its superiority and great beauty.

OPHELIA. One of the most beautiful and popular of recent cut-flower favorites, with perfect flowers of distinct form, lavishly produced, emitting the exquisite perfume of the Richmond type; salmon-flesh shaded with rose. A wonderful blending.

PRESIDENT TAFT. This is undoubtedly the finest bedding Rose yet introduced. The flowers are double, very sweet-scented, and are of deep pink color. They are very showy and valuable for cutting. These plants are free from disease, which is another point claimed in its favor.

THE BURBANK ROSE. The color is described as cherry-crimson—it is, in other words, the very deepest and brightest pink Rose in cultivation. It is peculiarly adapted for both outdoor planting or for blooming in pots in the house during winter. It is a strong, vigorous grower, making well rounded, bushy plants. The Burbank can be planted anywhere and is without doubt the finest flowering Rose in cultivation. It commences to bloom when only a few inches high, and blooms throughout the season until stopped by freezing weather. The flowers are double and most pleasing in their rich beauty and delightful fragrance.

PRICES: All varieties on this page, first size, 1-year plants, 25c each; 6 for \$1.00 or 12 for \$1.50, PREPAID. Large 2-year old plants, 75c each; 5 for \$3.00 or 10 for \$5.00.

PLANT THEM FREELY, EVEN FIRST SIZE ONE-YEAR PLANTS WILL SURPRISE YOU IN GROWTH AND BLOSSOMS THE FIRST SEASON.

Wagner Park Flowers

Wagner Park Famous Cochet Roses

The real Rose Lover cannot afford to miss these particularly famous Cochet Roses. The four varieties we offer are not surpassed by any others in beauty of flowers and productiveness. They are constantly in bloom and are hardy in all localities, except the extreme North, where protection and mulching are necessary to bring them safely through some winters experienced.

MAMAN COCHET PINK. A deliciously sweet-scented Rose and a most vigorous grower. The flowers are superb and we consider it one of the choicest and most beautiful Rose grown. The buds are long and pointed and flowers are of enormous size, very full and double. The color is a rich pink, elegantly shaded with rose and crimson. An excellent bedding variety. Very free to bloom, even as a pot plant for the house.

MAMAN COCHET WHITE. A remarkably free blooming variety equal to Maman Cochet Pink in every particular. The blossoms are large, fully double, and a pure white in color. Very fragrant and should be included in every Rose collection.

MAMAN COCHET RED. An exceedingly beautiful and splendid Rose for general planting. Very vigorous, and healthy, throwing up strong shoots and producing great masses of beautiful blossoms, and this is continuous throughout the entire season. Flowers are fully double, and sweetly scented. Color a bright rose-red, elegantly shaded. A most valuable everblooming variety.

MAMAN COCHET YELLOW. (A. H. Gray.) An exceptional deep lemon yellow which intensifies as the blossoms develop. Much like the Maman Cochet Pink in habit and substance. Strong grower.

PRICES: These four Cochet varieties first size, 1-year plants, 25c each; 6 for \$1.00 or 12 for \$1.50, PREPAID. Large, 2-year old plants, 75c each; 5 for \$3.00 or 10 for \$5.00.

MAMAN COCHET BLOSSOMS

WAGNER TEA ROSES — For Southern and Pacific Coast States

This class of Roses is celebrated the world over for their delicious fragrance and the exquisite forms and rich, charming tints of their beautiful flowers. They are without question the most profuse of all, being in flower through the entire growing season; especially for the Southern and Pacific Coast States, although they may be planted in the Northern States but must be protected over winter.

ALEXANDER HILL GRAY. Color is deep lemon-yellow which intensifies as the blooms develop; flowers large, of great substance and perfect formation; it has a high-pointed center from which the petals gracefully reflex. We recommend it highly.

CLOTHILDE SOUPERT. Double, pearly white; center pink. This variety is always in bloom, making it desirable for pot culture.

DUCHESS DE BRABANT. A beautiful shell pink; very free flowering.

ETOILE DE LYON. This magnificent Tea Rose, south of the Ohio River, has proved to be perfectly hardy. Blooms in the greatest profusion and each bud is a gem. Flowers are very large, double full and deliciously fragrant. The color is a beautiful chrome-yellow, deepening at center to pure golden-yellow.

SOUV. DE PIERRE NOTTING. Color, orange-yellow, dashed and bordered soft carmine-rose.

MRS. B. R. CANT. Choicest red of this class. A healthy, vigorous grower, producing great masses of splendid Roses the whole growing season. Flowers are perfect double and deliciously sweet. Very free flowering. Color bright rose-red, elegantly shaded.

PRICES: Above six varieties Tea Roses. First size, 1-year plants, 25c each; 5 for \$1.00 or 12 for \$2.00, PREPAID. Large, 2-year old plants, 75c each; 3 for \$2.00 or 10 for \$6.00.

JUBILEE COLLECTION OF TEA ROSES

1 each of these six varieties, 1-year size, \$1.00, PREPAID.
1 each of these six varieties, large, 2-year size, \$4.00.

Additional List of Hybrid Tea Roses FOR OTHER VARIETIES SEE PAGE FIVE

All Hybrid Tea and Tea Roses we offer are grown on own roots, far superior to budded or grafted especially of this class. Even that they may appear smaller when you get them your disappointment will result in full satisfaction as our plants are strong, healthy and vigorous in all sizes and we stake our reputation upon their quality. For extensive or general planting we especially recommend the ten varieties listed on page 5.

CHAMPION OF THE WORLD. Bears great profusion of flowers of fine size; color lovely clear, deep pink. If you want a sturdy substantial, free-flowering Rose, plant a Champion of the World.

ETOILE DE FRANCE. The gold medal Rose of France — flowers very large and borne on good, long, stiff stems; color a lovely, shade of clear crimson-velvet; very fragrant and keeps well. In England where it has been tried extensively, has caused a sensation. Good grower, free bloomer, deliciously fragrant.

MRS. DE GRAW. Bright coral-pink; flowers are borne in clusters; very handsome; noted as a free and continuous bloomer; strongly resembles the Champion of the World.

MAD. SCHWALLER. Blooms in large clusters, large globular flowers; fine salmon rose, finely edged with violet carmine; highly perfumed; a strong, healthy grower; a grand variety.

RADIANCE. Color a brilliant rosy pink displaying beautiful opaline-pink tints in the open flower, very fine, full and double.

RED RADIANCE. A counterpart of Radiance except in color which is a clear cerise-red, a most valuable addition.

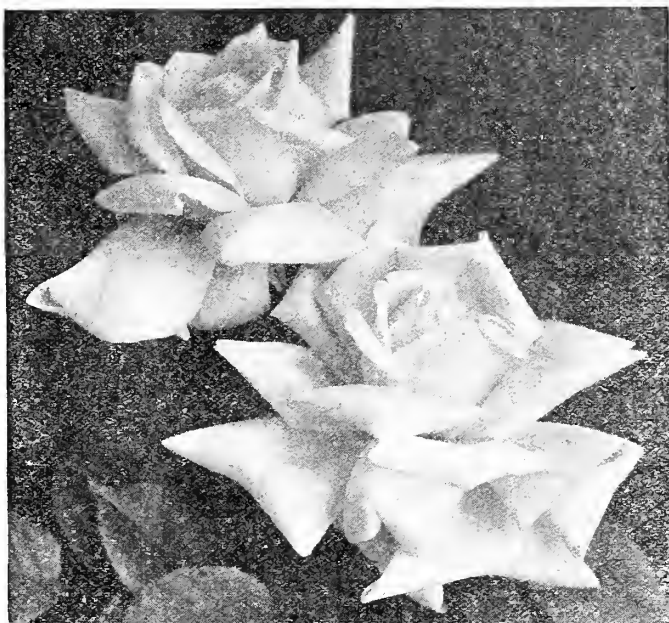

WELLESLEY. The color is a beautiful shade of pink, the outside of the petals being bright and clear, with a silvery reverse. It is a very vigorous, healthy grower, carrying the flowers on long, stiff stems, clothed with heavy dark green foliage.

WM. R. SMITH. Softly curled, waxen finished petals, creamy white, flesh pink tips, buff a thase.

PRICES: Above varieties. First size, 1-year plants, 25c each; 5 for \$1.00 or 12 for \$2.00, PREPAID. Large, 2-year old plants, 75c each; 3 for \$2.00.

SPECIAL JUBILEE OFFER

Above eight varieties, 1 of each variety, 1-year size, \$1.50, PREPAID. 3 of each variety, 1-year size, \$4.00, PREPAID.

Hardy Everblooming Dwarf Bedding Roses

Used extensively for edging beds of other roses. They are compact, bushy, and produce immense trusses of semi-double flowers from spring until frost in continuous succession.

ANNA MULLER. A beautiful, bright pink, in large clusters very free flowering.

CATHERINE ZEIMENT. A choice white flowering variety, good grower.

JEANNE D'ARC. Very free flowering. Flower trusses very large and a pure milk-white.

JESSIE. Brilliant crimson; deep, intense, showy, and a good grower.

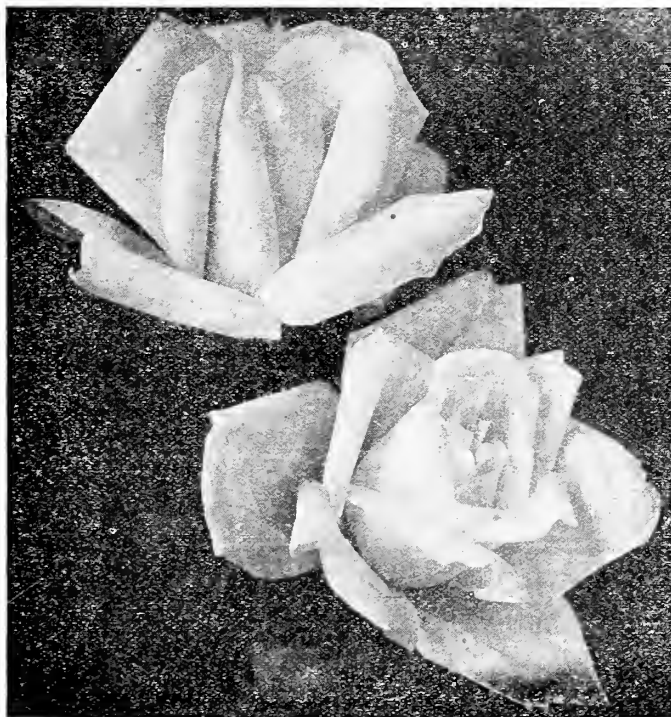

MRS. W. CUTBUSH. A new dwarf rose. Color light pink, yellowish center.

PRICES: Above five varieties. First size, 1-year plants, 20c each; 6 for \$1.00, PREPAID. 2-year old plants, 60c each; 10 for \$5.00.

JUBILEE COLLECTION BABY RAMBLER ROSES

1 each of the above five Roses, 1-year size, 75c, PREPAID.

3 of each variety, 1 year size, \$2.00, PREPAID.

Hybrid Perpetual Roses

A MOST DESIRABLE CLASS BECAUSE OF THEIR LARGE, SWEET,
BRILLIANT FLOWERS AND EXTREME HARDINESS

The best class to plant in the Northern States, owing to their extra hardiness. The branches are hard wooded like shrubs. They do not need protection, yet a good mulch for winter after the wood is well ripened will be beneficial. While they are called Perpetual, they are not all constant bloomers. We list only the choicest varieties, which are exceptionally free flowering, in two-year-old and extra large sizes. All are field grown, heavy, sturdy plants.

FRAU KARL DRUSCHKI. The regal "White American Beauty." The bloom of this rose is perfect in form, on fine long stems, of the purest possible white. There is nothing in the line of perfectly hardy roses that can compare with this one in form, color and general appearance. They commence blooming early, are conspicuous throughout the summer with their profuse, large flowers of waxy paper white, and yield their last blossoms in Autumn.

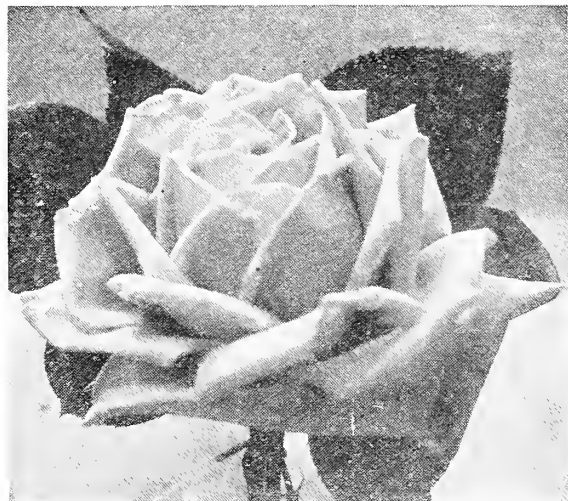

GENERAL JACQUEMINOT. Bright, shining crimson, rich and velvety; exceedingly brilliant and handsome; makes magnificent buds and flowers, and is highly esteemed as one of the most desirable roses.

J. B. CLARK. This splendid Rose is perfectly hardy, unusually robust growth, with clean, heavy foliage. Flowers are large and superbly constructed; deep scarlet overlaid crimson.

MADAME PLANTIER. The iron-clad white cemetery rose; bears hundreds of beautiful snowy-white, fragrant blossoms; very free flowering.

M. P. WILDER. One of the best hybrid perpetuals. The flowers are large and perfect form, making them very desirable for cut flowers. Color, bright cherry red, changing to carmine.

MAGNA CHARTA. A general favorite, prized on account of its strong, upright growth and bright, healthy foliage, as well as for its magnificent bloom. The color is beautiful bright pink, suffused with carmine. A profuse bloomer and very hardy.

MRS. JOHN LAING. A favorite sort, with satiny flowers of soft, clear pink, remarkably free and continuous bloomer. This variety has always been very popular, and is generally accepted as the best of the light pinks. It is exceedingly fragrant.

PAUL NEYRON. One of the finest hardy roses ever grown. It blooms almost unceasingly from June till frost, on long thornless stems, with immense, cup-shaped flowers, the largest of any rose grown. The color is a bright shining pink, clear and beautiful. Added to other qualities it is one of the hardiest, will do well even in Alaska.

PRINCE CAMILLE DE ROHAN. Very dark velvety crimson, changing to intense maroon. One of the deepest reds. Very hardy and highly satisfactory in every way.

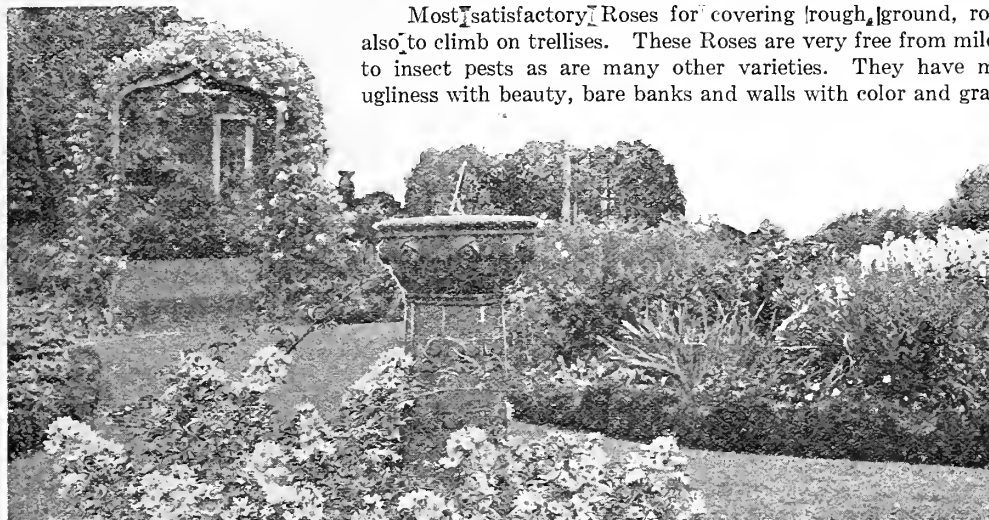

ULRICH BRUNNER. Splendid upright grower, with bright, healthy foliage. Flowers are large size and of fine full form, with well shaped petals. One of the most abundant bloomers; color, cherry red. Practically thornless stems.

PRICES: Above varieties. Large, 2-year old plants, 75c each; 3 for \$2.00 or 12 for \$7.50. Extra large, selected size, 90c each; 4 for \$3.00 or 12 for \$8.00.

Wichuraiana, or Memorial Roses

Most satisfactory Roses for covering rough ground, rocks, stumps or walls; also to climb on trellises. These Roses are very free from mildew and not so subject to insect pests as are many other varieties. They have manifold uses covering ugliness with beauty, bare banks and walls with color and grace.

Eight Varieties
Wichuraiana Roses

1 yr. plants, \$1.50
Above Prepaid
2 yr. plants, \$5.00

AVIATEUR BLERIOT. (New.) Exquisite buds of saffron yellow shaded apricot; opening to a lighter tone. Blooms in clusters, emitting very pleasing magnolia fragrance. Glossy foliage and good thrifty growth. First size, 1-year plants, 25c each; 5 for \$1.00, PREPAID. Large, 2-year plants, 70c each.

GARDENIA. Buds bright yellow, opening double flowers of a cream color; incurving towards evening to the shape and color of a Cape Jessamine, hence its name. First size, 1-year plants, 20c each; 6 for \$1.00, PREPAID. Large, 2-year old plants, 65c each; 3 for \$2.00.

DOCTOR VAN FLEET. One of the newer type of climbers which combines absolute bardiness with flowers large as in the Tea and Noisette class. This variety shows a mass of beautiful clustered buds, which open out into large, shapely flowers; delicate flesh white. An admirable cutting variety with stems 12 to 18 inches long. First size, 1-year plants, 25c each; 5 for \$1.00 or 12 for \$2.00, PREPAID. Large, 2-year old plants, 75c each; 3 for \$2.00.

HIAWATHA. There is no other rose so brilliant as the Hiawatha. It must be seen to be appreciated. Flowers are produced in long, pendulous sprays, frequently from 40 to 50 flowers on a spray. Color is brilliant, ruby-carmine, with a clear white eye and a mass of golden

stamens. First size, 1-year plants, 20c each; 6 for \$1.00 or 10 for \$1.50, PREPAID. Large, 2-year old plants, 75c each; 3 for \$2.00 or 10 for \$6.00.

MANDA'S TRIUMPH. The flowers are pure white and very double, produced in clusters literally covering the plant. First size, 1-year plants, 20c each; 6 for \$1.00, PREPAID. Large, 2-year old plants, 60c each.

MEMORIAL ROSE. Pure shining white with bright golden center; large single blossoms, glossy green leaves. First size, 1-year plants, 20c each; 6 for \$1.00, PREPAID. Large, 2-year old plants, 65c each; 3 for \$2.00.

SILVER MOON. The long buds are creamy white and open up to large single white flowers four inches in diameter, the center being a mass of bright yellow stamens; buds, open flowers and glossy foliage make a pleasing contrast. First size, 1-year plants, 25c each; 5 for \$1.00 or 12 for \$2.00, PREPAID. Large, 2-year old plants, 75c each; 3 for \$2.00.

UNIVERSAL FAVORITE. A vigorous grower; flowers double, of a beautiful rose color; very fragrant. First size, 1-year plants, 20c each; 6 for \$1.00 or 10 for \$1.50, PREPAID. Large, 2-year old plants, 80c each; 3 for \$2.00.

Everblooming Climbing Roses

ESPECIALLY DESIRABLE FOR SOUTHERN AND PACIFIC COAST STATES

This class of Climbing Roses make such a glorious display in the warmer sections of the country. They require protection in cold climates.

CLIMBING CECILE BRUNNER. Is a rampant climber; color, rich, rosy pink on a creamy white ground.

CLIMBING CLOTILDE SOUPRET. One of the very finest varieties, unequalled for quick and abundant bloom and healthy, vigorous growth. Flowers perfectly double; creamy white, sometimes tinted with blush.

CLIMBING CAROLINE TESTOUT. Combines all the good points of the popular and beautiful pink bush Rose.

CLIMBING PAUL NEYRON. Bright, satiny-rose changing to carnation-pink.

CLIMBING PINK MAMAN COCHET. A strong grower and an exact counterpart of the beautiful pink bush variety.

CLIMBING WHITE MAMAN COCHET. Here we have a climbing form that will become as popular as a climber as its parent, as a bush Rose. Grand, huge white flowers, tinged pink.

CLIMBING GRUSS AN TEPLITZ. A grand variety and very free bloomer. An exact counterpart of the bush Rose Gruss an Teplitz. Color velvety crimson.

CLIMBING KAISERIN. A strong rapid grower without a weak spot, growing to perfection in open ground. Small plants bloom continuously the first season.

MARECHAL NIEL. A superb climbing Rose, which for fragrance, beauty and size, is still without a rival; bright golden yellow.

MARY WASHINGTON. A pure white, constant flowering Rose; blooms in clusters.

REINE MARIE HENRIETTE. A rampant climber; fine, free bloomer; color a bright red; a first-class Rose in every respect, as the young plants flower freely the first season.

SOLFATERRE. Fine, clear sulphur-yellow; large, double, full and fragrant; an excellent Climbing Rose; valuable.

PRICES: All Everblooming Climbing Roses. First size, 1-year plants, 20c each; 6 for \$1.00 or 10 for \$1.50, PREPAID. Large, 2-year old plants, 85c each; 3 for \$2.00.

HARDY CLIMBING ROSES

Very few vines give such an abundance of blossoms as the Climbing Roses. Again there is nothing in cultivation more beautiful and attractive. Surround your house and veranda, cover your pergola, screens, and fences with these famous Climbing Roses. The stock we offer is choice and will give entire satisfaction.

Results from Wagner Climbing American Beauty. An Untouched Photo Showing Hundreds of Blossoms

CLIMBING AMERICAN BEAUTY. (See illustration.) This new climbing form of the famous Rose so long the American favorite, is as lovely and fragrant as the bush form. The hardy climber bloom with which it is crossed, gives healthy, perfect foliage and a strong climbing habit of growth; the abundant bloom being in prime before the June show of the bush type. First size, 1-year plants, 25c each; 6 for \$1.00 or 10 for \$1.50, PREPAID. 2-year old plants, 75c each; 3 for \$2.00; 12 for \$7.50.

AMERICAN PILLAR. One of the most favorable and attractive of the hardy climbers, flowering profusely in large compact clusters. Large single flowers of brilliant carmine rose with a slight cream variation and yellow stamens in center.

CRIMSON RAMBLER. The old popular Climbing Rose; clusters of the bright crimson, semi-double flowers.

DOROTHY PERKINS. A climbing Rose, which is of strong, vigorous growth and general habit, very closely approaches the popular Crimson Rambler; its flowers, which are borne in clusters, are of a beautiful shell pink, full, double, of great size for a Cluster Rose, and deliciously scented.

EXCELSA. A splendid Climbing Rose, remarkable in many ways but particularly in the brilliant fiery red or intense crimson-scarlet flowers, which are double and borne in trusses of thirty to forty flowers.

LADY GAY. A seedling of the popular Crimson Rambler, which it closely resembles in habit and vigor of growth, but with flowers of a delicate cherry-pink, fading to a soft tinted white.

PAULS SCARLET. A gleaming vivid scarlet color. Medium semi-double flowers, in clusters.

PINK RAMBLER. Pink flowers in clusters.

THOUSAND BEAUTIES. (Tausendschon). The most sensational climbing Rose. Imagine a luxuriant Rose literally covered with thousands of large double, beautiful, bright blossoms and of the most delicate shade of pink. The color might be described as white, delicately flushed with pink which changes to rosy carmine. The name is derived from the many colors and the great variation in color. Has but few thorns with magnificent foliage free from mildew and absolutely hardy in the open ground everywhere. This variety may also be grown in pots and forced into flowers as is done with many of the tender varieties.

VEILCHENBLAU. This is a much better Rose than some give it credit for. It opens a reddish-violet, quickly changing to violet-blue.

WHITE DOROTHY. A magnificent, pure white clustered Rose, with good strong virility and climbing habit, counterpart of the pink Dorothy Perkins. The vines are a sheet of white during their blooming period.

YELLOW RAMBLER. Yellow flowers in clusters.

JUBILEE COLLECTION

Hardy Climbing Roses. One each of these
12 choice varieties 1-year size.

\$2.00
PREPAID

PRICES:

All above varieties except where noted. First size, 1-year plants, 20c each; 6 for \$1.00 or 12 for \$2.00, PREPAID. Large 2-year old plants, 70c each; 4 for \$2.50; 12 for \$7.00.

RUGOSA AND BRIER ROSES

RUGOSA RUBRA. The Rugosa Rubra are especially suited for our Northern climate, owing to their extreme hardiness and sturdy growth. The foliage of these Roses is most beautiful being a shining, rich dark green and oddly wrinkled. The blossoms are usually single, but very large and showy, and followed in autumn with a profusion of beautiful orange-red or crimson fruits. Excellent for hedges or for planting among shrubbery or hardy borders. Large 2-year size, 60c; extra size, 75c each.

CONRAD MEYER. Clear, silvery pink color. Large 2-year size, 65c; extra size, 85c each.

NEW CENTURY. A magnificent rose, flowers large and perfectly double. Color, flesh-pink with bright red center, petals bordered creamy white. Large 2-year size, 75c; extra size, \$1.00 each.

SIR THOMAS LIPTON. Double white rose, beautiful in foliage. Large 2 year size, 75c; extra size, \$1.00 each.

PERSIAN YELLOW. (Austrian Briar.) Medium sized deep yellow double flowers, very hardy. Large 2-year size, 75c; extra size, \$1.00 each.

Wagner's Hardy Flowers

Hardy Flowers Make Most Interesting Gardens and Are Permanent

THE GARDEN OF HARDY FLOWERS is of gorgeous bloom from earliest spring until frost, glorified by its appropriate flowers from month to month, new things each day to delight you. Year after year this goes on and the garden increases in beauty and loveliness, practically without any expense other than the first cost. Hardy flowers require less care and attention, are more free from insects and disease, yet producing abundance of beautiful blossoms. Among the Hardy Flowers are found all the old-time favorites and some of the noblest plants that have been dear to our Grandmother's garden, famous in song and story — a fragrant memory of gay sweetness. Hardy Flowers even defy the "melancholy days," for the autumn perennials — the cheerful asters, the dainty Michaelmas Daisies, the many new varieties of Phlox of myriad pastel tints. Even after frost there are the gay Chrysanthemums, the "pompon" of Grandmother's day. Wagner Perennials are strong, splendid plants and include practically everything worth growing in the temperate zone. The vigor, the robust roots of Wagner-grown plants have advertised the merits of Wagner Nurseries in every part of the country. Our list comprises choice valuable varieties from which you can expect results and full satisfaction.

ABBREVIATIONS — Letters D., M., and T., immediately following the name of varieties indicate the height of the various kinds when fully matured, viz.: (D) indicates glowing heights from 6 to 18 inches; plant these varieties from 10 to 18 inches apart. (M) indicates height

from 18 to 36 inches; plant these varieties 18 to 30 inches apart. (T) indicates height from 36 to 60 inches; plant these varieties from 30 to 48 inches apart.

There is no set rule as to distance for planting the various varieties. That is a matter of taste, for some prefer heavy mass effects, requiring close planting, while more open effects require planting farther apart. We give the two extremes as to distance but one may deviate from this rule, planting closer or farther as desired.

MULCHING — While mulching plants for winter is very beneficial and with many varieties necessary, especially the first winter, many make the mistake of putting the mulch on too early before the plants are well ripened which frequently causes the green growth to decay and will sometimes rot the very crown and heart of plant life or growth. Again this early mulching frequently starts new growths owing to the heat of the mulch, which are killed when hard freezing sets in. For best success do not mulch heavily until the ground is thoroughly frozen when the covering or mulch will keep the soil at almost an even temperature throughout the entire winter and when removed in the spring the new growth will readily start fresh and vigorous, producing healthy, sturdy stalks and flowers. General instructions as to planting, care, etc., accompany each shipment for we are interested in the success of our plants; not merely the selling of the stock.

Wagner Park Flowers

Hardy Perennial Plants

SEE BOTTOM OF PAGE FOR PRICES EXCEPT WHERE OTHERWISE NOTED

ACHILLEA THE PEARL. (D) June to October. This is one of the most beautiful and useful perennials we grow. It is of a low spreading character with pure white flowers. Some are perfectly double, and produced in large sprays. Fine for cutting.

BOULE DE NEIGE. (Ball of Snow) (D) An improvement on The Pearl; the flowers are of more perfect form, with fuller centers, which makes it appear purer in color. A valuable plant for the hardy border and for cutting.

ANTHEMIS TINCTORIA. (Golden Marguerite) (M) June to September. Golden yellow, one to two inches; sun or shade; border planting and cutting.

ASTERS, HARDY (Michaelmas Daisies)

FELTHAM BLUE. (M) One of the most decorative free-flowering blue varieties.

NOVAE-ANGLIAE. (T) Bright violet-purple flowers.

NOVI-BELGI CLIMAX. (M) One of the best and showiest, with large pyramidal spikes of large light lavender-blue flowers; very free.

NOVI-BELGI WHITE CLIMAX. (M) A counterpart of above with white flowers.

NOVI-BELGI ST. EGWIN. (M) A pleasing rosy pink; very free blooming.

TATARICUS. (T) A distinct variety. Flowers bluish violet with large foliage; late flowering.

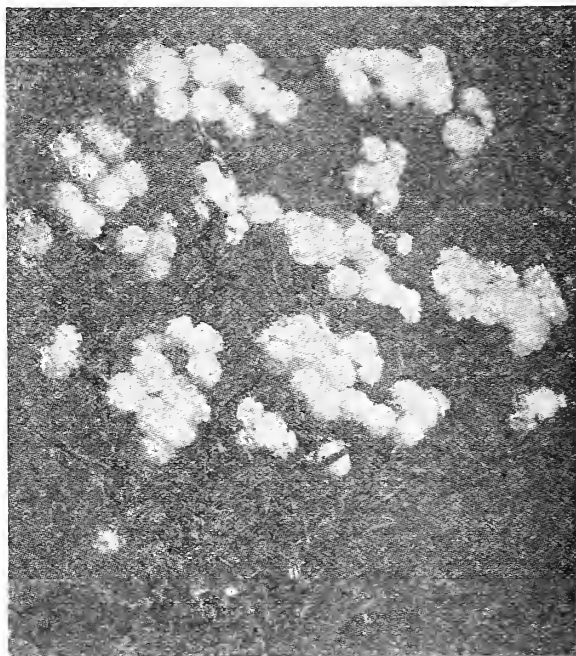

AEGOPØDIUM. (Goutweed.) **VARIEGATA.** A rapid growing plant, with neat green and yellow variegated foliage, thriving in any soil; fine for covering waste or barren spots.

ANCHUSA ITALICA. (M) June, July. Rapid growth. Deep blue flowers.

ANEMONES JAPANESE WIND FLOWER. These beautiful plants are one of the most desirable of all hardy plants on account of their continuation of bloom from early August until cut down by hard frost. All are excellent for cutting, lasting in good condition for many days. They can be used in solid beds or clumps in the hardy border.

JAPONICA ALBA. (D) Individual blossoms, very large; snow white. Very free flowering and useful for cutting. A choice variety.

QUEEN CHARLOTTE. (M) September. Silvery pink shade. Unusually fine. First size, 25c each; 5 for \$1.00 or 12 for \$2.00, PREPAID. Large size, 50c each; 5 for \$2.00 or 12 for \$4.00.

Achillea, The Pearl

Aquilegias

AQUILEGIAS Aquilegias or Columbines are extremely beautiful and a collection of them should be a feature in every garden.

CHRYSANTHA. (M) May to July. The beautiful golden-spurred "Columbine." Flowers golden yellow.

COERULEA. (M) May and June. Bright blue flowers.

NIVEA GRANDIFLORA. (M) A fine pure white sort.

HYBRIDS. (M) Long spurred, various colors, a fine mixture.

BAPTISIA AUSTRALIS. (M) Handsome, dark green, fern-like foliage. Flowers pea-shaped and bright blue. Baptisia withstands drought exceedingly well. Large size, 35c; clumps, 50c.

BOLTONIA ASTEROIDES. (T) One of the showiest of our native perennials, closely resembling and allied to the hardy Asters; flowers pure white; August and September.

LATISQUAMA. (T) Pink, slightly tinged with lavender; good foliage.

BELLIS (English Daisy.) **PERENNIS.** (D) A favorite nearly hardy perennial plant, in bloom from early spring until well on in the summer. The plants we offer are from the finest double varieties.

CAMPANULA (Bluebells) **CARPATICA.** (D) June. This forms neat, compact tufts, covered with large, blue flowers; useful as an edging, or border plant.

PERSICIFOLIA. (M) June, July. Blue salver-shaped flowers, on stems 1½ to 2 feet high.

CASSIA **MARILANDICA.** (American Senna.) July to August. Large panicles of bright yellow. Very distinct.

PRICES: All above varieties except where otherwise noted. First size plants, 20c each; 3 for 50c; 12 for \$1.50, PREPAID. Large size, 35c each; 3 for \$1.00 or 10 for \$2.50.

1 each above 24 varieties thrifty plants, \$3.50, PREPAID. Large size stock, \$6.00.

Hardy Chrysanthemums

Many are the lovely flowers that give a succession of beauty throughout the summer days, but when fall comes we have still the best in reserve, notably old-fashioned and really hardy Chrysanthemums. The flowers of these, which are in the greatest profusion, will endure the early frost and early snow storms, and delight us with a show of blooms on such

sunshiny days as we may be favored with in late fall. They occupied a place of honor in many an old-fashioned garden where the perennial border was the garden's crowning glory. We now have many new and improved varieties which will make a grand show either planted in clumps in the hardy flower bed or in groups among shrubbery. They are of the easiest culture and will grow in almost any soil. An occasional watering with liquid manure will be beneficial, giving more and better bloom. The hardy Chrysanthemum is especially recommended to inexperienced cultivators, for no class of flowers is easier to manage. Their blooming period is from August to November. Height 18 to 36 inches.

AUTUMN GLOW. Rosy crimson, shading both warm and bright.

ETNA. Very fine, large fully double flower. Color, old rose, with salmon-pink shading; a striking variety.

GLORY OF SEVEN OAKS. Dwarf; golden yellow; very free-flowering, early.

INDIA. Fiery red flowers, very distinct and showy. Medium size flowers but full to center.

JULIA. A dwarf grower producing large clusters of flowers of medium size, color, red and bronze with amber shadings, very free flowering.

L'ARGENTUILLAIS. Deep chestnut; medium height; early.

OCONTO. A Japanese variety. White, very large flower; strong rigid stem; early.

OLD HOMESTEAD. Very large full flower, very free to bloom. Color beautiful lilac-pink.

SUPERBA. Large, double, full flower, color, deep rose pink. A beautiful variety and very free flowering.

Grandmother's Hardy Garden Mums

These are the old-fashioned and reliable Chrysanthemums that were so highly prized in the garden corners and alongside the house of "grandmother's home."

We offer the White, Pink, Red and Yellow separate colors.

PRICES: All above varieties Hardy Chrysanthemums, first size plants, 15c each; 4 for 50c; 10 for \$1.00, PREPAID. Large size, 35c each; 3 for \$1.00; 10 for \$2.50.

NOTE: FOR LARGE FLOWERED VARIETIES see page 42.

COREOPSIS

LANCEOLATA GRANDIFLORA. (D) June, July. Another gem among hardy plants. It begins to flower early in June, its main crop of flowers coming during the latter part of that month, but continues in bloom more or less throughout the season. The flowers, which are of a golden yellow, are of a graceful form and invaluable for cutting purposes. This plant will take care of itself and succeed in any position.

PRICES: First size, field grown plants, 15c each; 4 for 50c or 10 for \$1.00, PREPAID. Large size, heavy plants, 30c each; 4 for \$1.00; 12 for \$2.50.

Wagner Park Flowers

Wagner's Delphiniums

As permanent subjects in the hardy flower garden, we have few plants more worthy of special attention than the Delphinium (Larkspurs). For producing a striking display over a long season, they are probably unique. For general effects in groups or beds they are extremely valuable as a whole, but one is easily carried away on closer inspection by the exquisite beauty of their flowers. Indeed they have many points of

excellence, any one of which alone should entitle them to popularity. But to appreciate their beauty one should see them growing, for it is almost impossible to convey anything like an adequate idea of their worth by mere description. The Delphinium of today is one of the most beautiful of all flowers. If flower stems, removed after finished blooming, will continue throwing up new growths and flowers throughout the season.

BELLADONNA. (M) Free and continuous blooming from the end of June until cut down by hard frost. The clear turquoise-blue of its flowers is not equalled for delicacy and beauty by any other. First size plants, 15c each; 4 for 50c; 10 for \$1.00, PREPAID. Large size, 25c each; 5 for \$1.00; 12 for \$2.00. Extra large, 35c each; 10 for \$3.00.

CHINESE. (Blue Butterfly) (D) A distinct and neat variety, growing about eighteen inches high with fine feathery foliage, and producing blossoms, of intense gentian-blue. First size plants, 15c each; 5 for 50c; 12 for \$1.00, PREPAID. Large size, 25c each; 5 for \$1.00 or 12 for \$2.00.

CHINESE ALBA. (D) The white-flowered form of the above. First size plants, 15c each; 5 for 50c; 12 for \$1.00, PREPAID. Large size, 25c each; 5 for \$1.00 or 12 for \$2.00.

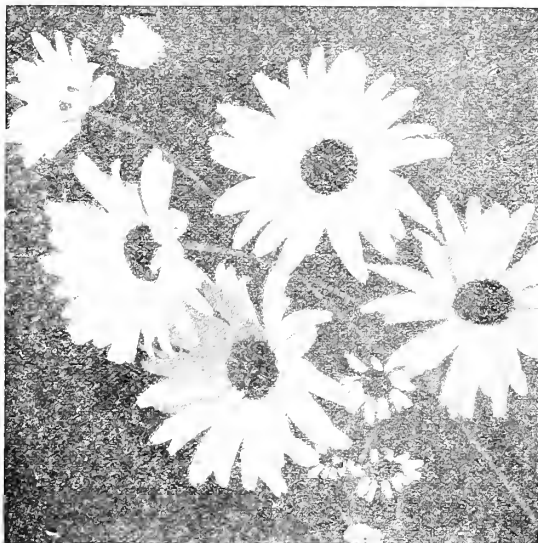

ENGLISH. (T) Our tall English Delphiniums are of the truest type as we import our seeds from the best and most famous specialists of England. This collection includes practically all shades of blue and are wonderfully attractive. First size plants, 15c each; 4 for 50c; 10 for \$1.00, PREPAID. Large size, 25c each; 5 for \$1.00; 12 for \$2.00, PREPAID. Extra large, 35c each; 10 for \$3.00. Heavy 3 to 4-year clumps, 50c to \$1.00 each.

ENGLISH GOLD MEDAL HYBRIDS. (T) This is an extra fine strain of large flowered hybrids. The plants are of strong, vigorous habit, with immense spikes of large flowers, mostly in fine shades of light blue. First size plants, 25c each; 5 for \$1.00; 12 for \$2.00, PREPAID. Large size, 35c each; 3 for \$1.00 or 12 for \$3.00, PREPAID. Extra large, 50c each; 5 for \$2.00; 12 for \$4.00. Heavy, 3 to 4-year clumps, 75c to \$1.50 each.

FORMOSUM. (M) June to Aug. The flowers are intense, deep blue, perhaps the most brilliant blue to be found in flowers freely produced on long spikes, and if the plants are cut back after flowering, they will bloom the second time in the fall. First size plants, 15c each; 4 for 50c; 10 for \$1.00, PREPAID. Large size, 25c each; 5 for \$1.00 or 12 for \$2.00, PREPAID. Extra large, 35c each; 10 for \$3.00.

3 each above 6 varieties (18) large size plants, \$4.00.

Wagner Grown Shasta Daisies

MAXIMUM-TRIUMPH. (D) These wonderful Daisies, of which a great deal has been written in the press, are universally popular for outdoor planting, and considering their many good qualities there is no cause for surprise to see them planted so extensively. The flowers are of the purest, glistening white, of enormous size and are borne on long, strong, stiff, wiry stems, about 2 feet in length. The flowers are produced in the greatest profusion, plants remaining in bloom for several months. They are perfectly hardy perennials, blooming better and more abundantly each season, and make a valuable addition to any list on account of the abundance of flowers and their wonderful size. For cutting, the flowers are unusually valuable. First size, 15c each; 4 for 50c; 10 for \$1.00, PREPAID. Large size, 25c each; 5 for \$1.00 or 12 for \$2.00, PREPAID. Extra large, 35c each; 4 for \$1.00 or 10 for \$2.00.

KING EDWARD VII. (D) This variety has the same desirable characteristics as the Maximum-Triumph, but comes into flower much earlier, thus ranks among the choicest of our early flowering perennials. Flowers are white with yellow centers on long stems, suitable for cutting. First size, 15c each; 4 for 50c; 10 for \$1.00, PREPAID. Large size, 25c each; 5 for \$1.00 or 12 for \$2.00, PREPAID. Extra large, 35c each; 4 for \$1.00 or 10 for \$2.00.

JUBILEE OFFER/DAISIES

5 each variety, first size, 10 plants, \$1.00, PREPAID.
5 each of extra large size plants, \$2.00.

Wagner Park Flowers

Hollyhocks Are Oldtime Favorites

“Hollyhock Path” Garden Lover?

Have You Ever Tried Them?

Nothing to do with the “primrose path,” but incidentally almost the prettiest sight in gardendom.

Yes, of course, Hollyhocks in colonies or in a formal line anywhere are always pretty. But a “Hollyhock Path” is beautiful, and if you have a chance to make one, don't miss it.

The stately line of rose and scarlet and faintly flushed salmon sentinels, brilliant and warm in the center and paling to tender tones of nothing-at-all at the ends — well, even your base “garden expert” gets out his enthusiasm for the Hollyhock Path.

The plants need not be set out with great exactness, but compactly; neither need color juxtaposition be considered, but firstly and lastly the plants themselves should be fine, strong, upstanding fellows. The following varieties have been especially grown for our clients and will give entire satisfaction.

DOUBLE HOLLYHOCKS. (T) Their flowers are large, fully double, handsome in form and lively shades of color. Double White, Pink, Crimson and Yellow, mixed colors.

SINGLE HOLLYHOCKS. (T) These handsome and showy plants are great favorites. Their unique growth gives them a welcome everywhere. Single, White, Pink, Crimson, mixed colors.

PRICES:

All Hollyhocks, first size plants, 15c each; 4 for 50c; 10 for \$1.00, PREPAID. Large size, 25c each; 5 for \$1.00 or 12 for \$2.00; 100 for \$12.50.

Wagner Park Mallows

Mallow Blossoms

These Mallows are considered as the most marvelous of all hardy plants. Their flowers are of enormous size, often measuring eight to ten inches across, and are gorgeous in color. They bloom in the greatest profusion from July to October, and when in flower are a sight to behold. The plants are as hardy as an oak, and will grow in most any soil or situation. Do not fail to include some of these in your order. We can highly recommend even the mixed colors.

Prices of Mallows

CRIMSON MALLOWS. Most beautiful and showy flowers of all. Nothing could be more gorgeous in color. Large plants, 75c; extra large, \$1.00.

RED AND ROSE SHADES. This lot includes all choice bright shades. Large size, 35c; \$3.50 per doz.; extra large, 50c each.

PINK MALLOWS. Most delicate shades of pink found among these. Large size, 25c each; 5 for \$1.00; 12 for \$2.00, PREPAID. Extra large, 35c each; 3 for \$1.00 or 10 for \$2.50.

WHITE MALLOWS. Center of blossoms a rich crimson, making a fine contrast. Large size, 35c; extra large, 50c.

CRIMSON MALLOW SEEDLINGS. These plants are grown from seed collected from the choicest crimson flowering plants, and most of these plants will prove to be beautiful crimson and red shades. First size plants, 15c each; 4 for 50c; 10 for \$1.00, PREPAID. Large size, 25c each; 5 for \$1.00 or 12 for \$2.00, PREPAID.

MALLOWS MIXED COLORS. This collection includes a great variety of colors from pure white and pink to red and scarlet shades. Every plant will bloom and give satisfaction. First size, 10c each; 6 for 50c or 15 for \$1.00, PREPAID. Large size, 20c each; 6 for \$1.00, PREPAID. Extra heavy clumps, 35c each; 4 for \$1.00 or 10 for \$2.00; 100 for \$15.00.

Hollyhocks

Wagner Park Flowers

Hardy Day Lilies (Hemerocallis)

One of the most beautiful and popular of our garden perennials. The foliage is narrow, and remarkably free from insect enemies. These plants are so hardy that they need no protection over winter, even in

the severest climates. They possess a constitution equal to that of Golden Glow. The flowers resemble the famous Easter Lilies. The blossoms are excellent for cutting, lasting a long while and the most backward buds will open in water.

The culture of these plants is very simple as they thrive in almost any kind of soil, but the most luxuriant growth and profusion of blossoms may be had when planted in a shady, moist location. Our stock of Hemerocallis is field grown and can be depended upon to be the truest grown. Certainly no perennial is more worthy of cultivation and none more satisfactory. For massing or planting in the hardy border with other varieties of plants or shrubs it is unrivaled.

APRICOT. (D) A splendid new hybrid. Flowers are a rich apricot shade.

DISTICHA FL. PL. (M) A late bloomer variety. Flowers are double, orange yellow shaded copper.

DUMORTIERI. (D) A dwarf growing variety and of the earliest to bloom. Flowers a rich candium yellow, reverse of petals bronzy orange.

FULVA. (M) A commonly known variety of easiest culture. Flowers bronzy orange color.

FLORHAM. (M) Splendid new large flowering sort; bright yellow flowers.

GOLD DUST. (D) Flowers bright Indian-yellow, buds and reverse of petals bronzy gold. One of the choicest varieties.

KWAMSO FLORE PLENO. (T) Foliage is broad and of good color. Blossoms on long, stiff stems and of orange-yellow color.

LUTEOLA. (M) The long-tubed half reflexed, bright yellow flowers are borne on tall branching stems, each flower very large.

LUTEA MAJOR. (M) Golden yellow flowers on very long stems. Very free flowering.

MIDDENDORFII. (M) A native of Siberia and Japan. Blossoms are golden yellow and are fragrant.

SIEBOLDI. (M) Earliest to bloom. Deep orange yellow.

THUNBERGII. (D) Blossoms are pure yellow and sweet scented and produced on long stems. Blooms freely.

PRICES: All varieties Day Lilies, first size, 15c each; 4 for 50c; 10 for \$1.00, PREPAID. Large size, 25c each; 5 for \$1.00; 12 for \$2.00; 100 for \$12.50. Extra heavy, 3-year clumps, 35c; 3 for \$1.00; 10 for \$2.50.

JUBILEE OFFER DAY LILIES

Plant them freely, are sure to give satisfaction.

1 Apricot; 1 Kwamso fl. pl.; 1 Middendorffii; 1 Fulva; 1 Luteola; 1 Sieboldi; 1 Lutea Major; 1 Disticha fl. pl.; 1 Thunbergii; 1 Florham; 1 Gold Dust; 1 Dumortieri. 12 PLANTS: One each, first size, \$1.00, PREPAID. Large size, \$2.00, PREPAID. Extra heavy clumps, \$3.00.

DIGITALIS GLOXINIAEFLORA. (M) July and August. This strain embraces a wide range of color, from pure white to deep pink.

FUNKIA Plantain Lily. The Plantain Lilies are among the easiest plants to manage. Their broad, massive foliage makes them attractive subjects for the border even when not in flower, and they deserve extensive cultivation. Height, 18 inches; flowering period, June to October.

COERULEA. (D) Their broad massive foliage makes them attractive subjects for the hardy border even when not in flower. Very desirable for shady locations. Blue flowers.

GLAUCA. (D) Large, glaucous-green foliage, lilac flowers.

PRICES: All above varieties except where otherwise noted. First size, 15c each; 4 for 50c; 10 for \$1.00, PREPAID. Large size, 25c each; 5 for \$1.00 or 12 for \$2.00.

A BED OF HARDY FERNS FOR ONLY \$5.00

Hardy Ferns are unusually desirable for shady places and rockeries.

8 Hardy Ostrich Plume Ferns, \$5.00	1/2 assortment, 10 Ferns... \$3.00
8 Hardy Lady Ferns, 5.00	1/4 assortment, 5 Ferns... 1.75
4 Hardy Osmunda Ferns, 5.00	Single plants, each... .50

These three Ferns represent three distinct types and will make a splendid combination.

Wagner Park Flowers

Hardy Ornamental Grasses

For ornamental purposes, such as hedging, planting in clumps to hide an unsightly object, or singly on the lawn, these grasses are strikingly original in effect and impart a degree of tropical brilliance to the landscape. The clumps enlarge in size yearly, each season's growth dying to the ground every winter, but is supplanted by newer, denser and more vigorous increase. In the fall the grass may be cut and utilized for the winter protection of tender plants and Roses. The plumes which these grasses produce are large and beautiful, having a feathery appearance, and are used for interior decoration. Absolutely hardy. All our plants are propagated from the root, and hence more valuable than seedlings, which do not come true.

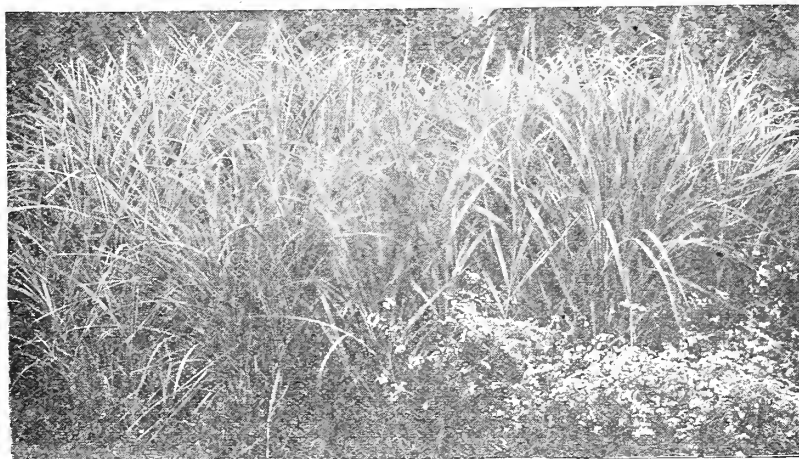

EULALIA GRACILLIMA. This grand variety of Eulalia forms handsome clumps 4 to 5 feet high, which are hardy in all parts of the country. The graceful narrow foliage is beautiful, shining green with midrib of silvery white.

JAPONICA. One of the most beautiful of the tall-growing grasses. Bright green foliage and unusually long plumes.

JAPONICA VARIEGATA. Standard old sort of distinctive value. Blades striped lengthwise in a handsome manner, being a combination of creamy white in the center with broad margin of bright green.

JAPONICA ZEBRINA. The leaf blades are deep green, striped crosswise with bars of white.

PHALARIS ARUNDINACEA VARIEGATA. (Ribbon Grass) An excellent variety, very desirable for bordering large beds of other ornamental grasses.

Eulalias

PRICES: All varieties Hardy Grasses. First size, 25c each; 5 for \$1.00; 12 for \$2.00, PREPAID. Large size, 35c; 3 for \$1.00; 10 for \$2.50. Extra heavy, 3 to 4-year clumps. 50c; \$5.00 per doz.; \$35.00 per 100.

GAILLARDIA GRANDIFLORA. (D) June to Oct. One of the showiest and most effective hardy plants. They will thrive in almost any soil or position, but respond freely to liberal feeding. The flowers are of gorgeous coloring and very large, from 2 to 3 inches in diameter, and are produced on long stems. The center is a dark red-brown, while the petals are variously marked with rings of brilliant scarlet crimson, orange, and vermillion, and often a combination of all these colors in one flower. It is excellent for cutting.

COMPACTA. (D) June to October. Various colors as above. Compact growing variety, making a most desirable edging plant.

GYPSOPHILA PANICULATA. (Baby's Breath) (D) A beautiful plant possessing a grace not found in any other perennial. Pure white flowers, forming a beautiful gauze-like appearance.

HELIPOSIS PITCHERIANA. (M) June to October. A desirable variety. The flowers are of a beautiful deep golden-yellow color, about two inches in diameter.

HELIANTHUS MAXIMILIAN. (T) September to November. A most graceful single flowering variety; the flowers are produced in long, graceful sprays, which make it invaluable for cutting purposes. The foliage is beautiful, and remains green until late frosts.

MOLLIS. (T) August, September. Single, lemon-yellow flowers.

RIGIDUS. (T) July to October. Single, golden-yellow flowers with dark centers.

IBERIS GIBALTARICA. (D) April to June. White flowers fine for edging.

LILY OF THE VALLEY. Convallari. Large, luxuriant foliage; flowers small, bell-shaped, in pretty racemes and very fragrant.

LYCHNIS CHALCEDONICA. (M) June to July. Bright crimson clusters of flowers. Excellent for cutting.

PRICES: All above varieties except where otherwise noted. First size, 15c each; 4 for 50c; 10 for \$1.00, PREPAID. Large size, 25c each; 5 for \$1.00; 12 for \$2.00; 100 for \$12.50.

Gaillardia Blossoms

Wagner Park Flowers

Wagner's Choice Named Iris

Plant Irises anywhere. They always respond with a showy mass of blossoms even when planted in low, wet and boggy places, or on margins of water pools and lakes, or on dry ground

The millionaire may enjoy his hothouse orchids, but nature has placed within the reach of everyone an absolutely hardy substitute, "The Iris." Mysterious as the opal with its ever-changing fire. More beautiful than the orchid so fragile as to be crushed by the slightest pressure. Irises are of low compact growth making them especially desirable for edging. We will be glad to help you demonstrate the added beauty they will give to your place.

A partial view of the Iris fields at Wagner Park Nurseries. These plants are just coming into flower. Can you imagine the great beauty of these Iris fields when in full bloom? The Iris is as delicate as the Orchid and in great variety of color. Note the size and beauty of the individual blossom. Plant Iris in masses and clumps of from five to a dozen or more to obtain best effects.

ATROPURPUREA. Deep purple, large and fine; one of the best for general planting.

AUREA. A beautiful species producing solid chrome yellow flowers with practically no markings; a good free bloomer and very hardy.

ALVELREA. Upright petals are light blue, falls brilliant purple.

BLACK PRINCE. Early; rich royal purple.

BRIDESMAID. (M) A soft lavender, falls penciled carmine; a wonderful blending.

CALIFORNIA. Fine bright sunflower yellow.

CALYPSO. Pale blue, veined white and pale lilac; a grand variety.

CELESTE. Celestial blue, changing to porcelain; most beautiful combination.

CYTHERA. Tall grower and fine flower. Stand petals lavender, falls purple, veined white.

CANARY BIRD. Stand petals bright yellow, falls deep yellow.

CANDICANS. Stand petals light lavender, falls reddish-purple.

DONNA MARIE. A most beautiful variety producing large pearly white flowers. The outer petals are shaded lilac. Fine for general planting, as it will harmonize with any other variety of plants.

DARIUS. A strong grower, stem often attaining a height of 2½ feet. Stand petals lemon-yellow, falls lilac, bleaching on edge.

DR. THEMENT. A deep rosy-purple with deeper veins.

EDITH COOK. A deep yellow, splashed with purple, very odd.

FAIRY. A very light lavender, almost white. One of the most showy and satisfactory for general planting.

FLAVESCENS. Light primrose yellow, very large, fine flowers; remarkably free-blooming.

FLORENTINA ALBA. (Orris Root) Flowers large and very fragrant; color white, tinged with blue, and of the earliest to come into bloom.

FRAGRANS. Stands white, edged blue, falls white, blue veined.

GERTRUDE. Beautiful violet-blue, solid color.

GLADSTONE. Erect petals white tinged violet, drooping petals deep violet, almost a solid color, white stripes at base of petals.

Wagner's Choice Named Iris

(CONTINUED)

GRACCHUS. Erect petals lemon, drooping petals pale yellow reticulated purple; dwarf, compact growing.
HERLEQUIN. An orchid-like flower, stands pearly-white with purple spots, falls heavy striped with deep purple.
HER MAJESTY. Pinkish violet and deep reddish violet with dark veinings.
HONORABILIS. Stands golden-yellow, falls crimson-brown.
JOHN DEWITT. Stands bluish-violet, falls deep violet-purple, a grand variety.
KHARPOT. Stands violet; falls velvety-violet-purple; very large, handsome flower.
MRS. DARWIN. Very fine, large pearly white, free flowering.
PALLIDA DALMATICA. Stands light lavender, falls lavender, shaded blue.
PALLIDA A. VICTOR. Very large, deep lavender, extra fine.
PALLIDA QUEEN OF MAY. Erect petals orange, falls rosy lilac, veined yellow.
PALLIDA SPECIOSA. Stands dark lavender, falls light purple.
PENELOPE. Upright petals nearly white, falls veined lively purple.
PLICAYA. Stand petals violet-purple, falls deep purple; very striking.
QUEEN OF THE GYPSIES. Center petals light brown, lower petals reddish purple and old gold.

REBECCA. Stand petals golden yellow, falls yellow and plum.
SAPHO. Tall grower, stand petals violet blue, falls rich purple. Early, fragrant.
STENEPHYLLA. Late bloomer, large flowers and orchid shape. Color deep blue with darker shadings.
SOUVENIR. Upright brilliant yellow, falls freely veined network of yellow, buff and maroon.
SPECTABILIS. Stands pale lavender, falls blue and old gold.
ULYSSE. Tall, gray tinged brown, fall petals purple, late.
VIRGILS. A light brownish blue, lower petals purple and gold.
WALNERI. Lilac center, lower petals purple.
WILLIAM III. General effect of this variety is a lavender pink, a color very rare among Iris.
MIXED COLORS. A variety of shades and colors. Strong roots, 50c per doz.; large size, \$1.00 per doz.; heavy clumps, \$2.00 per doz.

PRICES:

All above varieties of Iris. First size, 15c each; 5 for 50c; 12 for \$1.00, PREPAID; \$5.00 per 100. Large size, 25c each; 5 for \$1.00; 12 for \$2.00 or \$12.50 per 100.

OTHER DESIRABLE SPECIES

WAGNER'S SNOW WHITE IRIS GIGANTEA. Thick heavy dark green foliage and remains green all season. Large, pure snow-white blossoms having a waxy appearance. First size, 25c each; 5 for \$1.00; 12 for \$2.00, PREPAID. Large size, 35c; 3 for \$1.00; 10 for \$2.50.

ORCHID IRIS. (Pseudacorus). Rare and beautiful indeed is this variety. Flowers are pure yellow, a color rarely seen among Iris. First size, 50c each; 5 for \$2.00; 12 for \$4.00, PREPAID.

IRIS PUMILA. Rich royal purple. Earliest and dwarfest of all Iris. First size, 20c each; 3 for 50c; 10 for \$1.50, PREPAID.

SIBERICA. A very practical, showy and prolific type of comparatively dwarf habit; with narrow, grassy foliage and 2 to 3 foot stems; furnishing a prodigious amount of medium sized flowers during June. First size, 15c each; 5 for 50c; 12 for \$1.00, PREPAID. Large size, 25c each; 5 for \$1.00; 12 for \$2.00; 100 for \$12.50.

Japanese Iris

These are all choice named varieties, and true to description. The Japanese names being so complicated, we offer them in colors instead of their original names. We offer only strong field grown plants.

DARK BLUE. First size, 50c; large size, 75c each.

PURPLE. First size, 50c; large size, 75c each.

WHITE. First size, 50c; large size, 75c each.

Plant Iris Extensively, Always Gives Satisfaction

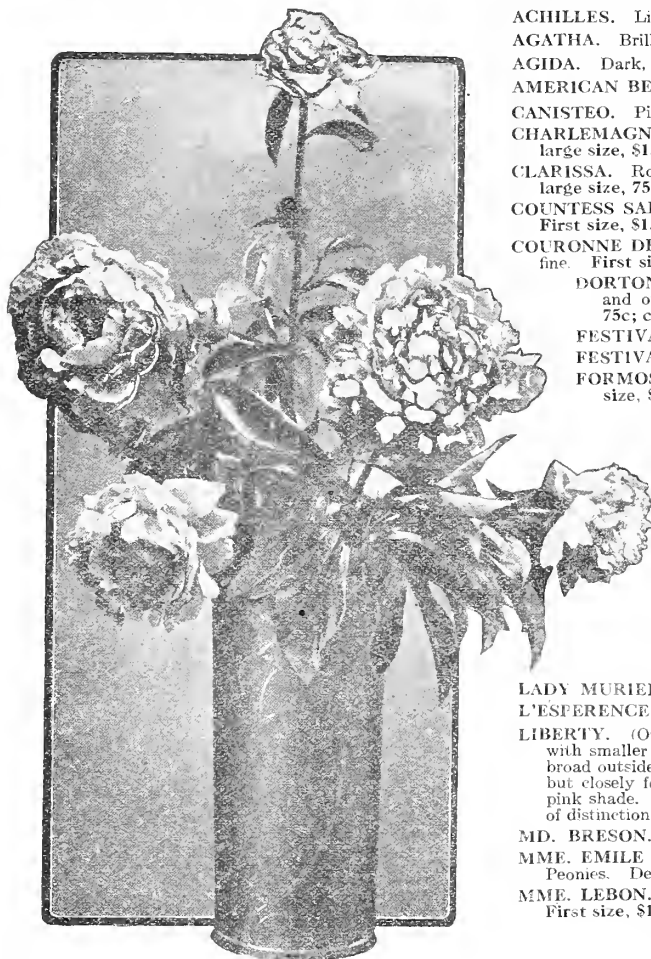

Wagner Park Flowers

Wagner's Double Peonies

Wagner Park Peonies are the most beautiful of all the Hardy Perennial plants, and should be in every garden, large or small, in bed borders, shrubberies or drives; in park, grass or woodland. They should, therefore, be planted near at hand for close enjoyment of their beauty, as well as in masses for distinct color effect.

ACHILLES. Light flesh pink. First size, 75c; large size, \$1.00; clumps, \$2.00.

AGATHA. Brilliant violet rose. Tall, very fine. First size, \$1.00.

AGIDA. Dark, rich red. First size, \$1.00.

AMERICAN BEAUTY. Deep pink. First size, 50c; large size, 75c; clumps, \$1.00.

CANISTEO. Pink guard petals, center delicate pink and cbamois, extra fine. \$2.00.

CHARLEMAGNE. Lilac white, slight blush centers. One of the best. First size, 75c; large size, \$1.25.

CLARISSA. Rose pink. One of the finest flowering varieties we grow. First size, 50c; large size, 75c; clumps, \$1.50.

COUNTESS SARAH. Rose washed with white petaloids, silver pink like Chrysanthemums. First size, \$1.00.

COURONNE DE OR. Snow white, yellow reflex. Very large stripes of carmine, extra fine. First size, \$1.00.

DORTON'S COROS. Beautiful bright pink, a showy and free flowering variety and of a solid color. A very satisfactory peony. First size, 50c; large size, 75c; clumps, \$1.50.

FESTIVA ALBA. Pure white, fine form. First size, 50c; large size, \$1.00.

FESTIVA MAXIMA. Largest white variety. First size, 50c; large size, \$1.00.

FORMOSA ROSEA. Guard petals light rose, petaloids of silvery rose. First size, \$1.00; large size, \$1.75.

GOLDEN HARVEST. Pale pink to peach blossom pink, white crown. First size, 75c; large size, \$1.25; clumps, \$2.50.

GRANDIFLORA SUPERBA. Dark pink center light rose. Very showy. First size, 75c; large size, \$1.25.

HERCARTIAN. Guard petals deep rose, with incurved petaloids of silvery rose. First size, 75c; large size, \$1.25.

HUMEI ROSEA. Enormous double pink flowers. First size, 50c; clumps, \$1.00.

LADY BRAMWELL. Silvery rose; a very delicate variety and will thrive in most ordinary garden soil. First size, 40c; large size, 75c; clumps, \$1.00.

P. LADY ELBROWER. Light pink, very full and sweet. First size, 50c; clumps, \$1.00.

LAMARTINE. Soft rose. Fragrant and free bloomer. First size, \$1.50.

LADY MURIEL. Pale pink, double. Beautiful variety. First size, \$2.00.

L'ESPERENCE. Rose pink, early, fragrant. First size, 50c; large size, \$1.00.

LIBERTY. (Our own introduction.) A variety of rather dwarf growth but compact habit with smaller foliage than most Peonies. The flowers are peculiarly formed having very broad outside petals which are of a delicate flesh pink color. The inner petals are narrow but closely formed and compact resembling a Chrysanthemum and of the same delicate pink shade. The variations in the width and shape of the petals make this variety one of distinction and merit. First size, \$1.50; clumps, \$3.00.

MD. BRESON. Flesh color, whitish yellow center. First size, 75c; clumps, \$1.50.

MME. EMILE CALLE. One of the most tall and handsome and really beautiful of all Peonies. Delicate sea-shell pink without shadings. Extra fine. First size, \$1.50.

MME. LEBON. Showy pink to aniline red. Very compact, strong growth, late flower. First size, \$1.00.

MARIE LEMOINE. Delicate flesh; a very free flowering variety and one that may be depended upon. First size, 50c; large size, \$1.00; clumps, \$2.00.

MARY ELIZABETH. Color fine blush white. Creamy white center. First size, \$1.75.

MEISSONIER. Medium size, bomb shape, developing a crown with age. Reddish-purple, uniform color, fragrant. Free bloomer, mid-season. First size, \$1.00; large size clumps, \$3.50.

ODORATA. Guard petals deep rose, rosette center of lighter shade. First size, \$1.25.

QUEEN ESTHER. Blush white. Chrysanthemum center. First size, 75c; clumps, \$1.50.

REEVESII. Rosy flesh with red blotch on center petals; good size; blooms freely; long stems. First size, \$1.50.

REINE DES FRANCOIS. Guard petals fleshy pink, petaloids creamy-white, with lavender tuff. First size, \$1.75.

ROSEA ELEGANS. Delicate rose. First size, 75c.

SINGLE RED. Very showy. First size, 75c; large size, \$1.00; clumps, \$2.00.

Our Three First Prize Peonies

These three varieties we consider the very best for general planting or cut flower purposes.

FIRST PRIZE PINK Beautiful pink, tips shading into silver shade; almost identical to a La France rose. Blossoms are extra large, long stems. First size, 50c, \$5.00 per doz.; large size, 75c, \$8.00 per doz.; extra heavy clumps, \$2.00.

FIRST PRIZE RED In color this variety resembles the American Beauty rose, but surpasses it on account of its larger size and profusion of blossoms. First size, 50c, \$5.00 per doz.; large size, 75c, \$8.00 per doz.; extra heavy clumps, \$2.00.

FIRST PRIZE WHITE Large pure white with a very few pink markings in the center. Fine for general cultivation. First size, 75c; large size, \$1.00; extra heavy clumps, \$3.00 each.

SPECIAL OFFER THREE PRIZE PEONIES, one of each color. First size, \$1.50; large size, \$2.00; extra heavy clumps, \$6.00.

Wagner's Hardy Phlox

Do not overlook these in your collection of plants. Certainly no perennial is more worthy of cultivation, more satisfactory in every situation or more effective either as individual plants or grouped in masses in the hardy borders. The plants begin to flower in early summer and the garden borders can be kept aflame with great flower cones from June until frost. Our small, thrifty plants will produce surprisingly good results.

BRIDESMAID. (M) Pure white, with large, crimson center; very free flowering.

CHAMPS FLYSEE. Rich, deep, purplish crimson dwarf habit. First size, 20c each; 3 for 50c; 12 for \$1.50, PREPAID. Large size, 35c each; 3 for \$1.00; 10 for \$3.00.

ECLAIREUR. (D) Flowers are large size and bright, violet-purple with carmine eye. One of the choicest varieties and of easy growth.

HEROINE. (M) A variety producing flowers of odd color which is a light violet-blue.

ISABEL DUPUY. (M) Rose, red center. One of the best pinks; very bright, excellent for backgrounds.

LOTHAIR. (M) A grand showy variety, producing bright red with carmine eye flowers in large trusses. First size, 20c; 3 for 50c; 12 for \$1.50, PREPAID. Large size, 35c each; 3 for \$1.00; 10 for \$3.00.

LA VAGUE. (D) Beautiful, bright pink, early flowering, of dwarf habit. Fine for solid beds. Unusually free flowering and we consider it one of the best for general planting.

L'ESPERENCE. (M) Lavender-pink, large white eye; one of the finest in our collection.

MISS LINGARD. (M) A grand variety beginning to flower in early spring and continues throughout the season. An excellent variety in every way and may be planted in solid beds among the hardy border plants, or used as an edging plant. Color, white with light lilac center.

MRS. JENKINS. (M) Absolutely snow-white. Medium sized flowers and truss. A very free bloomer.

PINK BEAUTY. (M) Very fine pale pink of enormous size. First size, 20c each; 3 for 50c, PREPAID. Large size, 35c each; 3 for \$1.00; 10 for \$3.00.

RHYMSTROM. Fine for massing. Color a beautiful deep rose pink, holding its color. First size, 20c each; 3 for 50c; 12 for \$1.50, PREPAID. Large size, 35c each; 3 for \$1.00; 10 for \$3.00.

RICHARD WALLACE. (M) An exceptionally good grower. Flowers white with large carmine eye.

SUNSET. (M) Beautiful deep pink, and will without doubt supersede all others of this color; excellent for massing or in solid beds.

WAGNER PARK EVERBLOOMING. Beautiful bright pink, one of the earliest to flower; if old flowers are kept cut off, it will bloom more or less the entire season. First size, 20c each; 3 for 50c; 12 for \$1.50, PREPAID. Large size, 35c each; 3 for \$1.00; 10 for \$3.00.

PRICES: All varieties Phlox except where otherwise noted. First size, 15c each; 4 for 50c; 10 for \$1.00, PREPAID. Large size, 30c each; 4 for \$1.00; 10 for \$2.00.

A Planting of Phlox Bridesmaid

WAGNER'S SPECIAL PHLOX No. 50. This collection of Phlox consists of a choice lot of seedlings selected for their superior quality, color and size of flower clusters. They surpass many of the named varieties in size of flowers and truss. Color ranges from delicate flesh to bright pink, reds and other beautiful shades.

PHLOX SUBULATA (Moss or Mountain Pink) (Creeping Phlox.) Early spring flowering with pretty moss-like evergreen foliage. Very dwarf and desirable for the rockery.

ALBA. Pure white variety.

ROSEA. Very free flowering; pinkish-purple, dark center.

JUBILEE OFFER PHLOX

3 ECLAIREUR RED.	
3 WAGNER PARK PINK,	

Other Choice Hardy Perennials

PAPAYER ORIENTALE. (M) (Poppy) Nothing can equal these in gorgeous effect. Rich, brilliant scarlet color.

ORIENTALE MIXED. (M) This is as fine an assortment as selected seed can produce. Being propagated from seed will vary in color, frequently a dozen shades from as many plants. Plant them freely in your hardy borders.

PARDANTHUS (Blackberry Lily) **Sinensis.** Lily-like flowers of bright orange during July and August, on 2½ feet high stems, followed in September with seeds which resemble blackberries; will grow and do well in any soil in a sunny location.

PERIWINKLE (Hardy Myrtle) For covering bare ground under trees where grass will not grow, or trailing rock work. It is indispensable. In spring it is covered with blue flowers. Perfectly hardy in all localities.

PHYSOSTEGIA Virginica. (M) An unique and attractive American plant that stands apart from all other hardy plants. For massing or planting with appropriate varieties in the hardy border or with shrubs it is unrivaled. It is perfectly hardy and possesses a constitution equal to that of Golden Glow. Flowers are produced in large, graceful spikes and are a bright, soft pink. Begins to bloom about the first of July and if kept cut, will flower more or less for about three months. Will succeed in most any kind of soil.

Speciosa Alba (M) Habit same as above, pure white flowers.

PINKS ABBOTTSFORD. (D) Rich carmine pink, large double flowers on long stems.

PINKS SINGLE. (D) A fine collection in various colors.

PRICES: All varieties Perennials listed above except where otherwise noted. First size, 15c each; 4 for 50c; 10 for \$1.00, PREPAID. Large size, 25c each; 5 for \$1.00; 12 for \$2.00; \$12.50 for 100.

Pyrethrum Hybridum

“Painted Daisies”

Too much cannot be said in favor of this grand hardy perennial. No class of plants give a wider range of colors, and the form and substance of the blossoms is all that could be desired. They are extremely showy, very hardy and easy to grow and also are little, if any, affected by weather conditions at any time. The blossoms are continually becoming more varied in color and more refined in shape. They are invaluable as a cut flower and for decoration owing to their long stems and excellent keeping qualities. Their main season of flowering is in June, but if the old flower stems are cut off they will usually flower again in the fall; in fact, a sprinkling of their beautiful flowers may be had all season.

Pyrethrums are of low, compact growth with lace-cut foliage of beautiful green and are excellent for edging, or for general planting, and in solid beds. The flowers resemble that of a Daisy in shape, are of large size, and the color ranges from pure white and the various shades of pink and red to deep purple. Be sure to try them. See bottom of page for prices.

PENTSTEMON BARBATUS TORREYI. (M) June to Sept. A very valuable late flowering variety with beautiful, bright red flowers; thrives also in partly shaded places. First size, 15c; large size, 25c; clumps, 35c.

PUBESCENS. (D) An unusual thrifty growing shrub bearing bright rosy purple flowers from June to August. Thrives in full shade or open sunny positions.

SMALLI. (D) June to August. A very hardy perennial of strong growth and thrives in almost any soil or situation. Especially desirable for shady places.

Pyrethrum Hybridum

Platycodon

PLATYCODON GRANDIFLORUM
(Japanese Bell Flower)

PRICES: All above varieties on this page. First size, 15c each; 4 for 50c; 10 for \$1.00, PREPAID. Large size, 25c each; 5 for \$1.00; 12 for \$2.00 or 100 for \$12.50.

The Platycodons are closely allied to the Campanula and form neat, branched bushes of upright habit, 2 to 2½ feet high, producing their attractive blue or white flowers from July to October, deservedly one of the most popular hardy plants. Blue and White.

Wagner Park Flowers

Perennials

RUDBECKIA LACINATA. GOLDEN GLOW. (T) Aug. and Sept. Large, double golden, yellow, Dahlia-like flowers.

NEWMANI. (D) Dark orange-yellow flowers, with deep purple center. July to Sept.

PURPUREA. (M) June to Oct. Entirely distinct from all other perennials—Is a peculiar formation as well as the color of flowers which are reddish purple with large cone shaped center in brown.

SEDUM SPECTABILIS. (D) In formal work it is indispensable as it grows compact and bushy. Flowers, rose colored and covered entire top of plant.

ACRE. (Golden Moss) Much used for covering graves and for the rockery; foliage green, flowers bright yellow.

TRITOMA PFITZERI. (D) Large attractive flowers on long stems. Color, rich orange scarlet.

HYBRIDA. (D) An exceptionally good grower with fine heavy foliage. Color, orange-scarlet.

VALERIANA ALBA. (M) (Garden Heliotrope) Produces showy heads of white flowers during June and July, with delicious, strong heliotrope odor.

COCCINEA. (M) Showy heads of old-rose flowers. June to October.

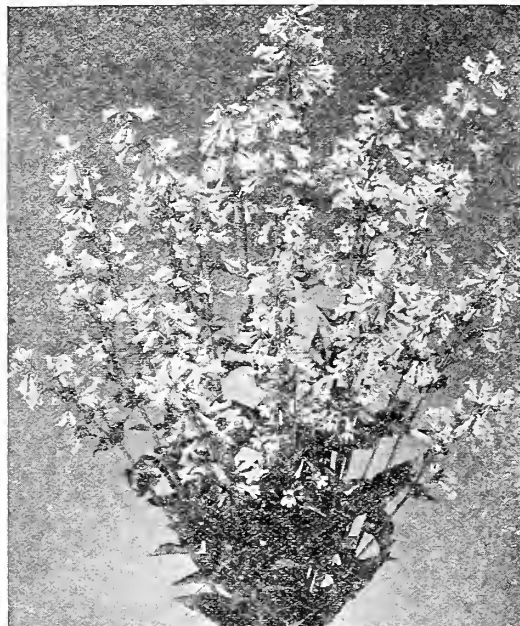

VERONICA SPICATA. Blue flowers are always sought after among perennial plants and there are comparatively few of them. It forms a compact bush about 2 feet high, which is studded with spikes of flowers about a foot long from July to October.

LONGIFOLIA SUBSESSILIS. (D) (Blue Bird Flower) A border plant with attractive foliage of distinct character. Flowers are borne abundantly during July and August, in long, compact spikes. Deep indigo blue.

MARITIMA. (D) Long spikes of blue flowers from July to Sept.

VIOLET LA FRANCE. Single flowers, light purple. Good for shady places.

PRICES: All above varieties except where otherwise noted. First size, 15c each; 4 for 50c; 10 for \$1.00, PREPAID. Large size, 35c each; 3 for \$1.00; 10 for \$3.00.

Pentstemon

YUCCAS

Hardy Flowering Evergreen Plants of Great Beauty

The YUCCA PLANT is so unusual and so strikingly effective, either when planted alone or in combination with other evergreens that it attracts attention on the smallest lawn, and is worthy of large space in the more pretentious grounds.

The rich, green foliage grows in thick clumps of long, slender, graceful evergreen leaves. When planted in good soil the flower stalks grow tall and each stem frequently bearing from 50 to 200 big, creamy white, bell-like blossoms. Bearing in mind that an individual blossom often measures 2 inches, one can picture the rare effectiveness of large clusters of these.

YUCCAS are particularly desirable on account of their hardiness and their ability to grow in poor, scanty soil, on terraces, or among rocks—any place, in fact, where there is just enough earth for their roots to take hold. All in all, the Yucca is one of the most satisfactory plants, and we recommend it heartily for giving year-round beauty to any lawn.

PRICES OF OUR YUCCAS IN THE VARIOUS SIZES WE CAN SUPPLY

PRICES OF YUCCAS First size, 15c each; 4 for 50c; 10 for \$1.00, PREPAID. Large size, 25c each; 5 for \$1.00; 12 for \$2.00; 100 for \$12.50. Extra heavy 3-year clumps, 35c each; 3 for \$1.00; 10 for \$3.00; 100 for \$25.00.

Don't fail to plant a clump of two, three or more. Are very effective.

Yuccas

Wagner Park Flowers

Happily the charm of color is not wholly claimed by the gay gamut of flowers. The very fine collection of evergreen, deciduous, and flowering shrubs at Wagner Park nurseries offers endless opportunity for producing beautiful effects practically the year 'round. A mass of common bush Holly (*Mahonia Aquifolia*) to select a very simple example, will put warmth and cheer into the grayest November day, while the brilliance of tone and the handsome, glossy foliage of a Barberry hedge under December skies will make us forget "the joys of June." We should like to be able to devise for every nature-lover a "shrub-itinerary," so to say, with a special eye to exposure, climate, etc., we do this indeed, when clients consult us.

Through the hot, dry period of summer, the coolness and rest of a fine shrub plantation is indescribably refreshing. The cultural requirements of ordinary shrubs are very simple. "Success with Shrubs," when the plants are vigorous Wagner Park stock, is easy, pleasurable, and sure. All Wagner Park Shrubs have been transplanted and are in robust health and condition.

Shrubs always have hard wood like the branches of a tree, and this wood does not die during the winter, except in a few of the more tender varieties, which branches should be cut off as soon as the live branches begin to sprout in the spring.

ABBREVIATIONS AND PLANTING INSTRUCTIONS. (I) (II) (III) immediately following the name of each variety indicate the height of plants when fully matured. (I) indicates varieties growing from 1 to 3 feet; plant from 1½ to 3 feet apart. (II) indicates height from 3 to 8 feet; plant these varieties from 3 to 5 feet apart. (III) indicates height from 8 to 12 feet; plant from 5 to 8 feet apart. There are no set rules as to distance for planting as some prefer heavy mass effect which require close planting, while more open effects require planting farther apart. We have given both extremes, yet one need not follow these exactly.

NOTE. We do not give height of shrubs listed at the various prices as in most cases, this is of secondary importance. The most essential is to have plants with good roots, and natural development. Height can be attained by close planting, but tall, spindly plants have no value compared with those of less height, but reasonably bushy tops. You are assured of good values through our guarantee of satisfaction.

PRUNING SHRUBS. In pruning shrubs they should be allowed to take their natural perfect form, and when branches become old and weak they should be cut away from the outside, thus thinning out and allowing the new shoots to grow and take their place. The practice of shearing the ends of branches only without thinning out any of the inside branches cannot be too severely condemned, for it not only gives them an unnatural form in which there is little or no beauty, but also causes an increase in the number of small imperfect shoots on the ends of the branches, and resulting in a very imperfect growth that produces very few flowers. Pruning should be done right after the flowering season, especially with the early flowering sorts such as the Lilac (*Syringas*), Snowball (*Viburnum*), Cydonias, Forsythia, (Golden Bell), etc. Varieties that flower on the new growth as Altheas, Hydrangeas, etc., are best pruned in the spring before new growth starts, this will insure good strong branches and large flowers. Dead branches and irregular or straggly growth may be cut away any time.

GENERAL INSTRUCTIONS AS TO PLANTING, CARE, ETC., ACCOMPANY EACH SHIPMENT

SPECIAL SHRUB OFFER—20 PLANTS \$5.00 FREE IF DESIRED, WILL FURNISH PLAN SHOWING VARIOUS ARRANGEMENTS FOR PLANTING THIS COLLECTION

As an example of the superb values offered by the Wagner Park Nurseries, nothing could be more convincing than a collection of choice hardy flowering shrubs that will make a beautiful setting for your home for years to come. These are especially suitable for foundation planting, for grouping, or a border planting.

Of Extra Large Size Plants,	10.00

ALTHEA. (*Hibiscus* or *Rose of Sharon*) (III) Well known to all. These handsome, late, summer flowering shrubs are highly decorative and particularly effective, coming into bloom when few shrubs are in flower. They make a steady growth and flower profusely every fall. As a hedge plant they are extremely valuable. The mixed colors will give a variety of color.

BICOLOR HYBRIDUS. Double white; fine late flower.

BOULE DE FEU. Large, violet-red flowers.

ELEGANTISSIMA PLENA. Double white, shaded with rose.

GRANDIFLORA. A very fine dark red variety.

JEANNE D'ARC. Double pure white; one of the finest.

LADY STANLEY. Double blush-white flowers; one of the best.

PULCHERRIMA. Double white, shaded to pink.

SPECIOSA PLENA. Fleshy-white.

MIXED COLORS. Altheas make a most beautiful hedge. Their flowers are large and their freedom to bloom, time of flowering, etc., render them most valuable. A hedge or planting of mixed colors is indeed a grand sight. First size, 20c each; 3 for 50c; 12 for \$1.50 or 100 for \$10.00, PREPAID. Large size, 30c each; 4 for \$1.00; 10 for \$2.00 or \$15.00 per 100. Extra large size, 40c; 3 for \$1.00; 10 for \$3.00.

PRICES: All above varieties except where otherwise noted. First size, 20c each; 5 for \$1.00; 12 for \$2.00, PREPAID. Large size, 35c each; 3 for \$1.00; 10 for \$3.00. Extra large size, 50c each; 5 for \$2.00; 12 for \$4.00.

Hardy Flowering Shrubs

(CONTINUED)

ABELIA GRANDIFLORA. (Bush Arbutus) Magnificent flowering shrub of unusual beauty. The exquisite white flowers, faintly flushed with pink, almost cover the bush all summer. Large size, 75c. Extra large, \$1.00.

ALMOND PINK FLOWERING. (II) May. Beautiful pink and very desirable. First size, 75c. Large size, \$1.00. Extra large, \$1.50 each.

WHITE FLOWERING. (II) May. Very desirable, pure white. First size, 75c. Large size, \$1.00. Extra large, \$1.50 each.

AMORPHA FRAGRANS. (I) A large, spreading bush with pinnate leaves and slender spikes of deep purple flowers; blooms in June.

BERBERIS THUNBERGII. (Japanese shrub) (I) Not only an invaluable shrub where a low, compact hedge is wanted, but fits in admirably with other shrubs in every planting. Has handsome foliage of tiny bright green oval leaves, then turns most brilliant shades of orange and red in the fall. The slender, graceful branches are thickly lined with scarlet berries throughout the early winter. First size, 20c each; 6 for \$1.00; \$15.00 per 100, PREPAID. Large size, 30c each; 4 for \$1.00; 10 for \$2.00; 100 for \$17.50. Extra large size, 50c each; 5 for \$2.00; 12 for \$4.00; 100 for \$30.00.

BUDDLEIA VARIBILIS. (II) (Summer Lilac) (Butterfly Bush) This shrub of comparative recent introduction has grown into favor almost immediately. It is a semi-herbaceous plant, by which we mean in some latitudes it will die down to the ground; and while perfectly hardy we recommend covering the roots with manure, leaves or other material as winter approaches, as it will help to produce a heavy growth the next season. Blooms the first season, usually from June until frost; the blossoms are borne on long, graceful stems, which terminate in tapering panicles of lilac-colored flowers that are of miniature size, the flower head is frequently ten inches long. First size, 25c each; 5 for \$1.00; 12 for \$2.00; PREPAID. Large size, 35c each; 3 for \$1.00 or 10 for \$3.00. Extra large size, 50c each; 5 for \$2.00; 12 for \$4.00.

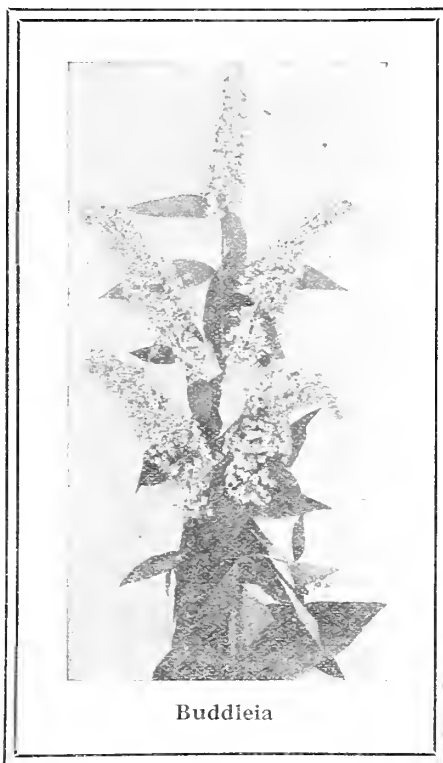

CARYOPTERIS MASTACANSPUS. (Blue Spirea) (I) September. Fragrant blue Verbena-like flowers.

CALYCANTHUS FLORIDUS (II) Double chocolate colored flowers.

CORNUS (Dogwood) The name Dogwood first brings to mind the White Dogwood (Cornus Florida), with its large, butterfly-like blossoms in May. Species here described are shrubs of decided value in decorative planting, those with red bark filling a place occupied by no other.

ALTERNIFOLIA. (III) It has clustered white flowers, dark blue fruits and its irregular whorled branches form flat, spreading tiers.

PANICULATA. (Gray Dogwood) One of the best sorts for tall shrub groups (6 to 15 feet). Showing a profusion of good sized white flowers in June. Berries white, on noticeable red stems. Bark and underside of leaves gray.

Buddieia

CORNUS (CONT.)

SANGUINEA. (III) A shrub of spreading habit; purplish-red branches, flowers greenish white, followed by black berries. Desirable for massing.

SIBERICA. (III) This has deep crimson bark and should be used in large groups for its winter effect. It shows off best when there are a number of plants together. Abundant small white blossoms are borne in early summer. Followed by white fruit.

STOLONIFERA. (III) Valued for its colored bark. Small white flowers.

STOLONIFERA AUREA. (Golden-barked Dogwood) Bright yellow bark in winter. Very effective when planted with red-barked varieties.

CYDONIA JAPONICA. (Pyrus) (Fire Bush) (III) One of the early spring flowering shrubs, the fiery blossoms pink to crimson, creating a grand display. First size, 50c. Large size, 75c each.

DEUTZIAS The flowers of the Deutzias are tassel-like and clustered into thick wreaths along their drooping branches. These shrubs are hardy, vigorous, adapted to all soils and remarkable for grace, beauty and prodigal bloom. The taller forms are valuable for specimens, low ones for bordering, grouping, or planting near the house. Flowering period, May, June.

CANDIDISSIMA. (II) Strong growth. Double white flowers.

CRENATA. (III) Exquisite flowers of double rosette shape, tinged with soft pink. A strong and vigorous growing sort.

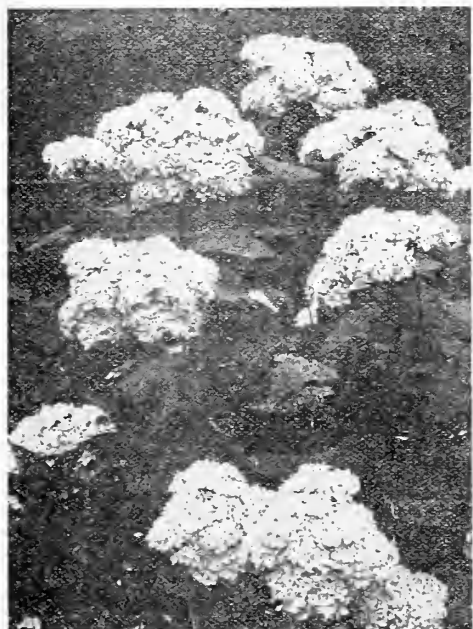

GRACILIS. (I) Forms a round, dense bush. Snow white flowers of much beauty; good for shady places.

LEMOINEI. (II) Flowers pure white.

PRIDE OF ROCHESTER. (III) The flowers are double, white, tinged outside with pink, and open a week earlier than those of other sorts.

WATERERI. (I) Flowers delicate pink. A most beautiful variety.

WELLSI. (II) Double white flowers, one of the best.

Cornus

PRICES: All above varieties shrubs except where otherwise noted. First size, 30c each; 4 for \$1.00; 10 for \$2.00, PREPAID. Large size, 50c each; 5 for \$2.00; 12 for \$4.00. Extra large size, 75c each; 3 for \$2.00; 10 for \$6.00.

Hardy Flowering Shrubs

(CONTINUED)

A Very Attractive Planting of Assorted Shrubbery

FORSYTHIA THE GOLDEN BELLS. Few, if any, of the spring-flowering hardy shrubs can surpass the splendor and brilliancy of the Forsythias. Both grace and beauty are combined in all their attributes and give them rank for any station in the shrub plantations. The brightness of their yellow blossoms, like sunshine in its noon-day glory, illuminates the densely flower-laden branches with rare and subtle beauty. Do not neglect them; your garden is incomplete without these floral treasures.

FORTUNEI. (Fortune's Forsythia) (III) April. A spreading bush with dark shining foliage, which has a purplish tint in autumn. Deep yellow flowers. The best of the Forsythias.

INTERMEDIA. (III) A tall, upright growing form. Good for shrubbery border planting. Deep yellow flowers and fragrant.

VIRIDISSIMA. (Dark Green Forsythia) Shrub-like in growth, dark, rich foliage, yellow flowers and a very profuse bloomer.

HYDRANGEA PANICULATA GRANDIFLORA. Undoubtedly the most popular variety and one of the showiest shrubs in cultivation. The flowers are almost all radiant and sterile, and are produced in mammoth clusters. When fully expanded the flowers are white, but in age assume tones of rose and bronze on the exposed sides. Severe pruning in early spring insures large trusses. First size, 50c each; 5 for \$2.00; 12 for \$4.00, PREPAID. Large size, 75c each; 3 for \$2.00; 10 for \$6.00. Extra large, \$1.00 each; 5 for \$4.00; 12 for \$9.00.

PANICULATA. (M) Open, loose, creamy white flowers in panicles. Habit similar to above variety. Large size plants, 50c; 5 for \$2.00. Extra large size, 75c each; 3 for \$2.00; 10 for \$6.00.

ARBORESCENS GRANDIFLORA. (II) ("Hills of Snow.") Flowers are large, conspicuously white and imposing. July to Sept. By cutting back to the crown each spring, the bushes may be kept round and dense. They are excellent for borders or in foundation plantings. Suitable also for shade. First size, 50c; 5 for \$2.00; 12 for \$4.00, PREPAID. Large size, 75c each; 3 for \$2.00; 10 for \$6.00. Extra large, \$1.00 each; 5 for \$4.00; 12 for \$9.00.

HYDRANGEA. Tree Form. A very fine stock grown in tree form. 3 to 4 feet. \$2.00 to \$2.50 each.

KERRIA JAPONICA. (II) Handsome green foliage, single yellow flowers.

LONICERA THE HONEYSUCKLES. The fragrance of Honeysuckles, so sweet and enchanting, to many of us at least, recalls a bright and happy garden scene, or else a bow-ered porch where warmth and sunshine lurk and busy bees toil with humming wings. Their charm is all-enduring, and their cheerful home-like aspect most inspiring. Few plants afford greater versatility or offer less resentment to conditions of soil, climate or exposure. When in doubt, plant Honeysuckles.

FRAGRANTISSIMA. (III) Early fragrant Honeysuckle. A large shrub with long-persistent bright green leaves that rarely fall before mid-winter. Responding to the earliest call of Spring, the creamy white, or eventually light yellow blossoms burst their buds and fill every breath of air with exquisite fragrance.

GRANDIFLORA ROSEA. (III) Bright pink flowers in abundance, and very fresh, rounded foliage; one of the most noticeable.

TATARICA. Tartarian Honeysuckle. (III) A large and very vigorous shrub. Flowers white or pink, fragrant, borne in great profusion late in spring. The red or orange berries, which fairly glow in myriad numbers, give wonderful color and vivacity to the summer aspect. Very fine.

TATARICA ALBA. (III) May. (White Tartarian Honeysuckle.) Same as above with white flowers, bright berries. Very showy and desirable.

MAHONIA AQUIFOLIA. One of the evergreen glories of the ornamental gardens. It has deep green spines at set places; showy bright colored yellow flowers in early spring, followed by small berries of a bluish color. Very effective in grouping with deciduous shrubs and evergreens. The foliage is similar to our Christmas holly. Very effective for table decorations. First size, 50c each; 5 for \$2.00; 12 for \$4.00, PREPAID. Large size, \$1.00 each; 3 for \$2.50; 10 for \$7.50. Extra large, \$1.50 each. Heavy specimens, \$2.00 to \$2.50 each.

PRICES: All above varieties shrubs except where otherwise noted. 30c each; 4 for \$1.00; 10 for \$2.00, PREPAID. Large size, 50c each; 5 for \$2.00; 12 for \$4.00. Extra large size, 75c each; 3 for \$2.00; 10 for \$6.00.

Hardy Flowering Shrubs

(CONTINUED)

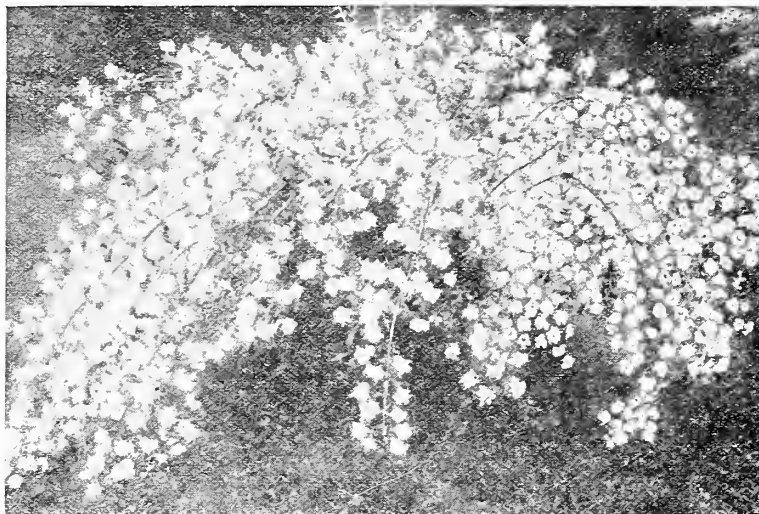

PHILADELPHUS (Mock Orange or Syringa.) These shrubs bloom in June. They are hardy, robust, have handsome leaves and large, clustered, milk white flowers, some are fragrant. The tall species flower profusely, and nothing is finer in their season.

CORONARIUS. (Sweet Mock Orange) (III) The real old-fashioned form with its pretty, fragrant white blossoms and yellow stamens, a grand variety.

FALCONERI. (II) Graceful shrub, white flowers.

GRANDIFLORUS. (III) Most vigorous grower and producing unusually large flowers, which are pure white.

LEMOINEI ERECTA. (II) Creamy-white, fragrant.

Philadelphus

PHILADELPHUS (Cont.)

NIVALIS. (II) An excellent variety in every way, good growth and free-flowering.

SPECIOSA. (III) Showy white flowers. A tall grower and one which will give satisfaction wherever planted.

PRUNAS **PISSARDI.** See trees.

RHAMNUS CATHARTICA. (III) Upright wood shrub having numerous small white flowers in June. Useful for naturalistic effects and bird gardens. Abundant glossy black berries during Fall.

RHODOTYPHUS KERRIODES. (White Kerria) (II) A handsome shrub with good foliage and snow-white flowers the latter part of May, followed by black berries. A profuse bloomer.

ROSA RUGOSA. Japanese Rose. (II) These beautiful roses are fast becoming popular; their bright, glossy foliage, which appears to be insect-proof, together with the showy, large single flowers, which are followed by bright red fruits, making them particularly desirable plants for hedges of the shrubbery border.

RHUS COPALLINA. (III) (Shining Sumac.) Tall growing; foliage glossy. Blooms late, with terminal flowers of greenish white in dense panicles. Fruit large, deep crimson. Foliage colors beautifully in fall.

GLABRA. (Smooth Sumac.) (III) Grows to a small tree with beautiful leaves which color brightly in Autumn; flowers in July followed by crimson or brown fruits.

TYPHINA LACINIATA. (Fern-leaved Sumac) (III) Brilliant foliage. Crimson fruit.

SAMBUCUS THE ELDERS. The effect of blossoming Elders, with their huge and flattened flower-clusters of creamy white so boldly contrasted against the greenery of the feathery foliage, is dramatic and delightful. They are splendid border plants, of a most vigorous, hardy type, and besides their showy flowers, afford large quantities of early ripening berries which attract many kinds of birds that love to feast upon them.

CANADENSIS. (White Elder) (III) Attractive flowers followed by clusters of purple berries.

NIGRA AUREA. (III) Beautiful foliage of yellowish color.

LACINATA. (III) Very valuable on account of its deeply cut foliage.

FRENCH PUSSY WILLOWS **SALIX CAPRAE.** (III) The promise of Springtime. Not the Wild Pussy Willow, but a cultivated variety that has made a sensation wherever it has been shown.

GROW THEM ON YOUR OWN LAWN

Enjoy these dainty silvery flowers every winter. A beautiful round shrub in summer. Wherever you have room for a Lilac or Snowball, you have room for a Pussy Willow. Use them for tall screens or backgrounds. Plant them liberally.

Cut the branches in January or February. Place them indoors in a vase of water. Watch them unfold their large catkins of silvery pink, from 1 to 2 inches long. They will repay you many times their cost in pleasure each winter. Large size, 75c each; 3 for \$2.00, PREPAID. Extra large size, \$1.00 each; 6 for \$5.00 or 12 for \$9.00.

TREE FORM. Pussy Willow. See trees. *Salix Caprae*.

PRICES: All above varieties except where otherwise noted. First size, 30c each; 4 for \$1.00; 10 for \$2.00, PREPAID. Large size, 50c each; 5 for \$2.00; 12 for \$4.00. Extra large size, 75c each; 3 for \$2.00; 10 for \$6.00.

Pussy Willow

Hardy Flowering Shrubs

(CONTINUED)

THE SPIREAS

Of all the garden shrubs, and there are keen rivals in many noble ranks, the Spireas have won and held a popularity for hardiness, showiness and free-flowering traits, that is unexcelled. Really of inestimable value in plantations, for among the species may be found those that produce a profusion of blossoms in earliest spring, others that bloom at later intervals, and even varieties that continue to produce flowers from midsummer until checked by frost. In general, they are graceful, compact bushes, thriving in almost any sunny situation.

ANTHONY WATERER. (I) May to Sept. A most desirable dwarf variety bearing heads of crimson flowers.

BILLARDI. (I) A strong grower, panicles of bright pink flowers in July and August.

BUMALDA. (I) May to Sept. Rose colored flowers.

CALLOSA ALBA. (I) Soft, white form; blooms all summer. Dwarf.

FROEBELI. Dwarf, and similar to A. Waterer, but a trifle taller than the type, with broader leaves. Bright crimson flowers in dense corymbs during July and August.

CALLOSA ROSEA. (II) One of the best for general planting. Rose colored flowers.

FONTENAYII ROSEA. (II) June, July. Upright branches, pink flowers.

FONTENAYII ALBA. (II) White flowers.

MARGUERITE. (I) Rose colored flowers.

OPULIFOLIA. (Nine Bark) Growth upright although the white heavy flower umbels in June make the branches droop; old flower heads turn to dark red, and make a striking variety of colors at different stages of maturity.

OPULIFOLIA AUREA. (Golden Leaved) (III) Yellow tinted foliage and white flowers.

REEVESIANA. (II) A slightly drooping shrub covered in May with clusters of white flowers, almost covering branches.

SALICIFOLIA ALBA. (II) June to Sept. Pure white flowers.

THUNBERGII. (I) Fluffy masses of white flowers, fine foliage.

VAN HOUTTEI. (II) The most beautiful of the Spirea. We recall no shrub that exceeds this in the graceful elm-like quality. The graceful branches, weighted down with a wealth of white blossoms, curved till they nearly touch the ground. It comes into bloom just before decoration day.

SYRINGA Lilac. (III) These old-fashioned shrubs are always popular, and with the present revival of the "old-fashioned garden," no collection is complete without them. No matter how small the garden, every one wants Lilacs, and everywhere in the country, be it near a roadside farm, or in the garden or shrubbery of a fine estate, one finds them adding beauty and sweetness to any surroundings. Our stock is unusually fine.

MME. LEMOINE. Another fine double white variety. Large size, \$1.00. Extra large, \$1.50 to \$2.00 each.

PERSICA RUBRA. Native of Persia. Bright purple flowers. Large size, \$1.00. Extra large \$1.50 to \$2.00 each.

PRES. GREVY. Large panicles of blue flowers. One of the best. Large size, \$1.00. Extra large, \$1.50 to \$2.00.

SOUV. DE LUDWIG SPATH. The flowers and clusters are very large, fine and dark in color. Large size, \$1.00. Extra large size, \$1.50 to \$2.00.

VULGARIS. Common Lilac. The grand old Lilac, the spring-time glory of many gardens, still claims our friendship and esteem, and the circle of its popularity yearly widens. The handsome, richly fragrant blossoms, in pyramids and spires, are costumed in shades of lilac and blue.

ALBA. (Old-fashioned White Lilac) Similar to the former, with pure white, very fragrant flowers.

A Planting of Spirea Van Houttei

Foxboro, Mass.

Gentlemen:

The shrubs which I ordered reached me in excellent condition, are more than satisfactory in appearance, and they will soon be growing vigorously.

I think that your method of packing is good and prevents them from becoming crushed during transit. In short, I am more than satisfied with both the service and the shrubs themselves which I received from you.

Very truly,

MR. E. D.

Trivoli, Ill.

Dear Sirs:

I certainly appreciate your efforts to please your patrons in every way. I received the plants and I assure you that I will do all in my power to influence my friends to trust you with their orders.

Every plant and shrub I have received has been the best of thrifty plants.

Again I thank you.

Very truly yours,

A. G.

Knoxville, Tenn.

Gentlemen:

I received the plants and they are now in the ground. I was very much pleased with the selection you gave me and must say I have never bought any stronger, heartier or healthier looking plants.

Thanking you for your promptness and the service you gave me in selection. It will afford me great pleasure to recommend you to my friends.

Yours very truly,

L. A. H.

Joliet, Ill.

Gentlemen:

You are to be recommended for the fine class of stock you send out, also for the splendid manner of packing. It was all in fine shape, best of any received.

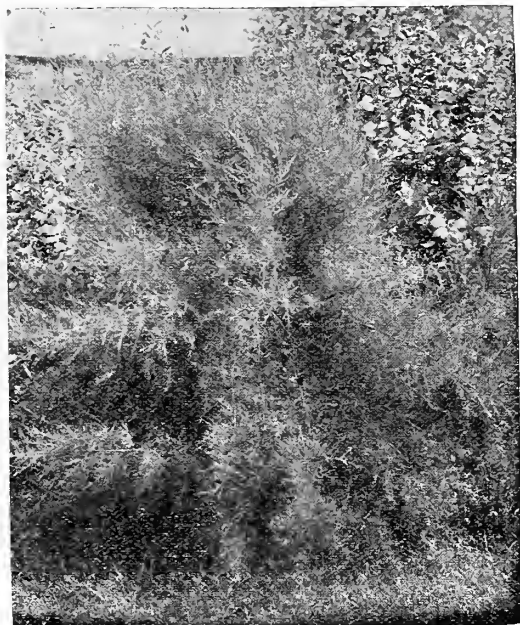

Yours very truly,

MISS B. S.

PRICES: All above varieties except where otherwise noted. First size, 30c each; 4 for \$1.00; 10 for \$2.00. PREPAID. Large size, 50c each; 5 for \$2.00; 12 for \$4.00. Extra large size, 75c each; 3 for \$2.00; 10 for \$6.00.

Hardy Flowering Shrubs

(CONTINUED)

Tamarix

TAMARIX. The feathery aspect of Tamarisks, when densely clothed with myriads of flowers of pink, is an impressive and beautiful sight. The slender branches, fairly hidden by the affluence of the blossoms, appear like garlands deftly made of plumes. They are graceful, quick-growing shrubs of easy culture, thriving in almost any soil, and are also well adapted for seaside planting.

AFRICANA. (III) Foliage light and feathery as the asparagus. Delicate fringing flowers of a warm shade of pink.

GALLICA. (III) French Tamarisk. Slender spreading branches and blue-green feather foliage. Showy pink flowers in late spring or early summer, adorn the plant with an array of fluffy plumes. Remarkably attractive and distinct.

HISPIDA AESTIVALIS. (III) July. Pink flowers. Its neat growth and blue green foliage is very ornamental.

INDICA. (III) Pink flowers. One of the best Tamarix.

ODESSANA. (III) Pink flowers in panicle racemes.

VIBURNUM An important group of shrubs. Members of the genus are conspicuous for the good qualities needed in landscape planting. They all have good healthy foliage.

DENTATUM. (Arrow-wood) 8 to 12 feet. Bright green, heart-shaped leaves turning to purple and red. May and June flowers of creamy white.

NANUS. (I) An excellent compact growing dwarf shrub. Very desirable for low hedges, perfectly hardy.

OPULUS. (High Bush Cranberry) This handsome shrub has bright red fruits; are in some sections used as a substitute for the Cranberry. It has large, healthy leaves, and free from insect attacks.

PLICATUM. (Japan Snowball) (III) Large balls of flowers white as snow. First size, 50c. Large size, 75c. Extra large, \$1.00 each.

LANTANA. (III) White flowers, clusters of bright red fruit, changing to black.

STERILIS. (Common Snowball) (II) Flowers white, borne in clusters.

VITEX Agnus-Castus. The dark green foliage is star-shaped and pretty. Flowers in racemes of lavender blue in August and Sept. when few other shrubs are in bloom. Large size, 50c. Extra large, 75c each.

SYMPHORICARPUS RUBRA. (I) Red Snowberry. A graceful shrub, with deep red berries clustered and crowded along its arching twigs. The branches take root where they touch the ground and therefore are useful to hold steep banks and edge groups of tall shrubs. The only shrub to grow under large trees or in exceedingly dense shade and thrive.

RACEMOSUS. White Snowberry. (II) Inconspicuous, rose colored flowers in June and July; followed by large clustered, milk white fruits which remain far into winter. The combination of pink flowers and white berries on the same twig is charming.

WEIGELIAS Beautiful shrubs that bloom in June and July. The flowers are produced in so great profusion as almost entirely to hide the foliage. They are very desirable for the border or for grouping, and as specimen plants for the lawn.

DESBOUSII. (II) Deep rose flowers in profusion.

EVA RATHKA. A very profuse bloomer and continues to produce its dark carmine red flowers during the entire summer. First size, 50c. Large size, 75c. Extra large size, \$1.00 each.

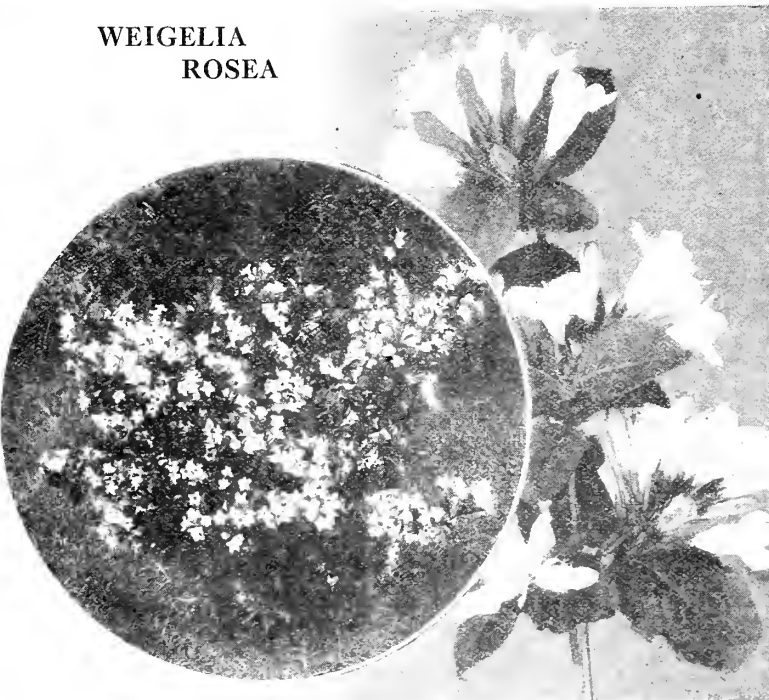

NANA VARIEGATA. (I) May. Pink flowers and variegated green and yellow foliage.

ROSEA. (II) This variety is too well known to need any description. It has been a favorite shrub in our gardens for many years and when in full bloom there are few of our flowering shrubs to equal it. The flowers, which are rose colored, are produced in such profusion as to completely cover the bush. Flowers in May and June.

PRICES

All above varieties except where otherwise noted. First size, 30c each; 4 for \$1.00; 10 for \$2.00, PREPAID. Large size, 50c each; 5 for \$2.00; 12 for \$4.00. Extra large size, 75c each; 3 for \$2.00; 10 for \$6.00.

WEIGELIA ROSEA

Ornamental Hedge Plants

In producing a truly pleasing and attractive landscape effect the selection of a fence has always been a serious problem. Something is needed to outline the lawn clearly, but what to use is often a perplexing question. A hedge will beautify the plainest kind of grounds and adds immeasurably to the lawn with a fence that nature provides. The wooden or iron fence is clumsy and contrasts rudely, while the hedge blends beautifully with the green lawn and surroundings. Plant from 5 to 10 inches apart, depending on the compactness of hedge desired.

Pruning and Care of Hedges. To secure a compact hedge and one of even growth, it is necessary, when the plants are first set out, to prune back quite severely to an even height. This will encourage strong bottom growth, and makes the foundation of the good hedge.

A Hedge of Ligustrum Privet

LIGUSTRUM. (Privet) The most popular and satisfactory of all hedge plants, as the hardy varieties can be planted in the extreme Northern States with perfect safety. With Privet you can have a hedge of any height or shape desired, as they stand shearing well. The plants we offer are select stock in the various sizes.

AMUERENSE. Glossy green foliage and of upright compact growth. Hardy in all localities. First size, nice plants, \$2.50 per doz.; \$15.00 per 100. Large plants, \$3.00 per doz.; \$20.00 per 100. Extra large plants, \$3.50 per doz.; \$25.00 per 100.

IBOTA. (Chinese Privet) Unusually strong grower, absolutely hardy and producing fragrant flowers. Unexcelled for hedges and for general decorative purposes. Foliage tinted in autumn. First size, nice plants, \$2.00 per doz.; \$10.00 per 100. Large size, \$2.50 per doz.; \$15.00 per 100. Extra large plants, \$3.00 per doz.; \$20.00 per 100.

IBOLIUM. (Privet) The new hedge privet. A cross between Ithota and Ovalifolium. This new hybrid possesses the attractive charac-

teristics of California Privet with the hardiness of Ithota. It is of vigorous growth, developing no constitutional weakness or susceptibility to blight or disease. It is upright in its habit, with glossy round foliage, and fills out even fuller at the bottom than does the California Privet. Large plants, \$2.50 per doz.; \$15.00 per 100; extra large plants, \$3.50 per doz.; \$20.00 per 100; extra heavy large size, \$5.00 per doz.; \$30.00 per 100.

OVALIFOLIUM. (California Privet) The most popular of all. Foliage is a beautiful dark glossy green and almost evergreen. In the northern states it sometimes freezes to the ground. First size, nice plants, \$1.50 per doz.; \$5.00 per 100; large size, \$2.00 per doz.; \$7.00 per 100; extra large size, \$2.50 per doz.; \$10.00 per 100.

REGELIANUM. (Regels Privet) Absolutely hardy, and is sufficiently dense for hedges without trimming. Branches gracefully drooping. First size, nice plants, \$3.50 per doz.; \$25.00 per 100; large size, \$5.00 per dozen; \$35.00 per 100; extra large size, \$7.50 per doz.; \$50.00 per 100.

Other Suitable Shrubs for Hedges

FOR SINGLE AND DOZEN RATES SEE PRICES UNDER SHRUB SECTION

ALTHEAS. PLANT FOR AUGUST AND SEPTEMBER FLOWERS. One of the most showy and beautiful of shrubs, and especially desirable for hedges or flowering screen. The flowers are large and showy, ranging from white to pink, red and purple. First size, thrifty plants, \$12.00 per 100; large size, \$20.00 per 100; extra large, \$30.00 per 100.

JAPAN BARBERRY (Berberis Thumbergii) **HARDY EVERYWHERE**
A Neatly Kept Hedge Gives That Finished Effect to Your Home
An ideal shrub and hedge plant, gracefully beautiful in summer, with its arching, thorny branches thickly covered with small, fine, rich green leaves, which change in the autumn to a unique fiery crimson. Branches are thickly covered with scarlet berries for early winter. First size, \$15.00 per 100; larger size, \$25.00 per 100; heavy plants, \$35.00 per 100.

LONICERAS (Bush Honeysuckle) **LONICERA FRAGRANTISSIMA.** Fragrant Upright Honeysuckle. A beautiful, almost evergreen shrub, with very fragrant flowers which appear before the leaves.

LONICERA TATARICA. Tartarian Honeysuckle. Pink flowers, which contrast most beautifully with the foliage; the red fruit is also ornamental.

LONICERA TARTARICA ALBA. White Tartarian Honeysuckle. It forms a high bush, with creamy white, very fragrant flowers.

PRICES: Three Lonicera listed above. First size thrifty plants, \$20.00 per 100. Large size plants, \$30.00 per 100. Extra large plants, \$40.00 per 100.

RHAMNUS CATHARTICUS. (Buckthorn) A dense twiggy bush, 6 to 10 feet high, with dark foliage relieved by masses of attractive white flowers in June and July. Makes a good, prunable hedge. Large, 2 to 3 feet, \$25.00 per 100. Extra large, 3 to 4 feet, \$35.00 per 100.

ROSA RUGOSA. Japanese Rose. (III) These beautiful roses are fast becoming popular as hedge plants, their bright, glossy foliage, which appears to be insect-proof, together with the showy, large single flowers, which are followed by bright red fruits, making them particularly desirable plants for hedges or the shrubby border. Large size, \$5.00 per doz.; \$35.00 per 100. Extra heavy, \$7.50 per doz.; \$50.00 per 100.

EVERGREENS

THUYA. Arbor Vitae. Nice young plants, \$2.50 per doz.; \$15.00 per 100. Bushy plants, 2 feet high, \$5.00 per doz.; \$35.00 per 100. Heavy, 2½ to 3 feet plants, \$7.50 per doz.; \$50.00 per 100.

ORIENTALIS. (Biota) (Chinese Arbor-Vitae) An evergreen of exceptionally good growth and good foliage. Excellent for hedges owing to its easy culture. Attractive for foundation or other plantings owing to its upright growth and good color, being distinct from all other varieties. 1½ to 2 feet, \$2.00; \$20.00 per doz.; 2 to 3 feet, \$3.00; \$30.00 per doz.; 3 to 4 feet, \$5.00 to \$7.00; 4 to 5 feet, \$9.00 to \$10.00.

PICEA EXCELSA. (Norway Spruce) Nice young plants, 15 to 18 inches high, \$2.50 per doz.; \$15.00 per 100; 18 to 24 inches high, \$5.00 per doz.; \$35.00 per 100.

WE ASSURE GOOD VALUES — WE GUARANTEE SATISFACTION

Clinging, Climbing, Twining Vines

There is something about the sweeping and twisting of Vines about the porch, veranda and the trellises about the house that appeals to everyone. There's beauty in these Vines that twist and creep and cover ugly places. Who can describe the fragrance of the Honeysuckles and Clematis, or the beauty of the Wisteria and Sweet Peas.

AMPELOPSIS VEITCHII. (Boston Ivy) The leaves of this beautiful climber change in the fall to the most vivid autumnal tints. Thrifty plants, 25c; larger plants, 35c, PREPAID; heavy plants, 50c to 75c.

ENGELMANNI. A very desirable variety, small, dense foliage. Colors beautifully in fall. Large size, 35c; extra heavy, 50c.

QUINQUEFOLIA. (Virginia Creeper or Woodbine) Foliage assumes brilliant shades of yellow, crimson and scarlet in the fall. Large size, 35c; extra heavy, 50c.

BIGNONIA GRANDIFLORA. (Trumpet Creeper) Useful for covering unsightly places, stumps, rockwork, etc. Flowers orange-red color. Large plants, 50c; extra large, 75c.

CELASTRUS SCANDENS. (Bitter Sweet) Yellow flowers in June, followed with bright orange fruit. Large plants, 35c, PREPAID; extra large, 50c to 75c.

CLEMATIS PANICULATA. Most desirable and most popular vines grown and may be used with satisfactory results wherever a vine is needed. Glossy green foliage all season and a mass of small white fragrant flowers in August and September. Thrifty plants, 15c; large size, 35c, PREPAID; extra heavy, 50c; clumps, 75c to \$1.00 each.

HENRYI. Large flowered. Creamy white. \$1.50 each.

JACKMANII. Large flowered intense violet. One of the popular varieties. \$1.50 each.

LONICERA BRACHYPODA AUREA. (Japan Golden-leaved Honeysuckle) Yellow and green leaves. Valuable for covering banks, bare places, etc. Flowers creamy-white. Strong plants, 25c; \$2.50 per doz., PREPAID; large plants, 35c; \$3.50 per doz.; extra large, 50c; \$5.00 per doz.

HALLIANA. (Hall's Japan Honeysuckle) Blooms constantly. Flowers white changing to yellow; very fragrant. The best climber. 25c; \$2.50 per doz., PREPAID; large size, 50c; \$5.00 per doz.; extra heavy, 75c.

LYCIUM (Matrimony Vine) Numberless bright red berries in fall. 35c; \$3.50 per doz.; extra heavy, 50c.

PUERARIA (Kudzu Vine) An extremely vigorous grower. Growing as much as 50 feet in a season. The rosy-purple flowers are borne in profusion in August, are pea-shaped, and produced in racemes. This is certainly a handsome porch decoration. 35c to 50c.

HARDY CLIMBING SWEET PEAS

Everybody Loves Them

This is one of the most desirable hardy plants, attractive both in flower and foliage, producing clusters of large flowers the entire summer. As a porch climber or for covering fences, it is invaluable. It is perfectly hardy and will endure our severest winters. Fine mixed colors, red, white and pink. Nice thrifty field grown plants, 15c; 4 for 50c; \$1.50 per doz., PREPAID; larger size, 25c; 5 for \$1.00; \$2.25 per doz.; extra large field clumps, 50c; \$5.00 per doz.

WISTERIA SINENSIS. A most desirable vine which will thrive in almost any kind of soil or situation, and quite a rapid grower. Pendulous clusters of delicate violet-blue blossoms, richly perfumed. 35c, PREPAID; large size, 50c; extra heavy, 75c to \$1.00 each.

ALBA. Of similar habit to Sinensis, with white flowers. 50c; extra heavy, 75c to \$1.00 each.

EVERGREEN VINES

ENGLISH IVY Dark, glossy green leaves and clings firmly to stone or brick walls. Thrives best in shady position and is hardy in all localities. Nice young plants, 35c, PREPAID; large size, 50c to 75c.

EUONYMUS RADICANS. Beautiful bright green foliage. Nice young plants, 25c; \$2.50 per doz., PREPAID; \$20.00 per 100; large size, 50c; extra large, 75c.

PERIWINKLE (Hardy Myrtle) For covering bare ground under trees where grass will not grow, or trailing rock work. It is indispensable. In spring it is covered with blue flowers. Perfectly hardy in all localities. 15c each; 4 for 50c; 10 for \$1.00, PREPAID; large size, 25c each; 5 for \$1.00; 12 for \$2.00.

TENDER CLIMBING VINES

COBAEA SCANDENS One of the most rapid of climbing plants. Bears beautiful, deep blue bell-shaped flowers. 25c; \$2.00 per doz.; larger, 35c.

IPOMOEA GRANDIFLORA. (White Moon-flower) Satiny white flowers. 25c; large size, 35c.

VINCA VARIEGATA. Elegant low-growing trailing vine, leaves widely bordered with creamy white; always bright and pretty; extra nice for pots, vases, baskets, window boxes and rockeries. 10c, PREPAID; large size, 15c; extra heavy plants, 25c to 35c each.

Hardy Sweet Peas

Ornamental Shade Trees

Judicious planting of ornamental trees and shrubs enhance the value of real estate more than an equal amount of money invested in any other way. Make preparation to plant in their permanent place at the earliest date possible after receiving them. If shipment should arrive in a frozen condition do not unpack, but put in a cool place, free from frost, until perfectly thawed when they may be unpacked and planted.

In planting make the hole wide enough so that when the tree is set, you can spread out the roots, always avoiding as much as possible twisting and crowding the roots. Work the soil in carefully about the roots, leaving no cavities or air spaces, and pack the soil firmly.

SPECIAL NOTE. In addition to the regular sizes listed, we can supply extra choice specimens which price varies according to variety, size, compactness and shape. \$5.00 to \$25.00 each.

ACER (Maple) One of the most sturdy and desirable lawn trees. Avenues planted with them grow in grandeur each year thereafter. Our assortment and stock is fine.

CAMPESTRE. Our stock comprises heavy bushes branched to the ground, fine for specimens and shrubby background effect. Green foliage changing beautifully in fall. 6 to 8 feet, \$1.50 to \$2.00; 8 to 10 feet, \$2.50 to \$3.00; 10 to 12 feet, \$4.00 to \$5.00 each.

DASYCARPUM. (Silver Maple) There is more foliage for the cost in this Maple than in any other tree. It is the best of the quick-growing trees for most soils and situations. 6 to 8 feet, \$1.50 to \$2.00; 8 to 10 feet, \$2.50 to \$3.00. Heavy specimens, \$10.00 to \$25.00 each.

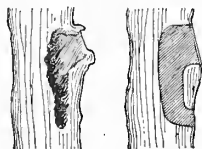

NEGUNDO. (Ash-leaved Maple or Box Elder) A tall-growing tree. Retains its foliage until late, making it very desirable. 8 to 10 feet, \$2.00 to \$2.50; specimens, \$5.00 to \$10.00 each.

PLATANOIDES. (Norway Maple) Compact growth, large deep green leaves. One of the best for general planting. 6 to 8 feet, \$3.00 to \$3.50; 8 to 10 feet, \$4.00 to \$5.00; 10 to 12 feet, \$6.00 to \$8.00 each.

Avenue of Acer Saccharum

Newbark Plastic Tree Saver

At the left — An old unsightly wound thru which decay is eating steadily into the sound heart wood.

At the right — The same wound cleaned out, filled and coated with Newbark. Besides saving the tree it greatly improves its appearance.

Newbark
Plastic Tree-Saver

A natural tree salve, an antiseptic plastic preparation quickly applied to protect all wounds of bark or limb. It kills and keeps out insects, fungus disease germs and prevents disfigurement, decay and death of trees. A torn or broken limb, a small patch of bark ripped off by lawn mower, plow or carelessness, may be a place for rot producing fungi to lodge and eventually may mean the death of a valuable tree. With the use of Newbark, injuries and decay may be stopped very economically.

The cost of Newbark is only \$1.25 for a 5 lb. can; 1 lb., 50c; 2 lb. 75c; 10 lb., \$2.50, plus the postage. Full instructions for applying on each can.

PSEUDO PLATANUS. (Sycamore-leaved Maple) Foliage deep green on upper surface and purplish-red underneath. 6 to 8 feet, \$1.50 to \$2.00; 8 to 10 feet, \$2.50 to \$3.00; 10 to 12 feet, \$4.00 to \$5.00 each.

RUBRUM. (Red or Scarlet Maple) Foliage bright scarlet in autumn. 6 to 8 feet, \$3.50 to \$4.00 each.

SACCHARUM. (Sugar Maple) Used for shade on lawn or in park plantings. 6 to 8 feet, \$1.75 to \$2.00; 8 to 10 feet, \$2.50 to \$5.00.

SCHWEDLERI. (Purple-leaved Maple) Leaves bright purplish crimson changes to purplish-green. 6 to 8 feet, \$5.00 to \$7.50.

WEIRI LACINATUM. (Wier Cut-leaved Maple) A beautiful specimen tree, with delicately cut leaves and drooping habit. 6 to 8 feet, \$2.50 to \$3.00; 8 to 10 feet, \$3.50 to \$4.00.

AESCULUS HIPPOCASTANUM. (Horse Chestnut) Double white flowered. 4 to 6 feet, \$2.00 to \$2.50; 7 to 8 feet, \$3.00 to \$4.00.

AILANTHUS. (Tree of Heaven) An extremely rapid grower with palm-like leaves. Thrives in city lots exposed to gas and smoke, and in soils where most other trees perish. 5 to 7 feet, \$1.00 to \$1.50; 12 to 15 feet, \$4.00 to \$5.00.

ALNUS GLUTINOSA. (European Alder) Foliage roundish, wedge-shaped, wavy. Remarkably quick in growth. 6 to 8 feet, \$1.25 to \$1.50; 8 to 10 feet, \$2.00 to \$2.50. Heavy specimens, \$10.00 to \$20.00 each.

INCANA. (Gray colored Alder) 8 to 12 feet, specimens, \$2.00 to \$3.00.

ARALIA SPINOSA. (Hercules Club) A showy native, with broad, bandsome cut leaves and huge clusters of small white flowers in July. Its winter effect is unique and handsome. 4 to 6 feet, \$1.00; 6 to 8 feet, \$2.00; 8 to 10 feet, \$3.60.

BEECH. See Fagus.

BETULA ALBA. (European White Birch) Of rapid growth, attractive foliage \$2.50; 6 to 8 feet, \$3.00 each.

ALBA LACINIATA PENDULA. (Weeping Cut Leaf Birch) Very scarce. Prices on application.

PAPYRIFERA. (Paper or Canoe Birch) A native of America; forms a large tree, bark brilliant white, leaves large and handsome. 6 to 8 feet, \$2.50 to \$3.50 each.

Ornamental Shade Trees

(CONTINUED)

CATALPA BUNGEI. (Umbrella Tree) A small species forming a tree clothed with a dense mass of large, heart shaped leaves; flourishes in all soils. It is grafted on stems from 6 to 8 feet high. It makes handsome standard trees; very dense, symmetrical head. 2-year heads, \$2.50 to \$3.50; specimens, \$4.00 to \$5.00 each.

SPECIOSA. One of the most rapid growing trees. Large panicles of white flowers and very ornamental. 8 to 10 feet, \$1.50 to \$2.00; 10 to 12 feet, \$2.50 to \$3.00; extra heavy specimens, \$7.50 to \$20.00 each.

CERASUS PADUS. (European Cherry) Pure white flowers followed by black fruit. 6 to 8 feet, \$2.00 to \$2.50 each.

VIRGINICA. A small tree with broad oval dark green leaves, turning yellow before falling. Fruit dark purple. Stock very scarce. 6 to 8 feet, \$3.50 to \$5.00 each.

CERCIS (Judas Tree) (Redbud) Reddish-purple flowers. 4 to 6 feet, \$1.50 to \$2.00.

CRAB. Flowering. See Pyrus.

CORNUS FLORIDA. (White Dogwood) These small trees are of inestimable value in landscaping. White flowers clothe the tree in early spring. 4 to 5 feet, \$3.50 to \$4.00.

RUBRA. Flowers deep pink. 2 to 3 feet, \$2.00 to \$3.00.

ELM. See Ulmus.

CRATAEGUS OXYACANTHA. (English Thorn) A small tree with spreading branches and clusters of single white flowers that resemble little roses. 75c; larger, \$1.00.

EUONYMUS EUROPAEUS. A small tree of vigorous growth. Foliage is broad and deep green, turning to crimson in the fall. The flowers are followed by orange-scarlet fruits. 3 to 4 feet, \$1.00 to \$1.50; 4 to 5 feet, \$2.00 to \$2.50.

FAGUS (Beech) These trees because of their elegant habit and delicate tracery of foliage, adapt themselves to the most ornamental situation. They transplant well with a ball of earth (as we handle them) and may be used for any purpose.

ASPLENIFOLIA HETEROPHYLLA. (Fern-leaved Beech) Leaves deeply divided. 8 to 10 feet, \$8.00 to \$10.00. Dug with ball.

RIVERSI. (Rivers Purple Beech) Leaves very dark purple. 4 to 6 feet, \$5.00; 6 to 8 feet, \$7.50 to \$10.00; specimens, \$12.00 to \$15.00 each. Dug with ball.

SALVATICA. (European Beech) A compact, long-lived tree having dense, dark green foliage. 4 to 6 feet, \$4.00; 6 to 8 feet, \$5.00 to \$6.00; 8 to 10 feet, \$8.00; 10 to 12 feet, \$12.50 to \$15.00. Dug with ball.

FRAXINUS AMERICANA. (Ash) A rapid growing long-lived tree of fine proportions and a very desirable lawn tree. 6 to 8 feet, \$1.50; 8 to 10 feet, \$2.00; 10 to 12 feet, \$3.00; 12 to 14 feet, \$5.00 to \$6.00; extra large specimens, \$5.00 to \$10.00.

EXCELSIOR. A lofty tree with handsome foliage. 6 to 8 feet, \$1.50; 8 to 10 feet, \$2.00; 10 to 12 feet, \$3.00 to \$4.00; 12 to 14 feet, \$5.00 to \$6.00.

GINKGO. See Salisburia.

GYMNOCLADUS CANADENSIS. (Kentucky Coffee Tree) Feathery foliage. 4 to 6 feet, \$1.00; 6 to 8 feet, \$1.50; 10 to 12 feet, \$2.50 to \$3.00; specimens, \$5.00 to \$15.00.

HORNBEAM. European. A very hardy ornamental tree with dense round head. Leaves turn yellow and brown and stay on all winter. Stands severe pruning without detriment. Remarkably free from the attacks of insects. 4 to 6 foot specimens, \$2.00 to \$3.00; 8 to 10 foot specimens, \$5.00 to \$7.50 each; 10 to 12 foot specimens, \$7.50 to \$10.00 each.

KOELREUTERIA PANICULATA. (Japanese Varnish Tree) Small attractive tree, covered with yellow flowers. 10 to 12 feet, \$3.50 to \$4.00 each.

LARIX EUROPAEA. (Larch) A conifer with deciduous needle-like foliage. 4 to 5 feet, \$3.00 to \$5.00.

LIQUIDAMBER (Sweet Gum) Glossy green foliage changing to bright red. 6 to 8 feet, \$3.50 to \$5.00; 8 to 10 feet, \$6.00 to \$7.00. Dug with ball.

LIRIODENDRON (Tulip Tree) Foliage dark green; creamy yellow flowers. 6 to 8 feet, \$4.00 to \$6.00.

MAGNOLIA ACCUMINATA. Large growing tree with pale yellow flowers. 4 to 5 feet, \$2.50 to \$3.00.

MAGNOLIA GLAUC. (Sweet Bay) A handsome tree. Its leaves are glossy, laurel-like, almost evergreen. In June its pure white flower cups are lovely and fragrant. 3 to 4 feet, \$5.00 to \$7.50 each.

MAPLE. See Acer.

MORUS ALBA TARTARICA. (Russian Mulberry) A very hardy and low-growing type. 6 to 8 feet, \$1.00 to \$2.00; 8 to 10 feet, \$2.50 to \$3.00.

PENDULA. An umbrella shaped head with long, drooping branches. 2-year heads, \$3.00 to \$5.00 each.

OAK. See Quercus.

PLATANUS OCCIDENTALIS. (American Plane) Broad-spreading round-topped, massive and picturesque. Very effective in winter when its branches show almost as white as birch and its mottled trunks of gray, green and brown is revealed. 8 to 10 feet, \$2.00 to \$3.00; specimens, \$5.00 to \$20.00 each.

ORIENTALIS. (Oriental Plane) (Sycamore) One of the oldest and best trees for street and avenue planting. A lofty, wide-spreading tree, with large leathery, clear-cut leaves that turn yellow in fall. 8 to 10 feet, \$2.00 to \$3.00; 10 to 12 feet, \$3.50 to \$4.00; specimens, \$5.00 to \$15.00 each.

POPULUS ALBA BOLLEANA. Similar to the well known Lombardy. Its leaves are glossy green above, silvery beneath. 6 to 8 feet, \$2.50 to \$3.00; specimens, \$5.00 to \$7.50.

MONILIFERA. (Carolina Poplar) Unexcelled for quick growth and effect, its rapid growth giving an air of luxuriance in places where other trees appear starved. 4 to 5 feet, 50c; 6 to 8 feet, \$1.00; 8 to 10 feet, \$1.00 to \$1.50; 10 to 12 feet, \$2.00 to \$2.50 each.

NIGRA or ITALICA. (Lombardy, or Italian Poplar) Of obelisk form, growing rapidly to a tall spire. Forms striking lawn groups, and is much used for tall screens. Always makes a striking feature in any landscape. 4 to 6 feet, 50c; 6 to 8 feet, 75c to \$1.00; 8 to 10 feet, \$1.25 to \$1.50; 10 to 12 feet, \$1.75 to \$2.00; specimens, \$5.00 to \$7.50.

PRUNUS Pissardi. (Purple-leaved Plum) A distinct handsome little tree, covered with a mass of small, white flowers in spring; showy purple leaves that deepen in color. 3 to 4 feet, \$1.50 to \$2.00; 4 to 6 feet, \$3.00 to \$5.00.

Lombardy Poplar

Ornamental Shade Trees

(CONTINUED)

PYRUS ANGUSTIFOLIA. (Bechtel Flowering Crab) Double rose-like flowers of a delicate pink color. 3 to 4 feet, \$2.50 to \$3.00 each.

FLORIBUNDA. (Flowering Crab) A large shrub or small tree, with rose-red flowers borne in great profusion in May. The fruit is red and very small, on long stems. 3 to 4 feet, \$2.50 to \$3.00 each.

QUERCUS ALBA. White Oak. (L) A massive tree with a broad, open head, light grey bark, and green, round-lobed foliage that turns a beautiful red in the Fall. Excellent for parks and large lawns. 8 to 10 feet, \$3.50 to \$4.00; 10 to 12 feet, \$5.00 to \$6.00; specimens, \$10.00 to \$15.00 each.

COCCINEA. (Scarlet Oak) Foliage beautiful turning purplish crimson in autumn. 6 to 8 feet, \$2.50 to \$3.00; 8 to 10 feet, \$3.50 to \$4.00; specimens, \$10.00 to \$15.00 each.

PALUSTRIS. (Pin Oak) The most beautiful of all oaks and most satisfactory for avenue or general planting. 8 to 10 feet, \$2.50 to \$3.00; 10 to 12 feet, \$4.00 to \$5.00; specimens, \$10.00 to \$15.00.

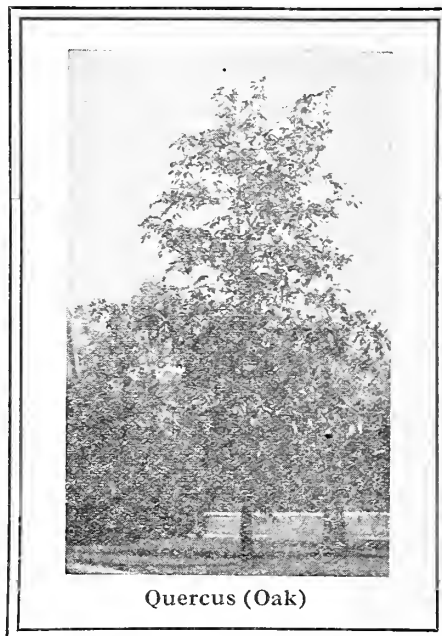

ROBUR. (English Oak) Massive spreading nature. 6 to 8 feet, \$3.00 to \$4.00; 8 to 10 feet, \$5.00 to \$6.00; 10 to 12 feet, \$7.00 to \$8.00 each.

RUBRA. (Red Oak) Foliage changes to bronze-red in fall. 6 to 8 feet, \$3.00 to \$3.50; 8 to 10 feet, \$4.00 to \$4.50; 10 to 12 feet, \$5.00 to \$6.00; specimens, \$7.50 to \$10.00 each.

ROBINA HISPIDA. A beautiful small tree for ornamental planting. At intervals all seasons it has elegant clusters of pea-shaped flowers. Color rose pink. 3 to 4 feet, \$1.50 to \$2.00; 4 to 5 feet, \$3.00 to \$4.00.

SALISBURIA ADIANTIFOLIA. (Ginkgo or Maiden Hair Tree) Fern-like foliage resembling Maiden Hair Fern. 6 to 8 feet, \$2.00 to \$3.00; 8 to 10 feet, \$4.00 to \$5.00 each.

SALIX CAPREA. (Pussy Willows) We have some beautiful tree form for specimens on the lawn. This is a cultivated French variety creating a sensation wherever shown. 5 to 6 foot trees, shapely tops, \$1.00 to \$1.50 each.

Quercus (Oak)

SALIX

BABYLONICA. (Weeping) Branches drooping gracefully. 4 to 6 feet, \$1.00 to \$1.50; 6 to 8 feet, \$2.50 to \$3.00.

PENTANDRA. (Laurel-leaved Willow) Dark green, glossy leaves 4 to 5 feet, \$1.00 to \$1.50; 5 to 6 feet, \$2.00 to \$3.00.

VITELLINA AUREA. Highly effective with its golden bark and drooping branches. 4 to 6 feet, \$1.00 to \$1.50.

SORBUS AUCUPARIA. (European Mountain Ash) Orange-colored berries midsummer until frost. 6 to 8 feet, \$3.50 to \$4.00.

AUCUPARIA PENDULA. (Weeping Mountain Ash) Slender, drooping branches and bright red berries. 2 year heads, \$2.50 to \$3.50 each.

TAXODIUM DISTICHUM. (Deciduous Cypress) The famous Southern or Bald Cypress is perfectly hardy even in the North, and grows well on dry or wet soil. It is a most beautiful and stately tree, pyramidal in shape. 4 to 6 feet, \$5.00; 10 feet, \$10.00. Dug with ball of earth.

TILIA AMERICANA. Splendid form, large stature. Rapid growing and hardy tree affording a dense shade. 6 to 8 feet, \$2.50 to \$3.00 specimens; \$5.00 to \$10.00.

EUROPEAN. Fine symmetrical habit; has large, glossy, deep green leaves. Fine for lawn. A little more compact than the American. 6 to 8 feet, \$2.50 to \$3.00; specimens, \$5.00 to \$10.00.

WILLOWS. See Salix.

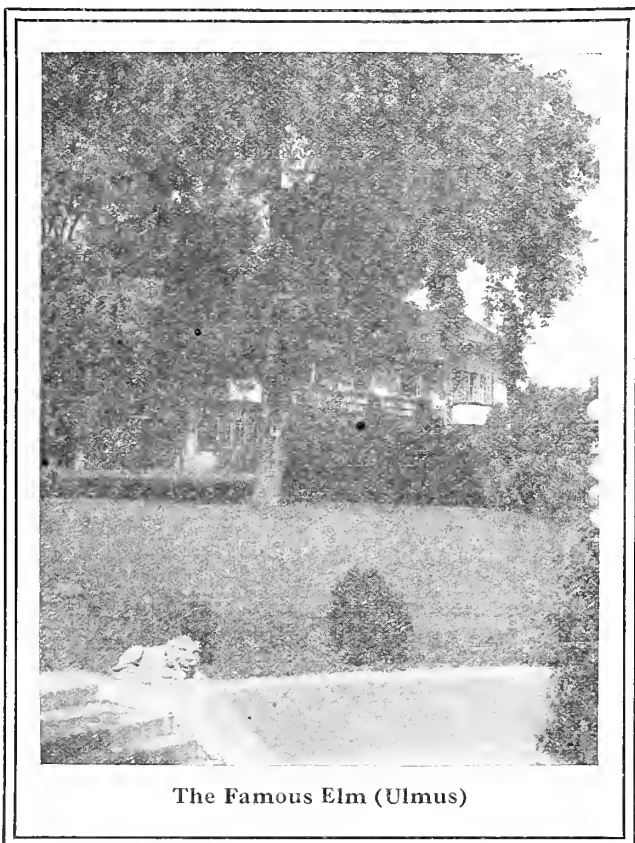

ULMUS AMERICANA. (Elm) No finer tree grown. Good for avenue or suburban planting. Forms a vase-shaped tree, with irregularly shaped leaves. 6 to 8 feet, \$1.00 to \$1.50; 8 to 10 feet, \$2.00 to \$2.50; 10 to 12 feet, \$3.00 to \$3.50; 12 to 15 feet, \$4.00 to \$7.50; specimens, \$10.00 to \$25.00.

CAMPESTRIS. (English Elm) Desirable for lawn or landscape. 8 to 10 feet, \$2.50 to \$3.00; specimens, \$10.00 to \$25.00 each.

LATIFOLIA. Large leaves; compact and upright in habit. 6 to 8 feet, \$2.00 to \$2.50; 8 to 10 feet, \$3.00 to \$3.50; 10 to 12 feet, \$4.00 to \$5.00; heavy specimens, \$7.50 to \$15.00 each.

PLUMOSA PYRAMIDALIS. An elegant, pyramidal-growing Elm. Specimens, \$7.50 to \$10.00.

SCABRA PENDULA. (Camperdown Weeping Elm) A picturesque form. 2-year heads, \$5.00 to \$7.50; heavy specimens, \$15.00 to \$25.00 each.

The Famous Elm (Ulmus)

Wagner Park Flowers

FRUIT DEPARTMENT

No home grounds are complete without at least a few fruit trees. Nothing is more beautiful in early spring than a fruit tree full of bloom, besides the great satisfaction derived from picking fine, ripe fruit from trees in your own yard. Our list of varieties is somewhat limited but all offered below are the very choicest and best for general planting. One dozen trees or plants of any single variety listed on this page may be ordered at ten times the single rate price.

SUMMER APPLES

EARLY HARVEST. Large; pale yellow; tender, with a fine flavor; a good grower and heavy bearer; one of the first to ripen. Aug.

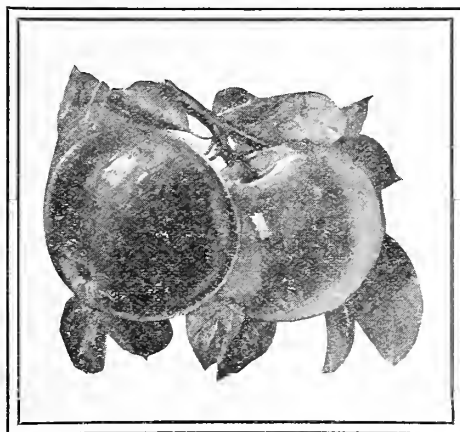

RED ASTRACHAN. Large, beautiful deep crimson. A favorite eating and cooking apple.

YELLOW TRANSPARENT. White, tender, juicy, sprightly, sub-acid. Grows rapidly, bears young.

AUTUMN APPLES

DUCHESS OF OLDENBURG. Medium; pale yellow, streaked red; bears young and is good cropper; useful for all purposes.

MAIDEN BLUSH. Large, flat; pale yellow, with red cheek, a perfect beauty; tender and pleasant.

AUTUMN APPLES

WEALTHY. Large; brilliant red; rich sub-acid flavor, excellent quality; good keeper.

FALL RAMBO. Highly valuable for kitchen or table use. Fruit medium, flat, smooth, yellowish-white.

WINTER APPLES

BANANA. Large healthy foliage, early bearer. Smooth and handsome, golden yellow usually shaded bright crimson; rich, sub-acid.

BALDWIN. Large; bright red; crisp, juicy and rich.

DELICIOUS. Large; dark red; aromatic; flesh juicy and of sprightly flavor.

GRIMES GOLDEN PIPPIN. Flesh crisp, tender and juicy; hardy, vigorous and productive.

JONATHAN. Medium size; tender white flesh, juicy and rich.

PRICES: All above varieties apples. 5 to 6 feet select trees, \$1.00 each; 5 for \$4.00; 10 for \$7.00. Extra select trees, \$1.25 each; 5 for \$5.00; 10 for \$8.00.

CRAB-APPLES

TRANSCENDENT. Immensely productive, bright red.

WHITNEY. Flesh firm, juicy and very pleasant flavor.

PRICES: Both above varieties Select Trees, \$1.00 each; 5 for \$4.00. Extra select trees, \$1.25 each.

SOUR CHERRIES

DYEHOUSE. A sure bearer; ripening a week before Early Richmond

EARLY RICHMOND. Medium, dark red, melting, juicy, sprightly, rich acid.

MONTMORENCY. Large, red, productive, ten days later than Early Richmond.

SWEET CHERRIES

BLACK TARTARIAN. Very large, black, juicy.

EVERBEARING STRAWBERRIES, that yield fruit continuously from May or June until frost. To obtain the largest size and finest quality of fruit in the fall, keep flowers picked off until about the first of Aug. 75c per doz.; \$3.00 per 100, PREPAID.

SENATOR DUNLAP. Large, handsome, rich, fine-flavored, dark red berries. 50c per doz.; \$2.50 per 100, PREPAID.

Wagner Park Flowers

An Attractive Planting of Assorted Evergreens with Yuccas in Foreground

Hardy Ornamental Evergreens—Conifers

Wagner Park Evergreens have been several times transplanted. They are shipped to you with ball of earth and an abundance of roots, carefully burlapped. From out of the thousands of specimens of all sizes and shapes that adorn the landscape at Wagner Park, there can easily be selected for any home, park or public ground. The prices are altogether moderate, however, subject to change and advances owing to scarcity of some varieties. We list only the choicest and most hardy varieties.

SPECIAL NOTE. Our soil is especially adapted to digging our Evergreens with a ball of earth, leaving the roots undisturbed, thus assuring successful transplanting at almost any season of the year. For those who cannot personally visit Wagner Park and see the glorious profusion of foliage, the inexhaustible variety of color tones, the graduations of shades between the dark green of some varieties and the bluish tints of other species of evergreens, the service of our Landscape Artists will prove especially helpful. We can select trees and shrubs, conifers and deciduous plants that will answer all the utilitarian purposes of windbreaks, border planting, shade production, and screens for unsightly vistas, no less than those purely aesthetic considerations of garden, lawn and terrace adornment.

ARBOR-VITÆ (Thuya)

ELLWANGERIANA. (Tom Thumb) Low compact growth. In many respects it is similar to the Retinispora and seems to be the connecting link between Arbor-Vitæ and that family. Entirely distinct and valuable for general planting, also most suitable for window boxes. 8 to 12 inches, \$1.00; 12 to 15 inches, \$2.00 to \$3.00; 15 to 18 inches, \$3.50 to \$5.00.

GLOBOSA. (Golden Arbor Vitæ) A low compact form with bright green foliage. 12 to 15 inches, \$2.50 to \$3.00; 1½ to 2 feet, \$4.00 to \$5.00.

NANA COMPACTA. (Compact Arbor Vitæ) Dwarf, dense, compact little evergreen, having light green foliage and very neat, attractive habit. 8 to 12 inches, \$1.00; 12 to 15 inches, \$2.00 to \$3.00 each; 18 to 20 inches, \$4.00 to \$5.00.

OCCIDENTALIS. (American Arbor-Vitæ) Strong vigorous grower. Its upright slender growth makes it desirable for formal planting and for variety in grouping. Its ability to withstand shearing makes it unsurpassed for hedges. 1½ to 2 feet, \$1.50 to \$2.00; 2 to 3 feet, \$3.00 to \$4.00; 3 to 4 feet, \$5.00 to \$6.00; 4 to 5 feet, \$7.00 to \$10.00.

ORIENTALIS. (Biota) (Chinese Arbor-Vitæ) A pyramidal type evergreen of exceptionally good growth and good foliage. Excellent for hedges owing to its easy culture. Attractive for foundation or other plantings owing to its upright growth and good color, being distinct from all other varieties. 1½ to 2 feet, \$2.00; 2 to 3 feet, \$3.00 to \$4.00; 3 to 4 feet, \$5.00 to \$6.00; 5 feet, \$7.00 to \$10.00.

PUMILA. A handsome dwarf; dense, perfect in form; a charming shade of green. 15 to 18 inches, \$3.00; 18 to 24 inches, \$3.50 to \$5.00.

PYRAMIDALIS. (Pyramidal Arbor Vitæ) Its compact slender column of dark green is ornamental as a lawn specimen for backgrounds and in groupings. 1½ to 2 feet, \$2.50 to \$3.00; 2 to 3 feet, \$4.00 to \$5.00; 3 to 4 feet, \$7.50 to \$10.00.

SIBIRICA. (Siberian Arbor-Vitæ) Oval shape, handsome and hardy in all localities. 12 to 15 inches, \$2.50 to \$3.00; 1½ to 2 feet, \$4.00 to \$5.00.

JUNIPER (Juniperus)

CANADENSIS. A very hardy, dense, grayish-green type of especial value in rockeries and for ground covering. The main branches are usually numerous, and procumbent; well furnished with upright branchlets. Seldom over four feet high. 15 to 18 inches, \$3.00 to \$4.00; 18 to 24 inches, \$5.00 to \$6.00 each.

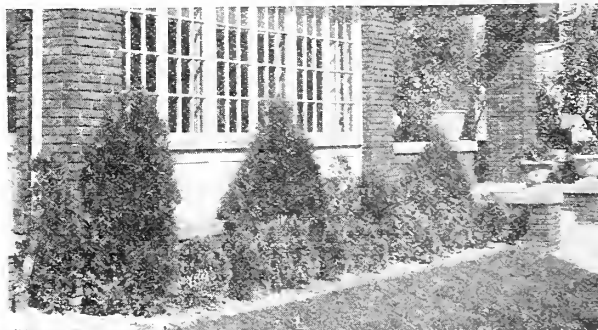

NANA. (Prostrate Juniper) This is a very desirable low growing evergreen. 15 to 18 inches, \$3.00 to \$4.00; 18 to 24 inches, \$5.00 to \$6.00 each.

PITZERIANA. Of upright spreading growth, grayish-green foliage. One of the hardiest varieties. Thrives anywhere. 15 to 18 inches, \$3.00 to \$4.00; 1½ to 2 feet, \$5.00 to \$6.00.

SABINA. (Sabin Juniper) Spreading form. Nice plants. 12 to 15 inches, \$3.00 to \$4.00; 1½ to 2 feet, \$5.00 to \$7.00.

VIRGINIANA. (Red Cedar) Is always popular and can be used ornamentally in a number of ways, thriving well and making a fine appearance in soil or situations where other trees will not grow. 2 to 3 feet, \$4.00; 3 to 4 feet, \$7.50.

VIRGINIANA GLAUCA. (Blue Virginia Cedar) Throughout the year the leaves are a rich silvery blue. Very handsome and effective. 1½ to 2 feet, \$4.00 to \$5.00; 2 to 3 feet, \$7.00 to \$8.00; 3 to 4 feet, \$9.00 to \$12.00 each.

A Planting of Various Arbor-Vitæ

Wagner Park Flowers

SPRUCE — Picea

PICEA ALBA. (White Spruce) One of the very best conifers, especially for cold climates. Compact, upright growing, long-lived retaining its branches to the ground, aromatic, drought-resisting; varies in color from light green to glaucous blue. 1½ to 2 feet, \$4.00 to \$5.00; 2 to 3 feet, \$5.00 to \$6.00 each.

EXCELSA. (Norway Spruce) This, our common spruce, embraces more desirable features than any of the others. It is rapid growing, does well in moist soils and withstands the bleak and cold winds of winter. Nice plants, \$1.00; 2 to 3 feet, \$3.00; 4 to 5 feet, \$5.00 to \$7.50.

PUNGENS GLAUCA. (Colorado Blue Spruce) The rich bluish coloring of the foliage is a rare bestowal of Nature. It will withstand the coldest climate; is a vigorous grower, and will do well in any locality. For color effect nothing equals this beautiful variety. 1½ to 2 feet, \$6.00 to \$7.50; 2 to 3 feet, \$10.00 to \$12.00 each.

PSEUDOTSUGA. Douglasii. (Douglas Spruce) It is similar to the spruce and is a very desirable and beautiful tree for either collective or individual planting. It is a western tree of erect habit and growth. Hardy in the coldest place. 2 to 2½ feet, \$5.00; 2½ to 3 feet, \$6.00.

TSUGA CANADENSIS. (Hemlock Spruce) A medium sized tree with pendulous branches whose graceful character is in striking contrast to some of the formal conifers. This is a rapid grower and very hardy. 1½ to 2 feet, \$4.00 to \$5.00; 2 to 3 feet, \$6.00 to \$7.00.

PINE — Pinus

AUSTRIACA. (Austrian Pine) A tall massive tree with spreading branches heavily plumed with long, stiff, dark green needles. A useful species along the coast, and grows equally well inland. Popular for grouping or as specimens. 2 to 3 feet, \$5.00 to \$6.00; 3 to 4 feet, \$7.00 to \$10.00.

MUGHUS. (Mugho Pine) This unique alpine species forms a dark dome-shaped hush, broader than its height and sometimes almost prostrate. Suitable for lawn specimens or evergreen groups, terraces, rockeries and seaside plantings. 1 to 1½ feet, \$4.00 to \$5.00; 1½ to 2 feet, \$6.00 to \$7.50 each.

SYLVESTRIS. (Scotch Pine) A strong grower with spreading branches and short, stiff, bluish-green needles. Its rapid growth makes it suited for temporary effects, though it is by no means to be despised for permanent ones. Splendid for mass planting, screens, shelter belts, and seashore uses. 2 to 3 feet, \$5.00; 3 to 4 feet, \$6.00 to \$8.00.

Group Planting of Assorted Evergreens

RETINISPORA

PLUMOSA. Main stems erect but side shoots assume a plume-like arrangement. The branches are slender and pliable, imparting a feathery appearance. Delicate, glaucous foliage. 1 to 1½ feet, \$4.00 to \$5.00; 2 to 2½ feet, \$6.00 to \$8.00.

PLUMOSA AUREA. (Golden Japan Cypress) One of the few really golden evergreens. The color of the young growths contrasts strongly with the darker shades of the older foliage. Striking and useful in many ways. 1 to 1½ ft., \$4.00 to \$5.00; 2 to 2½ feet, \$6.00 to \$8.00.

Hardy Evergreen Shrubs

Evergreen shrubs are being used more and more each year because they are so desirable and effective in all landscape work. Their heavy leaf masses meet the demand for fresh green foliage to enliven and cheer the bare aspect of deciduous trees and shrubs in winter. Most of them have a fondness for shady places that they meet a large demand in beautifying these spots.

Mahonia Aquifolia

MAHONIA AQUIFOLIA. Unusually desirable for planting among other evergreens or for grouping. The richness of the glossy leaves gives the Mahonia great popularity for ornamental planting. Yellow flowers followed by blue berries for winter decoration the upper leaves are bronzed to red in the winter. First size, 50c each; 5 for \$2.00; 12 for \$4.00, PREPAID. Large size, \$1.00 each; 3 for \$2.50; 10 for \$7.50. Extra large, \$1.50 each. Heavy specimens, \$2.00 to \$2.50 each.

YUCCAS (FILAMENTOSA) Hardy Flowering Evergreen Plants of Great Beauty. The Yucca Plant is so unusual and so strikingly effective, either when planted alone or in combination with other evergreens, that it attracts attention on the humblest lawn, and is worthy of a place in the most pretentious garden. White flowers.

PRICES OF YUCCAS IN THE VARIOUS SIZES WE CAN SUPPLY

PRICES OF YUCCAS First size, 15c each; 4 for 50c; 10 for \$1.00, PREPAID. Large size, 25c each; 5 for \$1.00; 12 for \$2.00; 100 for \$12.50. Extra heavy 3-year clumps, 35c each; 3 for \$1.00; 10 for \$3.00; 100 for \$25.00.

BOXWOOD They have a distinctive character from any other evergreen. They are suitable as decoration plants in pots or vases, also desirable for planting among other evergreens or as edging. Nice plants, 8 to 10 inches, 75c each; \$8.00 per doz.; select size, \$1.00 each; \$11.00 per doz.

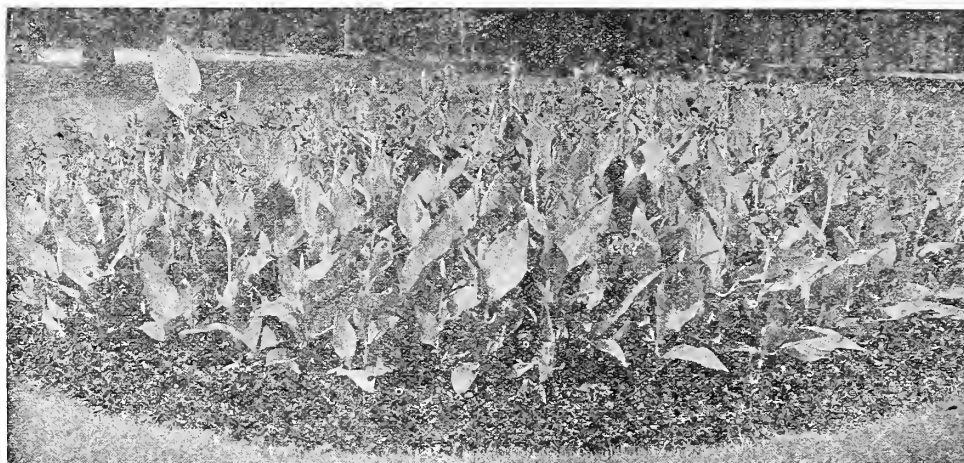

RHODODENDRON CATAWBIENSE. Of compact growth with dark green foliage and masses of rose-pink flowers in great clusters in June. Heavy plants, 15 to 20 inches, \$5.00; extra heavy plants, 20 to 24 inches, \$7.50 each.

MAXIMUM. Taller growing and has larger leaves than Catawbiense. Blossoms are white-tinged pink and appear in large trusses in July, being the latest of all Rhododendrons. Will stand more exposure than any other variety. Hardy plants, 18 to 24 inches, \$5.00; extra heavy plants, 24 to 30 inches, \$7.50 each.

Wagner Park Lily Cannas

THE FINEST STOCK POSSIBLE TO PRODUCE

Wagner Cannas are Remarkably Free Flowering and Attractive

Visitors are invariably enthused at the beauty and sizes of Wagner Park Cannas with wide, arching leaves and stiff stalks of flaming flowers growing like torches above their noble foliage. The effectiveness is not confined to only a few weeks display, but being exuberant in growth, a bed of Cannas soon become attractive after planting and each day thereafter adds to its beauty.

Cannas should not be planted out-of-doors until after danger of frost is over. They may be planted as late as June, but the earlier planted, the better results. The most practical way to care for the roots over winter is to take up the clumps after the first killing frost, leaving some earth adhering to the roots. Place them in a dry cellar where frost will not penetrate. Do not allow the roots to become too dry or tubers will wither, but care should be taken that they are not so moist as to allow mildewing. In spring the bulbs can be started in sand in the house, if kept moist, or can be planted in the open ground as soon as all danger of frost is over. Our stock is so handled that immediate results and effects may be obtained.

\$6.00

A MOST MARVELOUS CANNA COLLECTION

CHAS. HENDERSON. Dwarf. The standard of all crimson Cannas. Bright crimson, with pencilings of golden yellow at center. 20c; \$2.00 per dozen.

DAVID HARUM. Medium height; dark bronze foliage. Strong grower and one of the finest blooming Cannas. Flowers of large size with well rounded petals. Color is a bright vermilion-scarlet, dotted with crimson spots. 20c; \$2.00 per dozen.

FIREFLAME. Medium height; beautiful green foliage. Deep crimson flowers. 25c; \$2.50 per dozen.

HUNGARIA. A magnificent pink Canna. The petals are large and waxy, made up into big, round, full trusses. Its color forcibly suggests the well known Paul Neyron Rose. The most popular pink Canna ever produced. 25c; \$2.50 per dozen.

INDIANA. Tall grower. Heavy compact green foliage and sturdy growth. Flowers on long spikes of orange-scarlet color, a most satisfactory variety. 20c; \$2.50 per dozen.

KING HUMBERT. Medium height; bright orange-scarlet streaked with crimson. The foliage is bronze with brownish-green stripes, large, thick and leathery; finest foliage of all Cannas. 25c; \$2.50 per dozen.

YELLOW KING HUMBERT. A sport from the bronze leaved red flowering King Humbert. Flowers are yellow dotted orange-scarlet. 25c; \$2.50 per dozen.

MME. CROZY. Dwarf grower. The popular golden-edged bright scarlet. Green foliage. 20c; \$2.00 per dozen.

QUEEN CHARLOTTE. Dwarf grower. Rich crimson-scarlet with wide gold border on every petal; a profuse bloomer; broad green leaves. 20c; \$2.00 per dozen.

WYOMING. Medium grower. A good strong grower with bronzy purple foliage. The flowers are orange-red color and in large clusters. Any good garden soil will produce a fine growth of this remarkable variety. This variety will make a great show for any lawn. 20c; \$2.00 per dozen.

THE PRESIDENT. Medium height. The greatest red Canna, possessing every desirable quality. Of immense size, unsurpassed in vigor, penetrating color, and a free bloomer. 25c; \$2.50 per dozen.

SPECIAL CANNA OFFER

We have an unusual stock of fine plump bulbs of GIGANTEA Green foliage and GIGANTEA Bronze foliage. These two kinds are of strong, sturdy growth attaining a height of 4 to 5 feet and especially suitable for heavy background foliage effects or for planting as screens or hedges. Flowers are red but not large. Only dormant bulbs offered. 2 for 25c; 5 for 50c; 12 for \$1.00 or 100 for \$5.00, PREPAID.

PLEASE NOTE OUR GUARANTEE OF SATISFACTION ON INSIDE FRONT COVER PAGE

DAHLIAS

Within the last few years a wonderful revival of interest in the Dahlias is noted, which has resulted in their now being very important rivals to all other bedding plants.

We recommend Dahlias to any one wanting an attractive bedding plant and something that will also give a liberal supply of fine cut flowers. They are also very effective planted among shrubs and perennials.

Dahlias are very showy and attractive and best results are obtained if planted early, however, they can be planted very late with good results.

We supply some dormant roots for early shipping, and started plants later in season.

Dahlias of Special Merit

MAUD ADAMS. (New Show Dahlia.) This wonderful introduction is unsurpassed in quality in every respect; a model of perfection. The color is pure, snowy white, very effectively overlaid clear delicate pink. Undoubtedly the finest of recent introductions. 50c each; 3 for \$1.25.

MILLIONAIRE. (New Decorative) One of the finest and largest dahlias grown, a grand type for exhibition to your friends; delicate lavender pink. \$2.00 each; 3 for \$5.00.

PRIDE OF CALIFORNIA. (Decorative) A brilliant, glowing cardinal red, of very large size held on extra good stems, very free and a wonderful keeper as a cut flower. 75c each; 3 for \$2.00.

SHOWER OF GOLD. (Decorative) Furnishes great quantities of attractive, long stemmed cut-flowers. Petals rather narrow and sharp pointed, somewhat re-curved. Brilliant yellow enriched by an apricot stain at center. \$1.00 each; 3 for \$2.50.

Choice Cactus Dahlias

COUNTRESS OF LONSDALE. The finest flowering Dahlia in the collection. Color, an exquisite shade of rich salmon, with just a suspicion of apricot at the base of the petals. Towards the tips the color deepens gradually to the softest carmine-pink. 35c; \$3.50 per doz.

J. H. JACKSON. Brilliant dark crimson maroon. 35c; \$3.50 per doz.

WILLIAM AGNEW. Intense glistening scarlet crimson; very large flowers. 25c; \$2.50 per doz.

WHITE CACTUS. Petals are rolled up so that the edges overlay each other. The color is pure white. 30c; \$3.00 per doz.

Decorative Dahlias

LYNDHURST. Brilliant cardinal-red. A fine cut flower. 35c; \$3.50 per doz.

NYMPHAEA. Like a pink and white water lily. 25c; \$2.50 per doz.

SYLVIA. Soft, pleasing mauve-pink, gradually changing to white in center. 25c; \$2.50 per doz.

Pompon Dahlias

SNOWCLAD. Flowers snowy white. A dwarf grower; very early. 20c; \$2.00 per doz.

SUNBEAM. Deep carmine-red and attractive. 25c; \$2.50 per doz.

Single Dahlia

TWENTIETH CENTURY. No orchid could be more delicate in color or yet richer in shading. It is pure white at the tips and gradually shading toward the center of the petals to delicate blush rose. A wonderful blending of colors. 35c; \$3.50 per doz.

ONE EACH Maud Adams, Pride of Calif., Millionaire, Shower of Gold **\$3.50**

Show Dahlias

A. D. LIVONI. Color, a very light silvery pink, petals beautifully quilled. 30c; \$3.00 per doz.

MARY D. HALLECK. Large compact golden yellow flower, full to the center. 30c; \$3.00 per doz.

PRINCESS VICTORIA. Light yellow, elegant form. 30c; \$3.00 per doz.

YELLOW DUKE. Large, rich yellow, very fine. 30c; \$3.00 per doz.

GLADIOLI Most Desirable of Summer Flowers for Cutting We Offer Only Select No. 1 Large Size Bulbs

Gladioli are exceedingly beautiful and their easy culture makes them one of the most popular flowers for general planting. The bulbs we offer are all of blooming size. Where planted in masses or among perennials or in the shrubbery border they brighten the whole of the planting during their season of bloom which is during August and September when few hardy plants or shrubs flower.

The demand for Gladioli has become so great that we are now devoting a large acreage to their culture. The varieties we grow constitute the very finest that can be produced. Our stock has been carefully selected, the markings and size of flower being the first consideration. This enables us to send out collections which consist of the very choicest varieties in their particular color. The bulbs we offer are strong, vigorous growing, and the flowers are very large, of perfect form. The combinations of the markings are almost endless, and such as will be found in few other collections sent out. A succession of bloom may be had from July to October by planting at intervals from April to June.

In the fall before frost, the bulbs should be taken up, dried and placed out of reach of frost, for planting again the following spring.

ALICE TIPLADY. Orange saffron; flowers unusually large for the class, and beautifully ruffled. 15c; \$1.50 per doz., PREPAID; \$10.00 for 100.

ANNA EBERIUS. Rhodamine purple with pansy purple blotch in throat. Fine form. 20c each; \$2.00 per doz., PREPAID; \$14.00 per 100.

AUGUSTA. Pure white in color, with blue anthers. It produces long, straight spikes, often with several branches. 10c; \$1.00 per doz., PREPAID; \$7.00 per 100; \$10.00 per 100.

BARON HULOT OR BLUE KING. A really fine blue Gladiolus; in color a rich, royal violet-blue. 15c each; \$1.50 per doz., PREPAID; \$10.00 per 100.

CRIMSON GLOW. Ch. Betscher. A perfect scarlet of a deep tone. Very large open flowers of the finest form and exceedingly well placed on a tall spike. 20c each; \$1.75 per doz., PREPAID; \$12.00 per 100.

EVELYN KIRTLAND. Tall and stately; flowers fairly sparkling with a characteristic lustre, and joyous color tones. Rosy pink, darker at edges and dimming to shell-pink at center; brilliant scarlet blotches on lower petals. 15c each; \$1.50 per doz., PREPAID; \$8.00 per 100.

E. J. SHAYLOR. A beautiful pure deep rose pink recognized even in Europe by certificates of merit. Plant strong and flowers large. 25c each; \$2.00 per doz.; \$15.00 per 100.

HALLEY. Delicate salmon-pink, slightly roseate, the lower petals showing a creamy blotch bisected by a red stripe. 10c each; \$1.00 per doz., PREPAID; \$6.00 per 100.

JEWELL. Wonderful color of clear salmon-pink with golden throat, without markings. Tall, erect, early flowering. Fine forcer. 20c each; \$2.00 per doz., PREPAID; \$12.00 per 100.

LE MARECHAL FOCH. One of the earliest. A beautiful shade of light pink. 10c each; \$1.00 per doz., PREPAID; \$6.00 per 100.

LILY LEHMAN. Pink to blush white, splendid flowers round the stem just as white as lilies. 15c each; \$1.25 per doz.; \$8.00 per 100.

PRINCE OF WALES. An early flowering sort with fine spikes of large flowers of delicate apricot-pink suffused salmon. 15c; \$1.00 per doz., PREPAID; \$7.00 per 100.

MIXED COLORS. This strain affords an unusually fine range of colors. All are of the large flowering kinds and among them you will find the most beautiful shades. Plant them in quantities in the hardy border or most anywhere and you will get results. Flowering size, 50c per doz., PREPAID; \$2.50 per 100; extra select bulbs, 10c; \$1.00 per doz., PREPAID; \$5.00 per 100.

Gladiolus

GERANIUMS CHOICE BEDDING PLANTS

Geraniums are the best known and most extensively grown of all bedding plants. Much of this is because of their easy culture, freedom of bloom and showy clusters of flowers.

The following collection of Geraniums has been carefully selected as the very best for summer blooming. All have been thoroughly tested by us and we can recommend every one to give satisfaction and wealth of beautiful blossoms this season.

BEAUTE POITEVINE. A beautiful salmon-pink. 10c; \$1.00 per doz.; larger size, 15c; \$1.50 per doz.; heavy plants, 25c; \$2.50 per doz.

BRUANT. Old favorite. One of the best and most brilliant scarlet varieties. 10c; \$1.00 per doz.; larger size, 15c; \$1.50 per doz.; heavy plants, 25c; \$2.50 per doz.

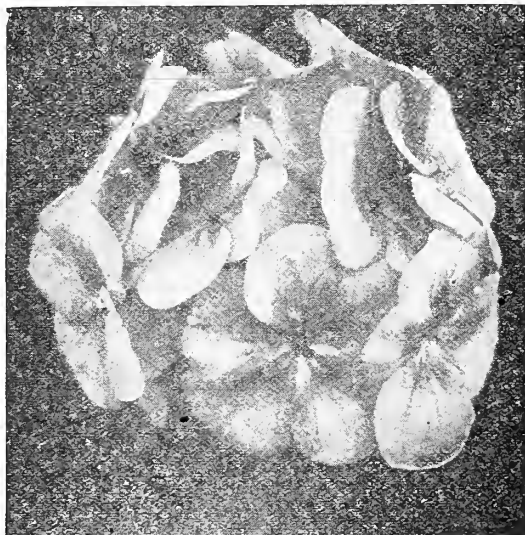

JEAN VIAUD. Beautiful shade of bright pink. 15c; \$1.50 per doz.; larger, 20c; \$2.00 per doz.; extra heavy plants, 30c; \$3.00 per doz.

LA FAVORITE. Pure, snowy-white. 10c; \$1.00 per doz.; larger size, 15c; \$1.50 per doz.; heavy plants, 30c; \$3.00 per doz.

MRS. E. G. HILL. Bright salmon, with a light shading at center. 15c; \$1.50 per doz.; larger, 20c; \$2.00 per doz.; heavy plants, 30c; \$3.00 per doz.

S. A. NUTT. Rich dark crimson. Close, compact habit. 10c; \$1.00 per doz.; larger, 15c; \$1.50 per doz.; heavy plants, 25c; \$2.50 per doz.

SCARLET BEAUTY. (New) Our own introduction. This wondrous beauty is a strong, upright grower producing long, stiff straight stems which are crowned with immense clusters of rich, brilliant scarlet flowers and are fully double. A most prolific bloomer and the individual blossoms often measure more than 2 inches in diameter. Frequently there are a dozen perfect flowers on a single stem with 20 to 30 unopened buds so one can imagine the great beauty and size of their flower clusters. Prices, thrifty, well-rooted plants, 30c; \$3.00 per doz.; larger size, 40c; \$4.00 per doz.; extra heavy plants, 60c; \$6.00 per doz.

Geranium Blossoms

Some Choice Bedding Plants

All Unusually Desirable Varieties and of Special Merit

DAPHNE. Soft rose-pink.

GOLDEN QUEEN. Rich pure yellow.

FIREBRAND. Rich, deep red, fine.

MONT BLANC. Pure white flowers.

Mixed Colors. 15c each; \$1.00 per doz., PREPAID; \$5.00 per 100.

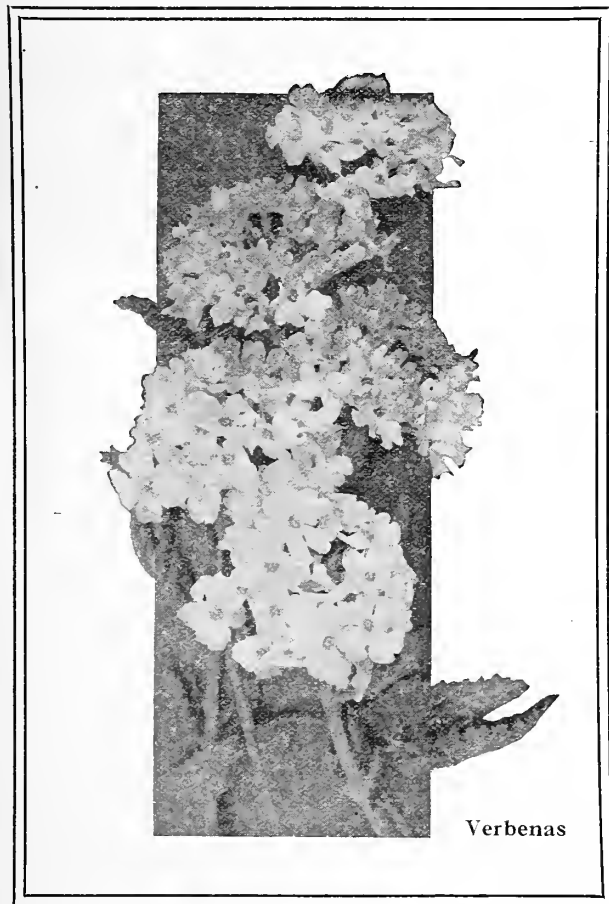

Nothing equals Snap Dragons for continuous summer flowers.

TUBEROUS-ROOTED BEGONIAS

Few plants are better adapted to the summer decoration of the window garden, the veranda and the conservatory than the Tuberous Begonia. It is a constant and prolific bloomer, wonderfully rich and varied in coloring, and so easy to grow.

Single, Mixed. 25c each; 5 for \$1.00; 12 for \$2.00, PREPAID.

Double, Mixed. 35c each; 3 for \$1.00; 10 for \$3.00, PREPAID.

Verbenas

BEGONIA GRACILIS LUMINOSA. (Red) Strong and robust. The most free-flowering of all Begonia, always in bloom—spring, winter and autumn. The flowers, when first opening, are a bright cherry, changing to a clear coral-red. Its foliage is rich glossy green, often shaded deep bronze. Nice plants, 25c; 5 for \$1.00; 12 for \$2.00, PREPAID.

BEGONIA LUCERNA. Upright, vigorous grower; coral red flowers. 30c; \$3.00 per doz.

CALADIUM ESCULENTUM (ELEPHANT'S EAR) For obtaining tropical effects this beautiful plant takes a prominent place. Very large with bright green leaves. First size bulbs, 25c each; 5 for \$1.00, PREPAID. Large size bulbs, 35c each; 3 for \$1.00, PREPAID. Extra size bulbs, 50c each; 5 for \$2.00.

COLEUS Are almost indispensable where beds of brilliant foliage are wanted. Also used for edging and ribbon beds. Also for boxes, urns, etc.

BRILLIANT RED. Unusually attractive. 15c each; 4 for 50c; 10 for \$1.00; \$7.50 per 100.

GOLDEN BEDDER. Fine yellow, clear and distinct. 15c each; 4 for 50c; 10 for \$1.00; \$7.50 per 100; larger size, 20c; \$1.50 per doz.; \$10.00 per 100.

VARIEGATED. Highly attractive foliage with varied shades of color in a single leaf. 15c each; 4 for 50c; 10 for \$1.00; \$7.50 for 100.

Mixed. A grand assortment. 15c each; 5 for 50c; 12 for \$1.00; \$6.00 per 100.

DRACENAS INDIVISA. Numerous slender, grass-like green leaves, the favorite center plant for box, vase and basket planting. First size plants, 25c each; 5 for \$1.00, PREPAID. Large size plants, 50c each; 5 for \$2.00; extra large size plants, 75c each; 3 for \$2.00.

FUCHSIAS Well known favorites for planting out in partially shaded positions during the summer or for early spring-flowering in the window or green-house.

BLACK PRINCE. Bright, waxy carmine petals and pink corolla. 25c each; 5 for \$1.00; 12 for \$2.00.

HELIOTROPE This altogether delightful old plant has ever been a great favorite among those who enjoy and appreciate garden perfumes, and flowers of dainty type. True Lavender Heliotrope, 25c each; 5 for \$1.00; 12 for \$2.00, PREPAID.

HYDRANGEA Especially desirable for pot growing; but may also be planted in open ground but should be brought indoors for winter except in mild climates.

OTAKSA. The old time favorite and always popular. Large heads of light pink flowers. Nice thrifty plants, 25c; \$2.50 per doz.; larger size, 50c; extra size, 75c to \$1.00 each.

LANTANAS

MIXED COLORS

Showy bedding and basket plants that are being used more extensively than ever before. They are in bright, catchy bloom continuously from spring until frost cuts them down in the fall. 20c each; 3 for 50c; 7 for \$1.00; 12 for \$1.50, PREPAID.

PETUNIAS SINGLE FLOWERED, GIANT RUFFLED. Flowers beautifully ruffled and fringed; colors, rich and gorgeous, with deep throats of various shades. Fine mixed colors, 20c each; 3 for 50c; 7 for \$1.00; 12 for \$1.50, PREPAID.

SALVIA BONFIRE. (Scarlet Sage) This is one of the finest of the showy summer flowering plants. Its erect spikes of brilliant scarlet flowers stand clear above the dark green foliage and completely cover the plants. First size, 10c; \$1.00 per doz., PREPAID. \$6.00 per 100; large size, 15c; \$1.50 per doz.; \$10.00 per 100.

TRADESCANTIA (Wandering Jew) Beautiful trailing vines with thick, waxy, lance shaped foliage; very useful in baskets and window boxes. 15c; \$1.50 per doz.

VERBENA MAMMOTH FLOWERED. This choice strain has large flowers of very brilliant colors and large, distinct eyes. The plants are vigorous growing and free flowering. Mixed colors. 15c; \$1.50 per doz., PREPAID; \$10.00 per 100.

Wagner Park Flowers

Desirable Pot Plants for House, Veranda and Lawn

The same evolution has taken place in flowers for the house and veranda as in furniture and other things to complete the decorations of the home of today.

Boston Ferns

ASPARAGUS PLUMOSUS NANUS. A beautiful plant with bright green, graceful arched foliage. An excellent pot plant and ferneries. Nice plants, 25c; larger size, 50c. First size, 15c; 4 for 50c; 10 for \$1.00, PREPAID. Larger size, 25c each; 5 for \$1.00; 12 for \$2.00. Extra large, 35c; 3 for \$1.00; 10 for \$3.00.

SPRENGERI. Especially useful as a pot plant or for planting in ferneries or suspended baskets. First size, 15c; larger size, 20c; heavy extra large plants, 50c.

FERNS BOSTON FERN. The most popular of all Ferns. The leaves are long and slender, drooping gracefully. We know of no better all round decoration plant for all purposes. Young plants, 20c; 6 for \$1.00; larger plants, 30c; 4 for \$1.00; extra large, 50c to 75c each.

RUSCONI. A most beautiful fern for table decoration and fern dishes. The growth is compact of dwarf nature with finely cut fronds of lace effects. 3 inch pots, 50c each; 4 inch, \$1.00 each. One of these large plants enough for an ordinary size fern dish.

ROOSEVELT FERN. Resembles the world-famous Boston Fern, but produces many, many wide fronds, and are beautifully undulated, giving a pronounced wavy effect. Nice plants, 25c; large size, 50c to \$1.00 each.

PALMS KENTIA BELMOREANA. The hardiest, and will withstand the dry atmosphere of the house better than any other variety. Fine healthy growing plants. 8 to 10 inches high, 50c; 10 to 12 inches, 75c; 12 to 15 inches, \$1.00 each.

ARECA LUTESCENS. Most graceful and beautiful in cultivation. Bright green foliage, golden yellow stems. Nice thrifty plants. 10 to 12 inches high, 50c; 15 to 18 inches high, \$1.00 each.

SMALL FERNS FOR FERN DISHES

Nothing adds greater cheer to the home than growing plants. The use of ferneries as ornaments for the dinner table is very general. We can furnish at all times some fine, healthy plants of assorted varieties. 15c each; 4 for 50c; 10 for \$1.00, PREPAID.

Asparagus Plumosus

Everblooming Carnations—Large Flowered

The following list embraces the best of the standard and well-tried varieties. Good results will be obtained from these plants out of doors, especially so in the Southern States, where they are hardy, while in the North they require protection.

ENCHANTRESS SUPREME. A variety of extreme size, and a most beautiful pink. Very free flowering and satisfactory. 20c each; \$2.00 per doz.

MATCHLESS. A large, pure white, long stemmed and free-blooming. The petals are attractively fringed and the perfume delightful. 20c; \$2.00 per doz.

EDNA. Among the newer red carnation, there is no more satisfactory and pleasing kind than this. 20c; \$2.00 per doz.

MRS. C. W. WARD. One of the very good deep pink sorts, of attractive size and form, very free blooming and strongly scented. 20c; \$2.00 per doz.

Flower Seed Department

Our list of flower seeds will be found to contain only varieties of real merit. We want our seeds to give satisfaction and prefer not to have a very extended list rather than to cause disappointment in any of the varieties offered. Many times varieties are listed which are of no value whatever to the amateur and unless one has every facility for propagation disappointment is sure to follow.

The ground should be dug and raked fine on the surface sowing the seeds evenly and thinly, either in lines or beds, covering not over four times their size and firming the soil over them. Should they come up too thickly, as most of them are likely to do, thin out so that the plants will stand from 4 to 12 inches apart according to the variety, or transplant to another place. Water carefully as needed. To omit a single watering, or too frequent, or indiscriminate watering, usually leads to failure.

ASTERS

One of the most popular and useful of all our annuals.

Crimson. Deep crimson red.....	Oz. \$1.00; Pkt. 10c
Lavender. Light lavender-blue.....	Oz. 1.00; Pkt. 10c
Light Blue. A very pleasing shade.....	Oz. 1.00; Pkt. 10c
Pink. Clear light pink.....	Oz. 1.00; Pkt. 10c
Purple. An early deep purplish blue.....	Oz. 1.00; Pkt. 10c
Rose. A fine, very early red.....	Oz. 1.00; Pkt. 10c
White. Distinctly early, double.....	Oz. 1.00; Pkt. 10c
Mixed. Many pleasing shades and colors.....	Oz. .90; Pkt. 10c

SWEET ALYSSUM

A fine old-fashioned flower, for rock work or hanging baskets. Dwarf and very sweet scented, and blooms continuously; snow white. Price, Pkt., 10c.

ANTIRRHINUM—Snap Dragon

Another real old favorite growing in all the best gardens. Every shade and color and continue to bloom until frost cuts them off. Especially valuable for bedding. Pkt. 10c.

CENTAUREA CYANUS

(Bachelor's Button, Corn Flower)

Produce a profusion of flowers of attractive colors.

Cyanus Single Mixed.....	Oz. 30c; Pkt. 10c

Cyanus Double Rose.....	Oz. 50c; Pkt. 10c
Cyanus Double White.....	Oz. 50c; Pkt. 10c
Cyanus Double Mixed.....	Oz. 30c; Pkt. 10c

CANDYTUFT — White Rocket

One of the oldest annuals in existence and more popular than ever. Exceptionally fine border plant; easily grown, extremely fragrant. Is splendid for cut flowers. Pkt. 10c; Oz. 40c.

COSMOS — Early Flowering

This strain blooms earlier than any other. Its delicate fern-like foliage and crimson white and pink flowers form a pleasing contrast. Price, Pkt 10c; Oz. 25c.

COCKSCOMB

The crested heads of flowers resemble a cock's comb. Price, Pkt. 10c.

EVERLASTING FLOWERS

Straw Flower

One of the best. They succeed in any good garden soil. Double flowers of rich, glittering colors make a fine display, but are especially grown to dry for winter use in baskets, vases, etc. Pkt. 10c.

KOCHIA TRICOPHYLLA

Summer Cypress

Splendid for temporary Summer Hedges. Foliage lively green in summer, in autumn turns to a bright red. Pkt. 10c.

MARIGOLDS

The old favorite, of easy culture, well adapted for large beds, mixed borders or for pot culture.

Double Tall, Mixed.....	Oz. 35c; Pkt. 10c
Double Dwarf, Mixed.....	Oz. 50c; Pkt. 10c

PETUNIAS

Fringed Single Mixed. Deeply fringed flowers in a variety of colors. Pkt. 20c.

Fringed Double Mixed. Large flowering; many colors. Pkt. 25c.

PHLOX

PHLOX DRUMMONDI. An improved giant flowering mixture. Contains every shade of color.

Extra Choice Mixed. Best large flowered varieties. Oz. 80c; Pkt. 10c.

SWEET PEAS

Most people obtain more satisfaction from planting Sweet Peas in mixture than from growing named sorts. We assure our customers the Mixtures of Sweet Peas which we offer are the results of as great care in selecting. We invite comparison with any and all others, no matter under what name or at how high prices offered.

Choice Mixed. A splendid variety of blooms of improved forms and in the widest possible range of desirable colors. Pkt. 10c; Oz. 15c; ¼ lb. 40c; lb. \$1.00.

Spencers Mixed. A splendid mixture of Spencer varieties grown by the most careful methods from proven stocks. A wide range of colors is thus assured. Pkt. 10c; Oz. 20c; ¼ lb. 60c; lb. \$2.00.

SWEET WILLIAM — Dianthus

Unequaled for color and fragrance and produce an immense wealth of bloom.

Fine Mixed. This mixture especially satisfactory. Oz. 30c; Pkt. 10c.

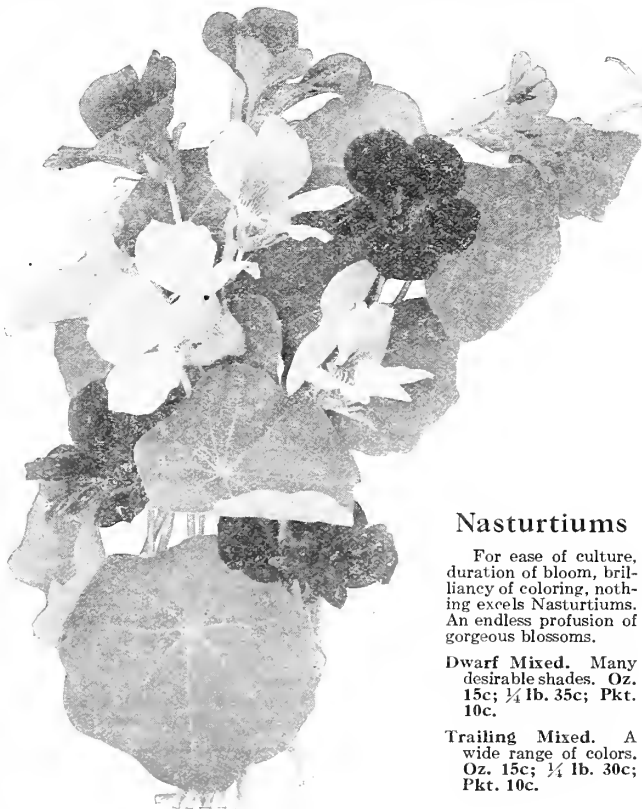

VERBENAS

Giant Mixed. Grand old favorites and needs no description. With little attention will give big returns in a gorgeous display of flowers. Pkt. 10c, POSTPAID.

ZINNIA

Sometimes called Youth and Old Age. Zinnias produce a profusion of large double imbricated flowers, borne on stiff stems. They are much used for bedding and are suitable for borders and for cutting.

Mixed. A choice mixture of shades and colors. Oz. 90c; Pkt. 10c.

Nasturtiums

For ease of culture, duration of bloom, brilliancy of coloring, nothing excels Nasturtiums. An endless profusion of gorgeous blossoms.

Dwarf Mixed. Many desirable shades. Oz. 15c; ¼ lb. 35c; Pkt. 10c.

Trailing Mixed. A wide range of colors. Oz. 15c; ¼ lb. 30c; Pkt. 10c.

Special Import Prices

GLORIOUS, BRILLIANT DUTCH BULBS, fresh from their native soil. If you want the choicest Tulips, Hyacinths, Crocus, etc., order from this selected list. We eliminate a large variety and offer only the best tried and true kinds, such that we know, from our years of experience, will give entire satisfaction.

Wagner's Reliable Bulbs

PLACE YOUR ORDER EARLY. We import them direct for you and you need not necessarily pay for them until you receive the bulbs. Those who send remittance with order for these Bulbs may deduct 5 per cent from prices quoted as a cash discount. We ship at proper planting time.

If you want the choicest flowering bulbs that bloom indoors throughout the Winter months and outdoors all through the early Spring, you should have us impart them for you direct from our growers in Holland, where nearly the entire world secures its supply of bulbs. By placing your **ORDER NOW** (even if for only a small quantity) you will be justified, for you will not only get the first pick of the season's stock, but at reduced prices.

These Dutch Bulbs are absolutely hardy. Plant them freely and you will surely be charmed with the beauty of their flowers. You will never regret it, for it can be truthfully said there is no other flower that demands so little care and gives so much in return.

NOTE. General instructions as to planting, care, etc., will be sent along with bulbs when shipped, that everyone may have 100 per cent success and satisfaction. No matter how small or large the order, it will receive our usual prompt attention.

Wagner's Superb Darwin Bulbs

The late-flowering Darwin Tulip has out-classed all its predecessors in type, style and beauty, and is at the present time the Queen of the Tulip family. It attains a height of two to three feet, with strong, heavy foliage, erect and robust stem, terminating in large and massive flowers. The colors of the Darwin embrace all the best shades and most of the flowers show a particular satiny effect. Darwin Tulips are fine among shrubbery and perennials; they grow tall and bloom for a long time.

Darwin Tulips are most valuable for permanent planting. With deep planting, 4 to 5 inches in heavy soil and 6 inches in light soil, they will continue to bloom for years. They also thrive in semi-tropical climates, like those of California and the Southern States, better than the early Tulips.

- BARONNE DE LA TONNAYE.** Bright rose margined blush-rose. 70c per doz.; \$5.00 per 100.
- CLARA BUTT.** Clear self-colored salmon rosy pink. 65c per doz.; \$4.50 per 100.

 25 Bulbs of each of these three varieties (75 bulbs)..... 3.50
SUPERFINE MIXED. Parrot Tulips. 55c per doz.; \$3.50 per 100; \$24.00 per 1000.

Double Tulips

This class of Tulips is one of the most valuable. They are admirably adapted for pot culture and form a pleasing contrast to the Single Tulips in the greenhouse conservatory. When planted in the open border they are very showy, and a succession of bloom may be had by a judicious selection from the following varieties. They form a dense mass of bloom when grown in beds, and the flowers remain in perfection of bloom longer than most of the single varieties. Those marked with a (*) are best for forcing.

- *IMPERATOR RUBRORUM.** Fine bright scarlet; large flower. This sort is used in large quantities for forcing and bedding; highly recommended. 12 inches. \$1.25 per doz.; \$9.00 per 100.
***CROWN OF GOLD.** One of the finest double golden yellow for forcing. 85c per doz.; \$6.00 per 100.
LA CANDEUR. White, with green tips; large, full flower on very strong stems; good keeper, and recommended for bedding. 10 inches. 70c per doz.; \$5.10 per 100; \$34.00 per 1000.

- RUBRA MAXIMA.** Dark red; excellent for hedging. 14 inches. 65c per doz.; \$4.50 per 100.
***MURILLO.** Delicate pink, white, flushed, beautiful shaped flower on strong stem; it is the most popular double Tulip for bedding and forcing. We can recommend this variety strongly. 12 inches. 70c per doz.; \$5.00 per 100.

SPECIAL DOUBLE TULIP OFFER

- 12 Bulbs of each of the above five varieties (60 bulbs)..... \$3.50
 25 Bulbs of each of the above five varieties (125 bulbs)..... 6.50
RAINBOW MIXTURE. Double tulips, all colors. 65c per doz.; \$4.80 per 100.

Crocus

A universal favorite, being one of the earliest flowers seen in the Spring. They are neat, dwarf and compact in growth, and the blooms are bright colors. If planted closely they make a very pretty display immediately after the snow goes off in the spring. Should be largely planted in the grass on lawns. The effect is beautiful. For flowering in pots, baskets, etc.

- KING OF THE WHITE.** Large white; fine. 40c per doz.; \$2.00 per 100; \$18.00 per 1000.
LARGE-FLOWERED SHADES OF BLUE AND PURPLE. 35c per doz.; \$2.00 per 100; \$18.00 per 1000.
LARGE-FLOWERED GOLDEN YELLOW. 40c per doz.; \$2.00 per 100; \$18.00 per 1000.
MIXTURE OF ALL COLORS. 30c per doz.; \$1.75 per 100; \$15.00 per 1000.

Colchicum Fall Flowering Crocus

Surprisingly beautiful flower. Requires no soil, no water, only a little sunlight, yet produces wonderful attractive flowers. Unique for table, room or window decoration. Flowers are rose tinted, shading to pearly white and exhale a refreshing fragrance.

Simply place the bulb in a dish, bowl, saucer or on the table or window sill in a little light and watch its beauty unfold. As the blooms fade and drop, cut them off and others will follow in quick succession, each bulb producing from six to fifteen flowers.

When the blooming has ceased, the bulbs may be potted or planted in the open garden or lawn, where the following spring they will develop a beautiful, broad, deep colored foliage.

Remove from bed about July first, dry the bulb in darkness for a few days and use for indoor decoration as at first. Mammoth bulbs, 35c; 3 for \$1.00; 12 for \$3.50.

NOTE: At time of going to press with this catalog, no decision had been given by the U. S. Government to import Narcissus or Daffodils, but should they be permitted we will be in position to supply general list of varieties.

Choice Named Hyacinths

These are not miniature bulbs but exceptionally choice Hyacinths, and sure to give satisfaction. Our own special growers, who give their personal attention to this particular class of bulbs, assure us that there are no better single Hyacinths grown. (*) Best forcing varieties.

- *GERTRUDE.** Beautiful bright pink, fine large and compact spike, the most popular dark rose Hyacinths for hedging and forcing. 30c each; \$3.50 per doz.; \$20.00 per 100.
***KING OF THE BLUES.** Dark blue, splendid early sort and really a King amongst the blue varieties. 30c each; \$3.00 per doz.; \$20.00 per 100.
L'INNOCENCE. Finest white; extra large, well formed spike; one of the finest. 30c each; \$3.00 per doz.; \$20.00 per 100.
LA VICTORIE. Brilliant deep red. 30c each; \$3.00 per doz.; \$20.00 per 100.
***GRAND MAITRE.** Porcelain blue, very large spike, one of the most used. A fine variety. 30c each; \$3.00 per doz.; \$20.00 per 100.
***YELLOW HAMMER.** Golden yellow, the finest of all yellows. 30c each; \$3.00 per doz.; \$20.00 per 100.

Choice Bedding Hyacinths

Specially recommended for bedding. They are extra select bulbs and from which the very finest flowers are produced. We offer them in the following separate colors.

LARGE SIZE SELECT BULBS	Each	Doz.	100
Red.....	\$0.20	\$2.00	\$14.00

Smith No. 22 "BANNER"
Compressed Air Sprayer

Smith's New Junior Sprayer

A sturdy sprayer with no parts to get out of order easily. Very simple and suitable for all purposes. 1 qt. size Galvanized Iron.

Price, \$1.50.

INSECTICIDES

ARSENATE OF LEAD. One of the best and most effective of poisonous insecticides for leaf-eating insects, and more especially adapted to trees and shrubs, as it adheres to the foliage better. It is not so liable to be washed off by rains, and does not burn. DRY, $\frac{1}{2}$ lb., 60c; 1 lb., \$1.00; 4 lbs., \$3.00.

BORDEAUX MIXTURE. For mildew and all fungus diseases. Can be used alone or in connection with Paris Green or Arsenate of Lead. For hardy foliage such as apple, pear, potato, tomato, egg plant, use 2 oz. to 3 quarts of water. For tender foliage such as peach, cherry and cucumber, dilute to one-half strength. $\frac{1}{2}$ lb., 60c; 1 lb., \$1.00; 5 lbs., \$3.50.

BUG DEATH. A non-poisonous powder to be applied dry or mixed with water and sprayed on the plants. It is death to the potato, squash and cucumber bugs, currant and tomato worms. It is best applied dry with a duster or powder gun at the rate of about 12 lbs. per acre. Price, 1 lb., 50c; 3 lbs., \$1.00.

FISH OIL SOAP. One of the best and safest remedies for Scale, sucking insects and plant lice on vegetables, shrubs and trees. Kills Aphids, Thrips, Melon-Lice and all insects sucking juices from trees. Is also effective for preventing and destroying Borers in trees as a wash. $\frac{1}{4}$ -lb., 25c; $\frac{1}{2}$ -lb., 40c; 1 lb., 75c.

HELLEBORE POWDER. For destruction of Slugs, Worms, Caterpillars, etc. Apply with powder gun and dust evenly over plants early in the morning while plants are wet with dew. $\frac{1}{2}$ -lb., 60c; 1 lb., \$1.00.

SPRAY TABS. A complete insecticide in tablet form containing the proper amount of poison with other chemicals, to control insects, etc. Dissolve in water and use. Full directions on each package. 30 tablets in box, 50c.

TREE TANGLEFOOT. For protecting trees against climbing insect pests in a simple, economical and effective way; put a band of tree tanglefoot, from 3 to 5 inches wide completely around the tree. A perfect safeguard Against Gypsy, Brown-Tail and Tussock Moth, Canker Worms and Ants, and other creeping insects. 1 lb., \$1.00; 5 lbs., \$4.50; 10 lbs., \$8.00; 20 lbs., \$15.00.

WEED KILLER. A highly concentrated solution which dilutes one part to 50 parts of water. It is effective within 12 hours after application and on application will keep paths and roadways free from weeds for an entire season. 1 qt., \$1.25; $\frac{1}{2}$ gal., \$2.25; 1 gal., \$4.00.

The insistent demand for plant foods has grown so, we have decided to offer our trade Plant Marvel. This product has the highest official approval. It has been tested on varied plant life. We unhesitatingly recommend Plant Marvel to our patrons—whether it be to the grower of a few plants, or to the largest estate. Directions for using accompany each shipment.

Plant Marvel (Formula "A"), is guaranteed to contain 61.30 per cent of plant foods—all water-soluble. Its 15.30 per cent of ammonia grows wondrous foliage. Its 14.50 per cent of potash gives plants health, pep and beauty. Its 31.50 per cent of phosphoric acid insures prolific bloom, and for all garden and truck crops timely maturity.

Use PLANT MARVEL and you will enjoy house plants and flowers of thrilling beauty. Your garden will feed your table—you will have earlier, more tender, succulent, crisp, vegetables. You will have early, delicious fruits. Your waste spots will become a fairyland—you will enjoy gorgeous roses; rampant climbing vines; thrifty shrubs and hedges; beautiful ornamental and shade trees; velvety lawns; dense, close-knit springy golf greens.

For best results on house plants and flowers and all limited areas of plant life, use Formula "A." No trouble! No worry! No digging, no damage to the most delicate roots. You "feed as you water." Price: Packed in 25c, 60c and \$1.00 containers. The \$1.00 size is most economical—feeds 20 potted plants for 36 weeks; transforms 150 square feet of flower-hed into a riot of bright and cheerful colors; etc. Attractive bulk prices on Formula "A" to large users on application.

READ THIS GUARANTEE. Order a package of PLANT MARVEL (Formula "A") TODAY. If Formula "A" doesn't show more delightful, amazing and BETTER results, go farther and prove more economical than any other plant food, The Wagner Park Nursery Company will gladly refund your money.

Use PLANT MARVEL (Formula "B") on all larger areas of garden and truck, small fruits, etc.—where it is not practical to "Feed as you water." Only \$1.00 for a 5-pound sack. By simply adding 6 quarts of soil you have 20 pounds of high grade plant food—enough to feed 1000 square feet of vegetables, etc.

Use PLANT MARVEL (Formula "C") on larger areas of lawn, shrubs, hedges, fruit, shade and ornamental trees, etc. Only \$1.00 for a 5-lb. sack—enough to treat 1500 square feet of lawn, etc.

PLANT MARVEL is approved by your State University, and every other good authority.

SHEEP MANURE, PULVERIZED

One of the most generally used of animal manures. Unequalled for general use in growing flowers. Apply 1000 pounds per acre. 2 lbs., 20c; 5 lbs., 35c; 10 lbs., 65c; 25 lbs., \$1.25; 50 lbs., \$2.00; 100 lbs., \$3.50; 500 lbs., \$16.50; 1000 lbs., \$30.00; ton \$55.00.

MOST PRACTICAL GARDEN BOOKS

A WOMAN'S HARDY GARDEN (Mrs. Ely). One of the most popular and helpful books for the amateur; beautifully illustrated. \$2.00.

CULTIVATED EVERGREENS (Bailey). A handbook of the Coniferous and most important Broad-Leaved Evergreens in the United States and Canada. \$7.50.

PRACTICAL GARDEN BOOK. Contains the simplest directions for the growing of the commonest things about the house and garden. \$1.75.

THE PRUNING MANUAL (Bailey). Principles and practices of pruning and training as applied to American conditions. \$2.50.

THE ROSE IN AMERICA (McFarland). Latest revised edition of this handy, helpful book for the beginner as well as advanced amateurs. \$3.00.

GARDEN FURNITURE

WE HERE LIST SOME VERY DESIRABLE ARTICLES FOR THE HOUSE, VERANDA AND LAWN. THEY ARE ALL HAND MADE IN OUR OWN FACTORY AND OFFERED AT MOST REASONABLE PRICES.

We use heartwood Cypress exclusively, of which wood can be said, "Cypress is indeed the wood eternal." It lasts forever. Cypress does not shrink or swell like most woods, takes paint perfectly, and defies decay.

LAWN SEATS

Our Lawn Seats are very handsome in design, and our efforts directed to turning out seats that are thoroughly well-made and durable. No matter how small or how large the space—in the flower garden, on the veranda, on the lawn, or elsewhere—a lawn seat will be found useful. Plain in design, but neat and durable. Finished in white, the most desirable color.

PRICES OF LAWN SEATS

Seat made like cut; 4 feet long, 14 inches wide; **\$8.00 each; \$15.00 per pair.**

All material in this seat 2 inches thick and full width, one solid board. A good seat for a low price.

Seat made like cut; 5 feet long, 16 inches wide; **\$16.00 each; \$30.00 per pair.**

All material in this seat 3 inches thick and full width, one solid board. Makes an attractive lawn or porch seat.

Wagner Lawn Seat

PLANT BOXES

All our boxes are finished in Flemish green, which harmonizes well with all surroundings. In formal gardens it is sometimes desirable to have them painted white, and if wanted in white we charge 25 cents extra. Measurements of boxes are outside and inside dimensions.

Wagner Landscape Service

Makes Possible Immediate Effects

**\$2.00
PLAN
OFFER**

Even though you may desire to carry out only a small part of your general planting scheme each year it will repay you to work according to well defined and definitely drawn up plans. By so doing, and in no other way, you will secure the most harmonious and satisfactory results. The limitless selection of shrubs, trees, plants and hardy borders, evergreens and ornamental vines, annuals and perennials, produced at Wagner Park Nurseries makes it possible for our landscape service department to give each individual client the plants that will yield the largest measure of lasting satisfaction.

One reason for the rapidity with which Wagner plantings grow to luxuriant proportions is the fact that Wagner plants are vigorous and sturdy, and they come from Wagner Park Nurseries so carefully packed and so intelligently prepared for shipment that they are sure to arrive at their destination with their growing power unimpaired.

WAGNER LANDSCAPE SERVICE is for the purpose of planning layouts and supervising the planting of all private and public grounds, no matter how elaborate or simple they may be. Our experts are fully experienced in every kind of work, and they bring to your grounds a large measure of successful experience.

However, we realize that a great number of people who will wish to purchase from this catalogue will desire a certain amount of help in planning their grounds, yet will hesitate in employing the service of a landscape gardening organization.

And for the special benefit of these customers we have, for years, been offering for a fee of only \$2.00, a plan for your grounds—giving you a garden that will bloom from early spring till late in the fall.

You merely send us a layout of your grounds as they are today, showing walks, drives, buildings with dimensions, trees, or plantings (if any) and attach any other information that may be essential, such as slopes, photos, etc., and all measurements.

This sketch will then receive the personal attention of our

LANDSCAPE ARTIST

one of the most capable designers of home gardens in the country, a Landscape Artist who has been engaged in this work in our office for many years.

Our Artists know how to secure original ideas of design, and every feature will harmonize perfectly with the whole scheme, giving you a

delightful effect throughout the entire year. Everything is shown on a new layout which we furnish to guide you in your planting.

You receive a credit coupon good for \$2.00 (the amount you pay for this service) which will be credited against the purchase price on an order for plantings amounting to \$20.00 or more.

In reality we do not charge for the plans prepared by our Landscape Artist. We merely utilize the credit coupon idea to prevent being asked to give this service to those who may have no intention of using the plans or buying plants. Obviously, we could offer such a service only to our own customers. You'll be delighted if you try this service. The above is our Service No. 2 and applies to small grounds, as the ordinary city lot.

We Design and Plant Large Public and Private Grounds of All Kinds

See page 49 for Service No. 3 and 4 for information concerning large grounds.

Our professional landscape men go everywhere to plan and plant, large Home Grounds, Parks, Cemeteries, Universities, Schools, Factories, Sanitariums, Hotels and all other large institutions.

Wagner Landscape Service Makes Possible Immediate Effects

THE WAGNER PARK NURSERY COMPANY, SIDNEY, OHIO, U. S. A.

Wagner Landscape Service

It was to meet the requirements of a discriminating lover of the out-of-doors that the distinctive Wagner Landscape Service was called into being. This service begins where the services of the ordinary florist and nurseryman leave off, supplying scientific garden assistance in addition to the most vigorous of growing plants. It brings the experience of the Wagner Landscape Artists to your assistance, guiding you not only in the choice of the plants that will be best suited to your needs and most certain to thrive in your ground, but offering you also the benefit of specific advice as to the location, and the grouping of your flowers and shrubbery in such manner as to secure the most interrupted succession of blooming glory from springtime 'till frost.

Scope of Wagner Landscape Service

In the Wagner Landscape Service there are really four departments and each has its distinctive service. These in their order are as follows:

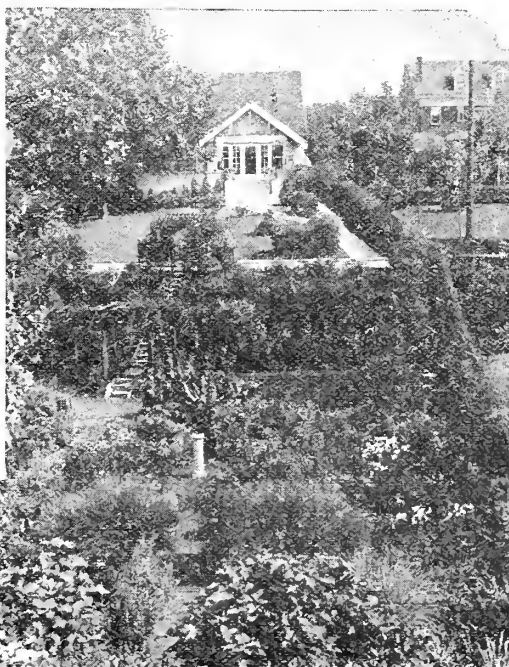

Service No. 1 For the lover of flowers, who in buying from Wagner Park Nurseries a small lot of plants for a foundation planting, a border bed, or a particular spot, wants some suggestions as to arrangement of plants ordered. To such a purchaser, we will send a plan free of charge. All we ask that you send us with your order a rough outline sketch with measurements of that portion of the grounds you want to plant.

Service No. 2 (Described on page 48) For those whose plot of ground is comparatively small, yet they want guidance in having a plan that will enable them to plant correctly and one that will give them real artistic effects. We are prepared to help this class of home owners by furnishing a planting sketch for the nominal charge of \$2.00. This amount will be credited on any subsequent orders, amounting to \$20.00 or more. See page 48 for details of this service.

Service No. 3 For the owners of large places who while wanting expert advice, yet feel that they do not care to go to the expense of having a representative of Wagner Landscape Service Department call upon them and make a personal survey, we prepare a comprehensive plan. For this plan, we charge \$5.00 (credit coupon given for the \$5.00) and on purchases of \$50.00, or over of stock, we will credit this amount. Plans from this department can be used as a basis for a planting to extend over several years, if all is not done the first season.

Service No. 4 This is a department we maintain for the planning and planting of Large Home Grounds, Estates, Parks, Factory Grounds, Schools, Universities, Hotel and Sanitarium Grounds, Subdivisions and Cemeteries. These plans are often prepared by mail, but when possible we suggest a personal survey by one of our landscape architects. Not only will the plans be more accurate and the work given personal attention but will be assured of a proper arrangement for the plantings and the general landscape. Further, to be assured that only those varieties will be used best suited to the needs and from which most artistic effects and results will be obtained. Our terms are most reasonable for such service and will be stated in our correspondence.

Write us, our service is complete and we assure you satisfaction.

WAGNER'S LAWN GRASS SEED

HOW TO MAKE A LAWN. All good gardeners now use seed for the making of a good lawn in preference to turf or sod. The preparation of the ground is an important feature and the best soil is a medium texture, neither heavy nor exceedingly light; the surface should be thoroughly pulverized and level. Remove all stones, sticks, sod, etc., harrow or rake it fine and roll it firm. It is impossible to get the soil too fine to receive the seed. Sow the best seed obtainable, it is always cheapest in the end. It is best to sow seed liberally, not only to produce a lawn quickly, but because the best lawn seed produces fine-leaved grasses, which should take entire possession of the ground at once, thus choking out and preventing the development of any weed seeds, which are apt to be in all soils. Distribute seed evenly, going both ways across the plot. After sowing, cover the seed by raking lightly; then roll the ground. When the grass has become well rooted, use lawn mower for cutting it, and keep mower sharp, as if dull it will pull and injure the grass, besides causing the lawn to have an uneven appearance. Never allow grass to become so high that the mower will take off the first joint, as this is an injury. Mow as often as necessary; in growing weather at least once a week, let the short clippings remain on the lawn, as they wither and dry and form a protection to the roots. When the clippings are long, they should be raked off, for besides being unsightly, they are injurious. When the weather is dry and hot, avoid cutting too close.

QUANTITY OF LAWN GRASS SEED USUALLY REQUIRED IN MAKING A NEW LAWN

10 x 25 feet requires.....	1 pound	40 x 60 feet requires.....	10 pounds
25 x 50 feet requires.....	5 pounds	50 x 100 feet requires.....	16 pounds
40 x 50 feet requires.....	8 pounds	50 x 150 feet requires.....	24 pounds

FOR RENEWING OLD LAWNS. Use about one-half the quantity given above.

"WAGNER PARK" GRASS SEED. A special mixture which we prepare ourselves from which the finest lawns can be produced. Prices: 60c per pound; 5 pounds for \$2.50; bushel (20 pounds) for \$9.00.

PREMIUM GRASS SEED. A mixture for general sowing, and an excellent lawn may be produced with it. Price: 50c per pound; 5 pounds \$2.25; bushel (16 pounds) \$6.50.

"SHADY LAWN" GRASS SEED. A fine mixture for shady places and where other grasses will not grow. 60c per pound; 5 pounds \$2.75; bushel (16 pounds) \$7.50.

KENTUCKY BLUE GRASS SEED. We offer fancy cleaned seed and purest obtainable. •65c per pound; 5 pounds \$3.00; bushel (14 pounds) \$7.50.

Prices of seed for Golf Grounds quoted on application.

THE WAGNER PARK NURSERY CO., Sidney, Ohio.

Gentlemen: On the other side of this sheet is a rough sketch of the grounds I wish to improve, with measurements, etc. I shall be pleased to receive a planting plan from you as per your landscape Service No. offered in Catalogue. I enclose \$..... for which amount you are to send me a credit coupon covering the amount and which is to be credited on an order for plants amounting to \$..... or more.

Name.....

Street..... Town..... State.....

Suggestions are always a help to us in preparing a plan that will meet the local conditions and individual tastes of every person, so kindly answer the following questions that are of particular interest.

Do you prefer natural effects?.....

Do you prefer formal effects?.....

Do you prefer we use our own judgement?.....

If any particular views to be screened or retained (show on sketch)

Do you want us to locate walks? (If so, show all entrances to buildings, grounds, etc.).....

Do you want a driveway? (If so, show where preferred and entrances).....

Do you want any tender flowers?.....

Do you want all hardy flowers?.....

Do you like a lot of shubbery?.....

Do you want a rose bed? (If any preferable location show on sketch).....

Do you want any hedges? (Show where preferred).....

Do you want a formal flower garden? (If so show any preferable location).....

Do you want an Arbor or Pergola? (Any particular place preferable).....

Do you want us to locate trees. (If any on grounds, show their location by measurements on sketch).....

Do you want any particular kind of trees? (Name any preferable varieties).....

Do you want any fruit trees? (Name any particular kind).....

Do you want any street or avenue trees? (If so, show size of space for same on sketch).....

Do you want any evergreens?.....

Do you want a vegetable garden? (If so, show preferable location).....

Have you any plants on grounds? (If so, show location on sketch and name varieties if possible).....

When do you contemplate planting, this season, or sometime later?.....

We receive many sketches during our greatest rush that are not used until the following season and if we were advised to the effect that we may prepare them later after our rush is over it would not only accommodate us but our landscape department could then give more time to each and every plan and yet have them completed when ready to use them.

What is the limit you wish to expend for flowers, shrubs, trees, etc.

This last question is a very important one, owing to many having quite large lawns, yet they do not desire to expend any great amount for flowers. If we knew about the amount you wish to expend for flowers, we will arrange the plantings accordingly and you will receive a plan that will be most practical for you grounds. These are not stock plans, but are carefully prepared plans for each particular place, that the very best and most artistic effects may be obtained.

REMARKS

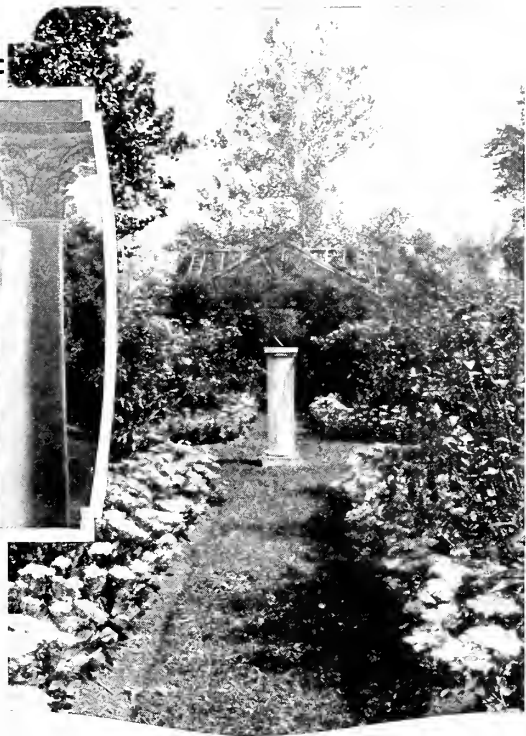

USE THIS SHEET IF POSSIBLE FOR MAKING YOUR SKETCH WHEN SENDING FOR PLAN

NOTE—The sketch you send us need not be drawn to a scale but must give all the dimensions or size of the grounds by way of measurements and of the buildings and various angles, also distance house or other buildings sets from street and lot lines, as well as direction house faces — North, East, South or West. Also show the exact location of the entrances to all buildings as well as any windows in foundation, etc. State height of foundation. Show also location of any walks, drives or trees that are permanent as well as shrubbery or plants not to be removed. Please show any unusual slopes or grades and all terraces of importance.

NOTE—Unless we have above information it will be impossible to prepare a practical plan with proper recommendations.

Do not Overlook Giving All Measurements of Grounds, Dimensions of Buildings, Angles, etc. For any other information regarding Landscape Service and Planting Plans, see rear pages of Catalogue.

PLEASE DO NOT OVERLOOK ANSWERING QUESTIONS ON OTHER SIDE OF THIS SHEET

WAGNER Landscape Service

TO increase the beauty of natural surroundings for **your** home — to help you find the fullest measure of pleasure in your garden and your grounds, to plan with you and work with you and enjoy with you the rewards of our common efforts — this is the spirit of Wagner Landscape Service. Our men are creative — they offer you ideas. The effects they get are distinctive.

WAGNER LANDSCAPE GARDENING SERVICE has been so perfectly organized and developed through its many years of successful operation that it is capable of handling the particular requirements of every size and type of garden, whether it be the small city lot, or the more pretentious country estate.

Each landscape problem presents its peculiar difficulties which may be pleasingly solved by utilizing the counsel and supervision of Wagner Landscape Gardeners.

Wagner Landscape Service analyzes your problems; it recognizes your limitations; it conforms to your desires and ideas. Wagner Service puts your own personal wishes into a tangible form — into a beautiful creation of flowery loveliness.

Wagner Landscape Plans will give to your grounds the same unity and harmony that the architect has embodied in your house.

It may be of interest to you that we shall be glad to advise regarding the planting of your entire grounds or any portion of it, such as around a porch or entrance.

*Let Wagner help make your
Grounds more beautiful*

WAGNER LANDSCAPE SERVICE offers to our clientele the service of expert landscape architects and gardeners. Its special interest is the working out of planning and planting problems such as confront home-owners — town and suburban — and the great, growing army of "country lifers." It's for the benefit of EVERYBODY. For the individual who has only a bit of a strip to plan and plant as well as for the owner of an extensive country estate with all its fascinating opportunities.

Wagner Landscape Service is for the purpose of planning layouts and supervising the planting of all private and public grounds, no matter how elaborate or simple they may be. Our experts are fully experienced in every kind of work, and they bring to your work a large measure of successful experience.

Whatever may be your particular landscape problem, Wagner insight will show you the solution; whatever the unique possibilities of your grounds, great or small, Wagner insight will discover them and so develop them as to realize for you the fullest measure of enjoyment.

Our facilities for designing and executing landscape work for schools, colleges, sanitariums, institutions, hospitals, factories, parks, cemeteries, etc., are unsurpassed. We solicit correspondence from all persons interested in this kind of work or responsible for its execution.

We ask an opportunity to lay our service ideas before you in definite and specific terms. No obligation involved.
